Puritans In The New World:

Puritans in the New World David D. Hall, 2021-06-08 Puritans in the New World tells the story of the powerful yet turbulent culture of the English people who embarked on an errand into the wilderness. It presents the Puritans in their own words, shedding light on the lives both of great dissenters such as Roger Williams and Anne Hutchinson and of the orthodox leaders who contended against them. Classics of Puritan expression like Mary Rowlandson's captivity narrative, Anne Bradstreet's poetry, and William Bradford's *Of Plymouth Plantation* appear alongside texts that are less well known but no less important: confessions of religious experience by lay people, the diabolical possession of a young woman, and the testimony of Native Americans who accept Christianity. Hall's chapter introductions provide a running history of Puritanism in seventeenth-century New England and alert readers to important scholarship. Above all, this is a collection of texts that vividly illuminates the experience of being a Puritan in the New World. The book will be welcomed by all those who are interested in early American literature, religion, and history.

Puritanism in America Larzer Ziff, 1973 *The Puritans in America* Alan Heimert, Andrew Delbanco, 2009-07-01 In a felicitous blend of documents and narrative, Heimert and Delbanco recapture the sweep and restless change of Puritan thought from its incipient Americanism through its dominance in New England society to its fragmentation in the face of dissent from within and without.

Puritan Family and Community in the English Atlantic World Margaret Manchester, 2019-05-31 *Puritan Family and Community in the English Atlantic World* examines the dynamics of marriage, family, and community life during the Great Migration through the microhistorical study of one Puritan family in 1638 Rhode Island. Through studying the Verin family, a group of English nonconformists who took part in the Great Migration, this book examines differing approaches within Puritanism towards critical issues of the age, including liberty of conscience, marriage, family, female agency, domestic violence, and the role of civil government in responding to these developments. Like other nonconformists who challenged the established Church of England, the Verins faced important personal dilemmas brought on by the dictates of their conscience even after emigrating. A violent marital dispute between Jane and her husband Joshua divided the Providence community and resulted for the first time in the English-speaking colonies in a woman's right to a liberty of conscience independent of her husband being upheld. Through biographical sketches of the founders of Providence and engaging with Puritan ministerial and prescriptive literature and female-authored petitions and pamphlets, this book illustrates how women saw their place in the world and considers the exercise of female agency in the early modern era. Connecting migration studies, family and community studies, religious studies, and political philosophy, *Puritan Family and Community in the English Atlantic World* will be of great interest to scholars of the English Atlantic World, American religious history, gender, and violence, the history of New England, and the history of family.
