The Occult Mentors of Maria de Nagłowska Robert North, **The Occult in National Socialism** Stephen E. Flowers, 2022-09-20 A critical history of the roots of Nazi occultism and its continuing influence. Explores the occult influences on various Nazi figures including Adolf Hitler, Albert Speer, Rudolf Hess, Alfred Rosenberg, and Heinrich Himmler. Examines the foundations of the movement laid in the 19th century and continuing in the early 20th century. Explains the rites and runology of National Socialism, the occult dimensions of Nazi science, and how many of the sensationalist descriptions of Nazi Satanic practices were initiated by Church propaganda after the war. In this comprehensive examination of Nazi occultism, Stephen E. Flowers, Ph.D., offers a critical history and analysis of the occult and esoteric streams of thought active in the Third Reich and the growth of occult Nazism at work in movements today. Sharing the culmination of five decades of research into primary and secondary sources, many in the original German, Flowers looks at the symbolic, occult, scientific, and magical traditions that became the foundations from which the Nazi movement would grow. He details the influences of Theosophy, Volkism, and the work of the Brothers Grimm, as well as the impact of scientific culture of the time. Looking at the early 20th century, he describes the impact of Guido von List, Lanz von Liebenfels, Rudolf von Sebottendorf, Friedrich Hielscher, and others. Examining the period after the Nazi Party was established in 1919 and more especially after it took power in 1933, Flowers explores the occult influences on key Nazi figures including Adolf Hitler, Albert Speer, Rudolf Hess, and Heinrich Himmler. He analyzes Hitler's usually missed references to magical techniques in *Mein Kampf*, revealing his adoption of occult methods for creating a large body of supporters and shaping the thoughts of the masses. Flowers also explains the rites and runology of National Socialism, the occult dimensions of Nazi science, and the blossoming of Nazi

Christianity Concluding with a look at the modern mythology of Nazi occultism Flowers critiques postwar Nazi related literature and unveils the presence of esoteric Nazi myths in modern occult and political circles **An Encyclopædia of Occultism** Lewis Spence,1920 **The Occult Sciences** Edward Smedley,William Cooke Taylor,Henry Thompson,Elihu Rich,1855 **Occult Japan** Percival Lowell,2023-12-18 In *Occult Japan* Percival Lowell delves into the spiritual and cultural dimensions of Japanese society through the lens of the esoteric and the extraordinary Combining personal observations with meticulous research Lowell explores themes ranging from Buddhism and Shinto rituals to the influence of folklore on everyday life His prose is rich and evocative drawing readers into a world where the mystical and the mundane coexist Published in 1896 the book reflects the Western fascination with Japan during the Meiji era a time when the country was transitioning into modernity while retaining deep rooted traditions Percival Lowell 1855 1916 an American astronomer and influential thinker was a prominent figure in the study of Japanese culture which he first encountered during his time in the East His keen interest in Buddhism and Japan s societal structures stemmed from his broader investigations into the implications of cultural exchange and the burgeoning global society of his time Lowell s extensive travels and observations contributed to a unique perspective that sought to bridge the gap between Eastern and Western philosophies *Occult Japan* is essential for readers interested in anthropology cultural studies as well as the history of Western perceptions of Japan Lowell s engaging narrative not only illuminates the complexities of Japanese spirituality but also invites readers to reflect on their understanding of the interplay between modernization and tradition In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals milestones in the author s life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read *The Occult Philosophy in the Elizabethan Age* Frances Amelia Yates,1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company *Occultism and Parapsychology.
