Three Seconds in Munich David A. F. Sweet,2019-09 One Two Three That s as long as it took to sear the souls of a dozen young American men thanks to the craziest most controversial finish in the history of the Olympics the 1972 gold medal basketball contest between the United States of America and the Union of Soviet Socialist Republics the world s two superpowers at the time The U S team whose unbeaten Olympic streak dated back to when Adolf Hitler reigned over the Berlin Games believed it had won the gold medal that September in Munich not once but twice But it was the third time the final seconds were played that counted What happened The head of international basketball flouting rules he himself had created trotted onto the court and demanded twice that time be put back on the clock A referee allowed an illegal substitution and an illegal free throw shooter for the Soviets while calling a slew of late fouls on the U S players The American players became the only Olympic athletes in the history of the games to refuse their medals Of course the 1972 Olympics are remembered primarily for a far graver matter when eleven Israeli team members were killed by Palestinian terrorists stunning the world and temporarily stopping the games One American player Tommy Burleson had a gun to his head as the hostages were marched past him before their deaths Through interviews with many of the American players and others the author relates the horror of terrorism the pain of losing the most controversial championship game in sports history to a hated rival and the consequences of the players decision to shun their Olympic medals to this day

Dixieball Thomas Aiello, 2024-01-12 In *Dixieball* Thomas Aiello considers the cultural function of professional basketball in the Deep South between 1947 and 1979 Making a strong case for the role of race in this process Aiello ties the South's initial animus toward basketball to the same complex that motivated the region to sacrifice its own economic interests to the cause of white supremacy Fans of basketball as compared to other team sports were closer to the players who showed more of their bodies blackness then had more visibility in basketball than it had in other sports By the time Lyndon Johnson signed the Voting Rights Act in 1965 African Americans made up 47.5 percent of professional basketball players and despite integrating later than baseball and football it was fast becoming known as a black sport Over time survival for southern teams grew more tenuous fan support more fickle and racial incidents between players and fans more hostile Racism clashed with civic development in a fast evolving region To identify the sources of this clash *Dixieball* locates the main points of intersection between professional basketball and the Deep South in the two decades prior to the region's first major franchise Aiello then takes readers to New Orleans where the first major Deep South professional basketball team the New Orleans Buccaneers was born and on to Atlanta Birmingham St Louis and others leading up to 1979 Scholars of sport and Southern history alike will find *Dixieball* a compelling contribution to the lively interdisciplinary discussions animating the *Sport and Popular Culture* series
