Arab-Iranian Rivalry in the Persian Gulf Farzad Sharifi-Yazdi, 2015-06-29 Iranian ambitions in the Persian Gulf and rivalries with Arab neighbours are subject to

intense and heated speculation controversy and debate Here Farzad Cyrus Sharifi scrutinises the rival Arab Iranian claims to Bahrain the Shatt al Arab waterway and the Abu Musa and Tunbs islands in the years after World War II and before the Iranian revolution Through investigation of previously unexamined primary materials and interviews with leading players this book sheds new light on the evolution and dynamics of hegemonic and nationalistic Arab Iranian rivalries and how these rivalries began to find symbolic expression through territorial disputes Sharifi illustrates that these ongoing disputes and the deep seated tensions still prevalent in Arab Iranian relations are largely rooted in how they were constructed in the post World War II period making this book vital reading for researchers of the politics history international relations and diplomacy of the Middle East

Great Powers and Geopolitics Aharon Klieman, 2015-04-02 This book presents the theoretical historical comparative political framework needed to fully grasp the truly dynamic nature of 21st century global affairs The author provides a realistic assessment of the shift from U S predominance to a new mix of counterbalancing rival middle tier and assertive regional powers while highlighting those geopolitical zones of contention most critical for future international stability The book will appeal to scholars and policy makers interested in understanding the contours of the emerging world order and in identifying its principal shapers and leading political actors

The International Politics of the Persian Gulf Mehran Kamrava, 2011-06-29 For much of the contemporary history of the Middle East the Persian Gulf has stood at the center of the region s strategic significance At the same time the Gulf has been wracked by political instability and tension As far back as the late nineteenth and early twentieth centuries Britain zeroed in on the Persian Gulf as a critical passageway to its crown jewel India and entered into protectorate agreements with local ruling families thus bestowing on them international legitimacy and eventually the resources and support necessary to ascend to kingships Today the region is undergoing profound changes that range from rapid economic and infrastructural development to tumultuous social and cultural transformations Far from eroding the area s political significance these changes have only accentuated rivalries and tensions and have brought to the forefront new challenges to international security and stability Together the essays in this volume present a comprehensive detailed and accessible account of the international politics of the region Focusing on the key factors that give the Persian Gulf its strategic significance contributors look at the influence of vast deposits of oil and natural gas on international politics the impact of the competing centers of power of Iran and Saudi Arabia the nature of relationships among countries within the Persian Gulf and the evolving interaction between Islam and politics Throughout the collection issues of internal and international security are shown to be central Drawing on the comprehensive knowledge and experience of experts in the region *The International Politics of the Persian Gulf* shines a bright light on this area offering insights and thoughtful analyses on the critical importance of this troubled region to global politics

The Emergence of the Gulf States John Peterson, 2016-06-16 CHOICE Outstanding Academic Title 2017 *The Emergence of the Gulf States* covers the history of the Gulf from the 18th century to the late 20th century Employing a broad perspective the

volume brings together experts in the field to consider the region's political, economic and social development. The contributions address key themes including the impact of early history, religious movements, social structures, identity and language imperialism, 20th century economic transformation and relations with the wider Indian Ocean and Arab world. The work as a whole provides a new interpretive approach based on new research coupled with extensive reviews of the relevant literature. It offers a valuable contribution to the knowledge of the area and sets a new standard for the future scholarship and understanding of this vital region.

Iraq Heather Bleaney, Roper, Peter Sluglett, 2004-06-01. Well considered answers to the many questions raised by the situation in Iraq past and present are rare. This first comprehensive thematically organised bibliography devoted to Iraq is based on the full Index Islamicus database and is drawn from a wide variety of European language journals and books. Featuring an extensive introduction to the subject and its literature by Peter Sluglett, this bibliography will help readers to find their way through the massive secondary literature now available. Following the pattern established by the Index Islamicus, both journal articles and book publications are included as well as important internet resources. The editors have taken care to add much new material to bring its coverage up to date and supplement the previously published volumes while the most important and/or influential publications are conveniently highlighted in the introduction. An indispensable gateway for all those with a more than superficial interest in what is and what has been happening in this nation so much the focus of attention today.

Arms Control and Missile Proliferation in the Middle East Bernd Kubbig, Sven-Eric Fikenscher, 2012-03-29. This edited volume provides a systematic analysis of the missile threat and proliferation issue in the Middle East region. The question of how to increase the level of security in the Middle East is not a new one given the conflict-ridden nature of the region. The solution attempted for this predicament has typically revolved around intense arms build-ups, a strategy which can prove self-defeating due to the subsequent countermeasures employed by neighbouring states. *Arms Control and Missile Proliferation in the Middle East* focuses on the strategic proliferation of arms with a specific emphasis on missiles. This unique emphasis enables the contributors to provide a dynamic new perspective on conceptual and political disarmament efforts, thereby distinguishing this volume from many other related works on the region which deal mainly with weapons of mass destruction. The book also explores the possibility of a reduction in weapon arsenals, examining a more promising cooperative security concept which includes confidence and security building measures (CSBMs). This book will be of much interest to students of arms control, Middle Eastern politics, Gulf Security, war and conflict studies, security studies and IR.

Gulf Oil and Gas The Emirates Center for Strategic Studies and Research, 2007-08-13. In recent years, geopolitical disruptions, tightening oil supply, refining constraints and rising demand have combined to maintain high oil prices, allowing Arabian Gulf oil producers to capitalize on the resulting revenue windfall. However, formidable challenges still loom ahead. What long-term production strategy should the Gulf OPEC members adopt? Can Gulf oil producers allay the supply security concerns of major consumer nations? How will limitations in crude

quality and constraints in refining capacity impact on global energy markets How can OPEC maintain reasonable oil prices in the face of exhaustible oil supplies and inexhaustible global demand How will growing non OPEC production affect OPEC's predominant market position in the future The ECSSR 11th Annual Energy Conference Gulf Oil and Gas Ensuring Economic Security held from September 25-27 2005 in Abu Dhabi assembled international experts to discuss crucial energy developments and outline strategies for the Arabian Gulf states to strengthen their future economic security The conference presentations in this book focus on vital energy issues the globalization of the gas trade trends in crude quality cooperation between consumers and producers links between national and foreign oil companies future demand for Gulf energy prospects for augmented Gulf production sustainability of Saudi Arabia's excess capacity concerns over oilfield security imperatives for attracting investment and the need for additional oil refining capacity Conference deliberations indicated that for the Arabian Gulf producers ensuring economic security means going beyond petroleum resource management to formulate policies leading to diversified national development and greater economic cohesion while safeguarding the region's strategic position in an integrated world economy

The Iran-Iraq War Rob Johnson, 2010-11-24 The Iran Iraq War was personified by the determination and ambition of the key leaders Saddam Hussein and Ayatollah Khomeini and characterised by mass casualties the repression of the civilian populations and chemical warfare Fought with lucrative oil money it left the belligerents with crippling debts In this important reappraisal Rob Johnson explores the major issues surrounding the war offers a fresh analysis of the military aspects and assesses the far reaching consequences for the wider world It is essential reading for anyone who wishes to understand the ensuing conflicts in the region including the invasion of Iraq in 2003

A History of Slavery and Emancipation in Iran, 1800-1929 Behnaz A. Mirzai, 2017-05-16 The first history of slavery in this key Middle Eastern country and how it shaped the nation's unique character Slavery in the Middle East is a growing field of study but the history of slavery in a key country Iran has never before been written This history extends to Africa in the west and India in the east to Russia and Turkmenistan in the north and to the Arab states in the south As the slave trade between Iran and these regions shifted over time it transformed the nation and helped forge its unique culture and identity Thus a history of Iranian slavery is crucial to understanding the character of the modern nation Drawing on extensive archival research in Iran Tanzania England and France as well as fieldwork and interviews in Iran Behnaz A Mirzai offers the first history of slavery in modern Iran from the early nineteenth century to emancipation in the mid twentieth century She investigates how foreign military incursion frontier insecurity political instability and economic crisis altered the patterns of enslavement as well as the ethnicity of the slaves themselves Mirzai's interdisciplinary analysis illuminates the complex issues surrounding the history of the slave trade and the process of emancipation in Iran while also giving voice to social groups that have never been studied enslaved Africans and Iranians Her research builds a clear case that the trade in slaves was inexorably linked to the authority of the state During periods of greater decentralization slave trading increased while

periods of greater governmental autonomy saw more freedom and peace This is a major contribution to the study of enslavement in Iran which will doubtlessly become a must read for any future studies of Middle Eastern and Islamic enslavement and abolition as well as for any work on Iranian history in general Ehud R Toledano Tel Aviv University author of *As If Silent and Absent Bonds of Enslavement in the Islamic Middle East* While this book will be revelatory to scholars of Iran it also promises to engage with theoretical trends in the study of slavery elsewhere It frames many research questions broadly to engage with scholars of slavery in other Muslim lands as well as slavery elsewhere Kamran Scot Aghaie University of Texas at Austin coeditor of *Rethinking Iranian Nationalism and Modernity*

The Iran-UAE Gulf Islands Dispute

Charles L.O. Buder, Luciana T. Ricart, 2018-05-15 In *The Iran UAE Gulf Islands Dispute* Charles Buder and Luciana Ricart take the reader on a journey through centuries of Gulf history and evolving principles of international law on territorial disputes to reach conclusions over the rightful sovereign of three Gulf islands Abu Musa and the Tunbs claimed by both Iran and the United Arab Emirates Drawing on a wide range of scholarly works and archival documents from sources as diverse as the Dutch East India Company the Ottoman Empire and the British Government Buder and Ricart analyze historical events from antiquity up to modern times Ultimately the authors reach conclusions on the ownership of the islands under international law which challenge the positions of both parties

Iran, Iraq, and the Legacies of War L. Potter, G. Sick, 2004-11-12 Iraq and Iran are the

two most important states in the Gulf region given their population size military strength and the potential threat they pose to other states in the region This book enhances our understanding of the troubled relationship between Iran and Iraq placing it in historical context examining the rapid deterioration leading to the eight year war that started in 1980 and the effects of that trauma and exploring the ongoing issues that currently bedevil bilateral relations The authors cover such central issues as how each side has sought to use opposition groups in the other state to weaken it ethnic divisions the role of outside states especially the United States and a fascinating account of how the war affected a generation of Iraqis and Iranians The role of the U S in the region and how U S policy has affected the two states are also considered This book provides a basis for understanding the background of a tumultuous relationship that is entering a new era

Turkey Kenan Aksu, 2014-07-18 Turkey a bridge between the East and the West has emerged as a true regional power and a significant global player since the end of the Cold War Especially after the 2000s Turkey has become a success story in every aspect of the social political and economic spectrums As a result of the pace of the developments academic studies fall behind Turkey in analysing and evaluating the changes it has encountered Literature focusing on Turkey continuously needs rapid updating to fulfill the a
