- ✖ Funerals - Burial

Secular Ritual

Jens Kreinath, Michael Strausberg

Secular Ritual:

Crafting Secular Ritual Jeltje Gordon-Lennox, 2016-11-21 Addressing the origins history and function of rituals this book looks at how we can create non religious rituals to mark important life stages and events The book offers readers the tools tempered and tested by the author to craft their own meaningful rituals for life events such as weddings births and deaths *Secular Ritual* ,1977

Emerging Ritual in Secular Societies Jeltje Gordon-Lennox, 2017-02-21 The importance of secular ritual is discussed in this newly emerging field that covers a wide area of study Shifting away from traditional concepts of ritual tied to religion the authors confront the benefits of ritualised practice for general health and wellbeing *Routledge Handbook of Jewish Ritual and Practice* Oliver Leaman, 2022-07-08 Ritual and practice are some of the most defining features of religion linked with its central beliefs Discussing the wide range of Jewish ritual and practice this volume provides a contemporary guide to this significant aspect of religious life and experience Drawing on a wide range of disciplines this volume describes not only what takes place but the reasons behind this and the implications both the theory and practice have for our understanding of Judaism Organized in terms of texts periods practices languages and relationships with the other the book includes accounts of prayer food history synagogues and the various legal and ideological debates that exist within Judaism with the focus on how they influence practice Coming at a time of renewed interest in the role of the body in religion this book aims to bring the theoretical and scriptural issues which arise in this area of Jewish life and culture up to date This volume is aimed at students and researchers working in Jewish studies specifically and religious studies in general Designed to be helpful to those on courses in relevant areas especially in the United States this book includes substantial bibliographical material

The Ideology of Ritual Frank H. Gorman, 1990-01-01 For the Priestly writers ritual was a fundamental form of theological reflection This study analyses the conceptual categories of space time and status in an effort to clarify the larger cultural and conceptual categories operative in the Priestly ritual system Drawing on interpretative models derived from cultural anthropology the author argues that Priestly creation theology forms a necessary context for understanding the Priestly rituals

Making the Fascist Self Mabel Berezin, 2018-10-18 In her examination of the culture of Italian fascism Mabel Berezin focuses on how Mussolini s regime consciously constructed a nonliberal public sphere to support its political aims Fascism stresses form over content she believes and the regime tried to build its political support through the careful construction and manipulation of public spectacles or rituals such as parades commemoration ceremonies and holiday festivities The fascists believed they could rely on the motivating power of spectacle and experiential symbols In contrast with the liberal democratic notion of separable public and private selves Italian fascism attempted to merge the public and private selves in political spectacles creating communities of feeling in public piazzas Such communities were only temporary Berezin explains and fascist identity was only formed to the extent that it could be articulated in a language of pre existing cultural identities In the Italian case those identities meant the popular culture of

Roman Catholicism and the cult of motherhood Berezin hypothesizes that at particular historical moments certain social groups which perceive the division of public and private self as untenable on cultural grounds will gain political ascendance Her hypothesis opens a new perspective on how fascism works **Theorizing Rituals** Jens Kreinath, Michael Strausberg, 2006 Volume two of *Theorizing Rituals* mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals *Animals in Ritual and Economy in a Roman Frontier Community* Maaïke Groot, 2008 Religion Opfer Ritus Ern hrung *Postsecular Poetics* Rebekah Cumpsty, 2022-08-11 This book is the first full length study of the postsecular in African literatures Religion secularism and the intricate negotiations between the two codified in recent criticism as postsecularism are fundamental conditions of globalized modernity These concerns have been addressed in social science disciplines but they have largely been neglected in postcolonial and literary studies To remedy this oversight this monograph draws together four areas of study it brings debates in religious and postsecular studies to bear on African literatures and postcolonial studies The focus of this interdisciplinary study is to understand how postsecular negotiations manifest in postcolonial African settings and how they are represented and registered in fiction Through this focus this book reveals how African and African diasporic authors radically disrupt the epistemological and ontological modalities of globalized literary production often characterized as secular and imagine alternatives which incorporate the sacred into a postsecular world *Ritual, Heritage and Identity* Christiane Brosius, Karin M. Polit, 2020-11-29 This book explores the importance of ritual and ritual theory to discourses of authenticity and originality thereby deepening our insight into concepts of cultural heritage identity and nation in a globalised world The volume is the first interdisciplinary attempt to understand the significance of rituals and related performative traditions in the creation of grounded cultural identities home and heritage as geographically experienceable locations It assembles perspectives from social and cultural anthropology performance studies education and arts that can deal with the politics of revitalisation and preservation of ritualised traditions While some chapters in this book emphasise on the ritualisation of cultural heritage by concentrating on power relations and politics as well as actual processes of identification especially for marginalised ethnic groups or migrant communities others explore how rituals as intangible heritage are strategically employed by different groups all over the world to make their claims public and to improve and negotiate their position on a local national or global platform This book recognises ritualised performances as transnational and cross cultural phenomena which are not only tied to and defined via national territories and identities but which also demand new theoretical and methodological approaches towards the discussion of rituals and heritage **The Ashgate Research Companion to Anthropology** Andrew J. Strathern, 2016-03-03 This companion provides an indispensable overview of contemporary and classical issues in social and

cultural anthropology Although anthropology has expanded greatly over time in terms of the diversity of topics in which its practitioners engage many of the broad themes and topics at the heart of anthropological thought remain perennially vital such as understanding order and change diversity and continuity and conflict and co operation in the reproduction of social life Bringing together leading scholars in the field the contributors to this volume provide us with thoughtful and fruitful ways of thinking about a number of contemporary and long standing arenas of work where both established and more recent researchers are engaged The companion begins by exploring classic topics such as Religion Rituals Language and Culture Violence and Gender This is followed by a focus on current developments within the discipline including Human Rights Globalization and Diasporas and Cosmopolitanism It provides an interesting and challenging look at the state of current thinking in anthropology serving as a rich resource for scholars and students alike **Media Rituals** Nick

Couldry,2005-07-08 Media Rituals rethinks our accepted concepts of ritual behaviour for a media saturated age It connects ritual directly with questions of power government and surveillance and explores the ritual space which the media construct and where their power is legitimated Drawing on sociological and anthropological approaches to the study of ritual Couldry applies the work of theorists such as Durkheim Bourdieu and Bloch to a number of important media arenas the public media event reality TV Webcam sites talk shows and docu soaps media pilgrimages the construction of celebrity In a final chapter he imagines a different world where the media s ritual power is less because the possibilities of participation in media production are more evenly shared **Crafting Meaningful Funeral Rituals** Jeltje Gordon-Lennox,2019-11-21 Funerals

are among the most important life events in Western society and fashioning a personalized ceremony for yourself or for a loved one is often the most meaningful way to celebrate the life of the deceased For those wanting non religious or secular funeral ceremonies this step by step guide begins by identifying what you want from the funeral and showing how you can make it happen With sections on society s views of mortality our need for rituals and crafting the actual ceremony this guide provides the tools and philosophy to understand plan and tailor a funeral for individuals Includes all the tools necessary for the creation of a ceremony such as a Ritual Profiles checklists and many other handy resources *The Anthropology of Sport* Niko Besnier,Susan Brownell,Thomas F. Carter,2018 Few activities bring together physicality emotions politics money

and morality as dramatically as sport In Brazil s stadiums or parks in China on Cuba s baseball diamonds or rugby fields in Fiji human beings test their physical limits invest emotional energy bet money perform witchcraft and ingest substances making sport a microcosm of what life is about The Anthropology of Sport explores not only what anthropological thinking tells us about sports but also what sports tell us about the ways in which the sporting body is shaped by and shapes the social cultural political and historical contexts in which we live Core themes discussed in this book include the body modernity nationalism the state citizenship transnationalism globalization and gender and sexuality Provided by publisher *Modern Religious Rituals* Tala Sunshadow,AI,2025-02-20 Modern Religious Rituals explores how traditional religious practices are

evolving in today's society. Rather than fading away, many rituals are being reshaped to align with modern values and lifestyles. The book examines diverse contemporary settings to understand how individuals and communities adapt religious rituals, offering insights into the dynamic nature of religion. For example, technology's impact on prayer and worship highlights the innovative approaches religious communities are adopting. The book progresses by first introducing core concepts of ritual theory and then delving into case studies of ritual adaptation across various religious traditions. It addresses the transformation of rituals, the emergence of new practices, and the role of globalization in shaping religious expression. This exploration reveals that religious rituals are not relics of the past but adaptable elements of contemporary life. This adaptability allows communities to stay relevant, fostering meaningful experiences for their members. Highlighting the interdisciplinary nature of the topic, the book draws from sociology, anthropology, and communication studies to provide a comprehensive understanding of ritual adaptation. The book uses ethnographic studies, surveys, and textual analysis to provide a broad overview of ritual transformation. This offers a nuanced perspective on the challenges and opportunities facing religious communities, making it valuable for students, religious leaders, and anyone interested in the evolving nature of religion.

Shichigosan Melinda Papp, 2016-06-07. This book presents a case study of *shichigosan*, an extremely popular childhood family ritual in contemporary Japan. It is an interesting example of a custom with very ancient roots going back to the tenth century that has undergone several transformations during the course of its history, adapting to changing socio-economic and cultural circumstances. Within the study, the ritual unfolds as a shared platform where basic social values, views on children and family life, and individual perceptions emerge, are expressed, and moulded at the same time. This book offers a multidisciplinary approach to the study of a ritual practice in the intensely urbanized context of present-day Japan.

Rituals In Families And Family Therapy 1e Janine Roberts, 1988. Daily rituals, holiday traditions, and rites of passage mark our time, create unforgettable memories, and define us as individuals, family members, and community participants. *Rituals in Families and Family Therapy*, Revised Edition, builds on the rich case material of the first edition and develops the editors' powerful therapeutic approach that identifies normative family rituals as the basis for effective therapeutic rituals.

The Oxford Handbook of Dance and Theater Nadine George-Graves, 2015-07-13. The *Oxford Handbook of Dance and Theater* collects a critical mass of border-crossing scholarship on the intersections of dance and theatre. Taking corporeality as an idea that unites the work of dance and theater scholars and artists, and embodiment as a negotiation of power dynamics with important stakes, these essays focus on the politics and poetics of the moving body in performance, both on and off stage. Contemporary stage performances have sparked global interest in new experiments between dance and theater, and this volume situates this interest in its historical context by extensively investigating other such moments from pagan mimes of late antiquity to early modern archives to Bolshevik Russia to post-Sandinista Nicaragua to Chinese opera on the international stage to contemporary flash mobs and television dance contests. Ideologically, the essays investigate critical race

theory affect theory cognitive science historiography dance dramaturgy spatiality gender somatics ritual and biopolitics among other modes of inquiry In terms of aesthetics they examine many genres such as musical theater contemporary dance improvisation experimental theater television African total theater modern dance new Indian dance theater aesthetics philanthroproductions Butoh carnival equestrian performance tanztheater Korean Talchum Nazi Movement Choirs Lindy Hop Bomba Caroline Masques political demonstrations and Hip Hop The volume includes innovative essays from both young and seasoned scholars and scholar practitioners who are working at the cutting edges of their fields The handbook brings together essays that offer new insight into well studied areas challenge current knowledge attend to neglected practices or moments in time and that identify emergent themes The overall result is a better understanding of the roles of dance and theater in the performative production of meaning

Behaviour Behind Bones Sharyn Jones O'Day, Wim Van Neer, Anton Ervynck, 2003-12-01 This book is the first in a series of volumes which form the published proceedings of the 9th meeting of the International Council of Archaeozoology ICAZ held in Durham in 2002 The 35 papers present a series of case studies from around the world They stretch beyond the standard zooarchaeological topics of economy and ecology and consider how zooarchaeological research can contribute to our understanding of human behaviour and social systems The volume is divided into two parts Part 1 Beyond Calories focuses on the zooarchaeology of ritual and religion Contributors discuss ways to approach questions of ritual and religion through the faunal record and consider how material culture depicting and or associated with animals can provides clues about ideology religious practices and the role of animals within spiritual systems Part 2 Equations for Inequality looks at questions of identity status and other forms of social differentiation in former human societies Contributors discuss how differences in food consumption nutrition and food procurement strategies can be related to various forms of social differentiation among individuals and groups

Ritual and Symbol in Peacebuilding Lisa Schirch, 2005 Serves as a guide to using ritual acts in peacebuilding efforts Abundant with examples of symbolic acts that aided the peace process Conflict is dramatic In theater literature story telling and news reporting it is a powerful mechanism that draws attention heightens the senses and evokes emotion Schirch argues that peacebuilding has the potential to do just the same Examples of peacebuilding often center on the serious rational negotiations and formal problem solving efforts in conflict situations Schirch argues though that what truly bonds adversaries and helps achieve peace are the symbolic non verbal ritual acts shaking hands sharing a meal showing a photograph of a loved one Yet these are often overlooked as deliberate components of peace negotiations Ritual and Symbol in Peacebuilding underscores the importance of incorporating symbolic tools including ritual into traditional approaches to conflict Ritual assists in solving complex deep rooted conflicts and helps to confirm and transform worldviews identities and relationships With theories and language to explain the symbolic dimensions of conflict this text will be useful to scholars and practitioners active in the diverse field of peacebuilding
