In *The 100 Absolutely Unbreakable Laws of Business Success* Brian Tracy draws on thirty years of experience and knowledge to present a set of principles or universal laws that lie behind the success of businesspeople everywhere in every kind of enterprise large and small. These are natural laws he says and they work everywhere and for everyone virtually without exception. Every year thousands of companies underperform or even fail and millions of individuals underachieve frustrated by thwarted ambition and dreams all because they either attempted to violate or did not know these universal laws. But ignorance of the law is no excuse. Tracy breaks the 100 laws down into nine major categories: Life Success, Business, Leadership, Money, Economics, Selling, Negotiating, and Time Management. Drawing on a lifetime of observation, investigation, and experience, Tracy not only identifies and defines each law, he also reveals its source and foundation, whether in science, nature, philosophy, experience, or common sense. He illustrates how it functions in the world using real-life anecdotes and examples and shows how to apply it to your life and work through specific questions, practical steps, and exercises that everyone can use, sometimes in just minutes, to begin the journey toward greater business success. Eloquent yet practically written, this should be required reading for every entrepreneur, manager, and leader.

Secrets of Question-Based Selling Thomas Freese, 2000-11-01

Question Based Selling (QBS) is a commonsense approach to sales based on the theory that what salespeople ask and how they ask is more important than anything they will ever say. This technique makes sense because in order to present solutions, you first must learn your customer's needs. How do you uncover a prospect's needs? By asking questions. But not just any questions. You must ask the right questions at the right time. And this book provides a step-by-step, easy-to-follow program that does just that. With this proven, hands-on guide, you will learn to: Penetrate more accounts; Establish greater credibility; Generate more return calls; Prevent and handle objections; Motivate different types of buyers; Develop more internal champions; Close more sales faster; And much, much more.
