Pursued By Furies A Life Of Malcolm Lowry:

Pursued by Furies Gordon Bowker,1993-01-01 **The Kaleidoscopic Vision of Malcolm Lowry** Nigel H.

Foxcroft,2019-10-28 *The Kaleidoscopic Vision of Malcolm Lowry* Souls and Shamans is an interdisciplinary investigation of the multifaceted intuitive insight of international modernist writer Malcolm Lowry through an analysis of a selection of works and correspondence Nigel H Foxcroft analyzes his psychogeographic perception of the interconnectedness of East West cultures and civilizations in terms of pre Columbian Mesoamerican customs the Mexican Day of the Dead festival the Atlantis myth surrealism and Russian literary filmic and political influences He traces his intellectual efforts in pursuing philosophical and cosmic knowledge to bridge the gap between the natural sciences and the humanities This monograph identifies Lowry s attempts to reintegrate modernism with primitivism in his quest for an elixir of life for the survival of humanity on the brink of global catastrophe as indicated in *In Ballast to the White Sea* and *Under the Volcano* It also examines his sustained endeavors to attain psychoanalytical atonement with himself and his environment in *Ultramarine* *Swinging the Maelstrom* *The Forest Path to the Spring* and *October Ferry to Gabriola* It also discusses the odyssey on which Lowry and his literary protagonists embark to connect with the past and to gain a deeper insight into human nature in *Dark as the Grave Wherein My Friend is Laid* *La Mordida* and *Through the Panama* Scholars of cultural studies history humanities Latin American studies literature and Russian studies will find this book particularly useful *Swinging the Maelstrom* Malcolm

Lowry,2013-11-28 *Swinging the Maelstrom* is the story of a musician enduring existence in the Bellevue psychiatric hospital in New York Written during his happiest and most fruitful years this novella reveals the deep healing influence that the idyllic retreat at Dollarton had on Lowry This long overdue scholarly edition will allow scholars to engage in a genetic study of the text and reconstruct step by step the creative process that developed from a rather pessimistic and misanthropic vision of the world as a madhouse *The Last Address* 1936 via the apocalyptic metaphors of a world on the brink of Armageddon *The Last Address* 1939 to a world that in spite of all its troubles leaves room for self irony and humanistic concern *Swinging the Maelstrom* 1942 1944 This book is published in English *Malcolm Lowry's Poetics of Space* Richard J. Lane,Miguel Mota,2016-10-18 This collection focuses on Lowry s spatial dynamics from the psychogeography of the Letterist and the Situationist International through musical forms especially jazz cinema photography and spatial poetic writing to the spaces of exception bio politics and the creaturely It presents previously unpublished essays by both established and new international Lowry scholars as well as innovative ways of conceiving of his aesthetic practice In each of the book s three sections critics engage in the notion of Lowry as a multi media artist who influenced and was deeply influenced by a broad range of modernist and early postmodernist aesthetic practices Acutely aware of and engaged in the world of film sensitive to the role of the graphical surface in advertising and propaganda and deeply immersed in a vast range of literary traditions and the avant garde Lowry worked within an intertextual space that is also a mediascape one which tends to transgress or at

least exceed neatly controlled borders or aesthetic boundaries These new approaches to Lowry's life and work which make use of new and recent theoretical perspectives will encourage fresh debate around Lowry's writing Published in English

The Making of Malcolm Lowry's Under the Volcano Frederick Asals, 1997 Ten years in the making Under the Volcano is the best known work of writer Malcolm Lowry Published first in 1947 it is a brilliant moving and complex novel perhaps the last fictional masterpiece to emerge from the modernist movement As the years went by Lowry's obsessive rewriting took him further and further into his book which changed relatively little in the outer semblance of action and main characters but became utterly transformed in texture from the thin and mediocre version of 1940 to the rich tapestry of 1947 The numerous manuscripts allow a look at the processes by which Lowry created not only his masterwork but also his own reputation as a modernist genius This study offers an extended examination of individual drafts as the novel slowly developed and in a final chapter an appraisal of the implications of Lowry's revisions for the book as published an appraisal that suggests bases for new readings of Under the Volcano

Beautiful Shadow Andrew Wilson, 2008-12-07 The life of Patricia Highsmith was as secretive and unusual as that of many of the best known characters who people her peerlessly disturbing thrillers and short stories Yet even as her work has found new popularity in the last few years the life of this famously elusive writer has remained a mystery For Beautiful Shadow the first biography of Highsmith British journalist Andrew Wilson mined the vast archive of diaries notebooks and letters she left behind astonishing in their candor and detail He interviewed her closest friends and colleagues as well as some of her many lovers But Wilson also traces Highsmith's literary roots in the work of Poe noir and existentialism locating the influences that helped distinguish Highsmith's writing so startlingly from more ordinary thrillers The result is both a serious critical biography and one that reveals much about a brilliant and contradictory woman one who despite her acclaim and affairs always maintained her solitude

Maritime Poetics Caroline Wiedmer, 2021-04-16 In the past fifty years port cities around the world have experienced considerable changes to their morphologies and their identities The increasing intensification of global networks and logistics and the resulting pressure on human societies and earthly environments have been characteristic of the rise of a planetary age This volume engages with contemporary artistic practices and critical poetics that trace an alternate construction of the imaginaries and aspirations of our present societies at the crossroads of sea and land taking into account complex pasts and interconnected histories transnational flux as well as material and immaterial borders

Translocated Modernisms Emily Ballantyne, Marta Dvořák, Dean Irvine, 2016-10-04 Translocated Modernisms is a collection of ten chapters partitioned into sections and framed by an introduction by the editors and a coda by Kit Dobson which is interested in those who thronged to the vibrant streets cafés and salons of Montparnasse those who stayed such as Brion Gysin and Mavis Gallant those who returned home such as Morley Callaghan John Glassco David Silverberg and Sheila Watson and those who galvanized local cultural practices by appropriating and translating them from elsewhere While for some Paris becomes a permanent home for others it is simply a

temporary excursion which can last for months or for many years The collection opens up the Lost Generation to include multiple generations and broadens its ambit to encompass modernist writers placed under erasure by dominant narratives of Anglo American modernism Instead of limiting the category to a single group based on a collective identity this volume considers lost generations as a particular type of modernist identity attributable to multiple and disparate collectivities These lost generations include those excluded from canonical narrativizations of expatriate modernisms among which we spy the glimmer of other modernists living in the shadows of luminaries long recognized in the Anglo American tradition

Classical Hollywood, American Modernism Jordan Brower, 2024-01-18 Classical Hollywood American Modernism charts the entwined trajectories of the Hollywood studio system and literary modernism in the United States By examining the various ways Hollywood's industry practices inflected the imaginations of authors filmmakers and studios Jordan Brower offers a new understanding of twentieth century American and ultimately world media culture Synthesizing archival research with innovative theoretical approaches this book tells the story of the studio system's genesis international dominance decline and continued symbolic relevance during the American postwar era through the literature it influenced It examines the American film industry's business practices and social conditions demonstrating how concepts like anticipated adaptation corporate authorship systemic development and global distribution inflected the form of some of the greatest works of prose fiction and nonfiction by modernist writers such as Anita Loos F Scott Fitzgerald William Faulkner Patsy Ruth Miller Nathanael West Parker Tyler Malcolm Lowry and James Baldwin

The Way That Leads Among the Lost Angela Garcia, 2024-04-30 Based on over a decade of research a powerful moving work of narrative nonfiction that illuminates the little known world of the anexos of Mexico City the informal addiction treatment centers where mothers send their children to escape the violence of the drug war The Way That Leads Among the Lost reveals a hidden place where care and violence are impossible to separate the anexos of Mexico City The prizewinning anthropologist Angela Garcia takes us deep into the world of these small rooms informal treatment centers for alcoholism addiction and mental illness spread across Mexico City's tenements and reaching into the United States Run and inhabited by Mexico's most marginalized populations they are controversial for their illegality and their use of coercion Yet for many Mexican families desperate to keep their loved ones safe these rooms offer something of a refuge from what lies beyond them the intensifying violence surrounding the drug war This is the first book ever written on the anexos Garcia who spent a decade conducting anthropological fieldwork in Mexico City draws readers into their many dimensions casting light on the mothers and their children who are entangled in this hidden world Following the stories of its denizens she asks what these places are why they exist and what they reflect about Mexico and the wider world With extraordinary empathy and a sharp eye for detail Garcia attends to the lives that the anexos both sustain and erode wrestling with the question of why mothers turn to them as a site of refuge even as they reproduce violence Woven into these portraits is Garcia's own powerful story of family childhood homelessness and drugs a blend of

ethnography and memoir converging on a set of fundamental questions about the many forms and meanings that violence love care family and hope may take Infused with profound ethnographic richness and moral urgency *The Way That Leads Among the Lost* is a stunning work of narrative nonfiction a book that will leave a deep mark on readers
