Evans, Peter

Levenda, 2021-11-15 An arcane ritual reveals a code hidden within Thelema's most holy book Over a period of several years the former head of Kenneth Grant's Typhonian Order in the United States conducted a bizarre sexual ritual with elements of Thelema Lovecraft and the Egyptian mummification ceremony to unlock a mathematical code buried in plain sight in Aleister Crowley's Book of the Law Jeffrey Evans a follower of Aleister Crowley's Thelema since his teenage years had an encounter on a bridge in Washington DC with a being he identified as his holy guardian angel This being Karla provided him with the inspiration to begin a series of rituals incorporating Egyptian and Lovecraftian elements in an effort to traverse the Tunnels of Set pathways on the dark side of the Qabalistic Tree of Life The ritual conducted with his wife Ruth Keenan employed cross dressing and bondage as well as Cthulhian imagery and chanting and resulted in a series of revelations concerning the mathematical code hidden within the verses of Crowley's Book of the Law a circumstance that Crowley always suspected but was never able to prove not even with the help of accomplished mathematicians Evans tried in vain to demonstrate this code to other members of the Typhonian Order to no avail but a chance meeting online with Peter Levenda resulted in Levenda's taking a closer look at the data and what he discovered astounded him He agreed to help bring this discovery to the attention of the general public There has been very little new work published in the field of Thelema in the last 10 years or so at least since the death of Kenneth Grant Most publishing concerning Crowley has been biographical or reissues of Crowley's own material This work is a departure from all of that It is new material completely unexpected within the Crowley Thelema OTO environment for it offers a new approach to the mathematical nature of Thelema that so far has been based on Qabalah This work brings attention to the existence of a sacred geometry within the verses of the Book of the Law a completely unexpected discovery but nonetheless mathematically verifiable It bridges the gap between Thelema Freemasonry and Templarism as well as Gnosticism demonstrating a continuum of esoteric thought spanning millennia The Boiled Frog Syndrome Thomas Saunders, 2003-04-28 The Boiled Frog Syndrome presents compelling evidence to show that the source of the majority of the Western diseases of civilisation that have multiplied over the past 100 years ranging from cancers to debilitating sicknesses and allergies can be traced to the modern built environment our increasing exposure to electromagnetic radiation and the indiscriminate use of untested advanced technology It is also due in part to the 20th century's repudiation of perennial wisdom **Living in Harmony with the Cosmos** Pasquale De Marco, 2025-04-05 In a world where chaos and uncertainty often reign supreme Living in Harmony with the Cosmos emerges as a beacon of hope
