## **Security In The Gulf:**

The Dilemma of Security and Defense in the Gulf Region Khalid Al-Jaber, Dania Thafer, 2019-11-30 For a variety of contributing factors the defense and security status of the Gulf region is facing a dilemma between the maintenance of regional security and the preservation of domestic security interests This dilemma stems from the perceived decline of U S influence and lingering consequences of the Arab Spring movements Divisions and armed conflicts both within the Gulf itself and the surrounding region are a result of this changing political order and the ascension of many of the Gulf states on the international scene These evolving dynamics will set in motion various defense and security consequences for the Gulf and the greater Middle East which are addressed in this edited volume With contributions from practitioners as well as academics this book will be a vital resource for both researchers and policymakers **Gulf Security in the Twenty-First**

**Arabian Gulf Security** The Emirates Center for Strategic Studies and Research, 2008-09-09 In recent years the Gulf region has witnessed a number of major regional international developments the most prominent of which being the war in Iraq and the crisis surrounding the Iranian nuclear program These developments have contributed to regional instability and have undermined efforts to achieve a balance of power in the Gulf region Furthermore during this period local apprehensions pertaining to the national security of the Gulf Arab countries have emerged These comprise the demographic imbalance stemming from the vast migrant labor force in the GCC states and concerns regarding the inherent threats of the rapid development being witnessed by the region owing to its increased openness to the global economy Internal and external

threats necessitate concerted efforts to reinforce regional Gulf security via the establishment of a regional security system involving all the countries of the region as well as the cooperation and contribution of other states and international organizations In formulating their new approach to security the GCC states must reinforce their ability to deter intervention in their affairs by large regional neighbors and extra regional actors The common crises and challenges threatening the security of the Gulf countries should be a catalyst for the formulation of a unified Gulf strategy which necessitates a greater role for the GCC in achieving regional stability and fortifying the national security of its states This book which consists of papers presented at the ECSSR s 12th Annual Conference of 5 7 March 2007 discusses both security threats and opportunities concerning the Gulf countries with special reference to the foreign military presence in the region and the instability stemming from Iraq and Iran It also investigates the need to establish a coherent and permanent defense system in the region Moreover it addresses internal security challenges facing the Gulf countries which have cross border repercussions such as organized crime and the demographic imbalance resulting from the flow of migrant labor to the region The book also discusses the challenges inherent to the processes of development international integration and increased openness to the global economy *Security in the Gulf: Historical Legacies and Future Prospects* Matteo

neighbours Iraq's military threat US Middle East policy and Europe's inability to pursue a united policy to safeguard its economic interests in the area The topical issues of religious radicalism and the challenges of democratic pluralism are explored with a view to assessing the impact of political Islam on regional security **Gulf Security and the U.S. Military** Geoffrey F. Gresh, 2015-06-10 The U S military maintains a significant presence across the Arabian Peninsula but it must now confront a new and emerging dynamic as most Gulf Cooperation Council countries have begun to diversify their political economic and security partnerships with countries other than the United States with many turning to ascending powers such as China Russia and India For Gulf Arab monarchies the choice of security partner is made more complicated by increased domestic and regional instability stemming in part from Iraq Syria and a menacing Iran factors that threaten to alter totally the Middle East security dynamic Understanding the dynamics of base politicization in a Gulf host nation or any other is therefore vitally important for the U S today Gulf National Security and the U S Military examines both Gulf Arab national security and U S military basing relations with Gulf Arab monarchy hosts from the Second World War to the present day Three in depth country cases Saudi Arabia Bahrain and Oman help explain the important questions posed by the author regarding when and why a host nation either terminated a U S military basing presence or granted U S military basing access The analysis of the cases offers a fresh perspective on how the United States has adapted to sometimes rapidly shifting Middle East security dynamics and factors that influence a host nation's preference for eviction or renegotiation based on its perception of internal versus external threats **Security in the Persian Gulf** G.
