Great Women of Faith Sue Stanton, 2003 *Holy Tears, Holy Blood* Richard D. E. Burton, 2004 In *Holy Tears Holy Blood* Richard D E Burton continues his investigation of Catholic France from Revolution to Liberation From his focus in *Blood in the City* on public demonstrations of the cultural power of Catholicism he now turns to more private rituals those codes of conduct that shaped the interior lives of French Catholic women and determined their artistic and social presentation Here there is rather less blood and considerably more weeping Burton says In portraits of eleven women including Simone Weil and Sainte Th r se he traces the lasting power of particular expressions of suffering and sacrifice How Burton asks does a rapidly modernizing society accommodate the cultural historical legacy of religious belief in particular the extreme conservative beliefs of ultramontane Catholicism Burton pays particular attention to the doctrine of vicarious suffering whereby an individual suffers for the redemption of others and to certain extreme forms of religious experience including stigmatization self starvation visions and apparitions

Leaving the Jewish Fold Todd Endelman, 2015-02-22 The definitive history of conversion and assimilation of Jews in Europe and America from the eighteenth century to the present Between the French Revolution and World War II hundreds of thousands of Jews left the Jewish fold by becoming Christians or in liberal states by intermarrying Telling the stories of both famous and obscure individuals *Leaving the Jewish Fold* explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today Arguing that religious conviction was rarely a motive for Jews who became Christians Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns especially the desire to escape the stigma of Jewishness and its social occupational and emotional burdens Through a detailed and colorful narrative Endelman considers the social settings national contexts and historical circumstances that encouraged Jews to abandon Judaism and factors that

worked to the opposite effect Demonstrating that anti Jewish prejudice weighed more heavily on the Jews of Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century he reexamines how Germany's political and social development deviated from other European states Endelman also reveals that liberal societies such as Great Britain and the United States which tolerated Jewish integration promoted radical assimilation and the dissolution of Jewish ties as often as hostile illiberal societies such as Germany and Poland Bringing together extensive research across several languages Leaving the Jewish Fold will be the essential work on conversion and assimilation in modern Jewish history for years to come

Jazz Age Catholicism Stephen Schloesser, 2005-01-01 Stephen Schloesser's Jazz Age Catholicism shows how a postwar generation of Catholics refashioned traditional notions of sacramentalism in modern language and imagery **Naming Race, Naming Racisms** Jonathan Judaken, 2013-09-13 Eschewing social scientific approaches which tend to examine race and racism in terms of quasi static ideal types this book surveys differing historical contexts from the era of scientific racism in the nineteenth century to the post racial racism of the post 9 11 period and from Europe to the United States in order to understand how racism has been articulated in differing situations It is distinguished by the attention it pays to the on going power of racial discourse in the contemporary period as a legitimating factor in oppression It exemplifies methodological openness combining the work of historians philosophers religious scholars and literary critics and includes differing theoretical models in pursuing a critical approach to race cultural studies trauma theory and psychoanalysis critical theory and consideration of the new racism and postcolonialism and the literature on globalization It brings together the work of leading academics with younger practitioners and is capped off by an interview with world renowned intellectual Cornel West on black intellectuals in America This book was previously published as a special issue of Patterns of Prejudice

Rodin and Camille Claudel Sonia and Robert Delaunay Vanessa Bell and Duncan Grant and Jasper Johns and Robert Ruaschenberg this book combines biography with evaluation of each partner's work in the context of the relationship

Jacques Maritain and the Moral Foundation of Democracy John DiJoseph, 1996 In this book John DiJoseph probes the philosophical presuppositions that undergird Jacques Maritain's political theory particularly his theory that democracy and Christianity are inexorably linked Maritain's theory of democracy is particularly relevant today with the ascendancy of what Maritain called bourgeois liberal democracy in the United States and Western Europe a type of democracy that Maritain thought would lead to the eventual demise of Western culture In opposition to the bourgeois liberal democracy Maritain posited a personalist democracy with a uniquely Christian soul DiJoseph traces the historical and philosophical development of Maritain's debt to Henri Bergson and Alexis De Tocqueville and Maritain's break with classical Christian and Catholic political thought The book will not only appeal to scholars of history and political science but also to those concerned with the current debate over the philosophical basis of democracy and the cultural decline of the West
