and members alike to unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities, and witchcraft. These organizations attract people that are looking for something that only Christ Jesus can provide. However, the organizations appear as a light by their community service and networking abilities. This light, however, is a false light. Once one gets into the inner workings of the organizations, the sin and soul-inflicting antics are found deeply rooted in darkness. The authors, being former members that participated in ungodly activities within these organizations, expose the physical, mental, sexual, and spiritual death-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse, ancient ungodly spiritual practices, witchcraft, and required chants which denounce the existence of the One True God are given in detail in this book. Ungodly spirits of old have found new vessels to operate in through these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices but it shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

THE MULTIPLE SPIRITS AND THE MANY FACES OF THE JEZEBELIC ASSASSINATOR Apostle Dr. Bridget Outlaw, 2019-10

DESTINY MINISTRIES INTERNATIONAL SCHOOL OF THE PROPHETS

Destiny Ministries International School of the Prophets is a School of the Prophets and School of Intercession and School of the Seers Training Academy that has been in existence for over 25 years. Destiny Ministries International School of the Prophets has trained thousands of Prophets to learn battleground precision in battle and how to discern demonic spirits that try to assassinate the Kingdom of God. The Destiny Ministries Training Academy this year in 2019 received a Prophetic name change to its current name, Destiny Ministries International School of the Prophets. The definition of the word Destiny means The hidden power believed to control a person's fate or destiny. The Multiple Spirits and the many faces of The Jezebelic Spirit is a Captivating Prophetic Manual about the study of Jezebel and how this Diabolical Spirit has plagued our Churches and Communities and the Kingdom of God. God has given Apostle Dr. Bridget C. Outlaw, The Founder and Pedagogical Instructor, a revelation concerning what the Body of Christ is up against. It is crucial in this hour that Prophetic Ministries in the Kingdom of God become Kingdom Strategists who understand the demonic spirits and forces that are on assignment to destroy the Kingdom. The Bible declares in Ephesians 6:12, "For we wrestle not against

Flesh and Blood but against Principalities and Spiritual Wickedness in high places Experiential Christianity Ray Morose, 2011 Experiential Christianity The main objective of this book is to illuminate the experiential arm of Christianity and by doing so redefine its devotional arm The devotional arm may guide but it takes the experiential arm to confirm By its nature experiential Christianity can bypass religious borders as it is not a dogma theology or a belief but a state of experiential being Hence can connect with and be beneficial to everyone regardless of his or her religious affiliation In this reevaluation of Christianity its living essence is revealed That exposure reveals an experiential pathway that unveils a practical foundation for a moral compass to steer one through the various hazards of daily living By learning to avoid those hazards your one and only purpose in life is revealed which is to discover the experiential reality of the statement made by Jesus that God is within you Everything else is secondary Meaning that experience is primary as it is used to define how one lives acts and thinks Based upon that experience a moral foundation naturally arises providing a cornerstone for ethical stances that cannot be manipulated or twisted by the many and varied seductive playthings engendered by self interest The depth of understanding released by the actual experiential discovery that God is within you changes your life forever you are truly reborn However that experience is not achievable by belief alone You must be willing to experientially delve into the core of your existence to discover the reality of that statement by Jesus Meaning you must experience it and not just believe it For that journey you will require intellectual knowledge of how all the internal components of your existence function and interrelate Without that knowledge you would easily become bewildered and distressed by the confusing quantity of ambiguous information that can block your pathway and in despair claim that experience is impossible Hence this book outlines all the tools you need to survive that internal journey and provides a map to begin your search Using both the tools and map is a personal decision that another cannot make for you You either do or do not There is no in between Does a non material entity referred to as God exist Yes Is it possible to logically confirm that assertion Yes Is a personal connection to that entity possible Absolutely That personal connection is not hiding You are hiding from it This book provides all the necessary information to realize that connection When that realization is a living reality it transforms belief into actuality establishing the cornerstone of an indestructible faith that underpins every thought and action in your life That experience adds experiential authenticity to your life confirming your eternal career has begun and that beginning has no end **God, Morality, and Beauty** Randall B. Bush, 2019-07-01 Randall B Bush analyzes the ways unacknowledged axiological assumptions e g about what is important why human beings are valuing creatures and where the capacity to value comes from prejudice the perspectives and approaches of various academic disciplines especially in the social sciences and the humanities The disciplines of ethics and aesthetics provide the most useful tools for a philosophy of value but academic overspecialization has compartmentalized and segregated these disciplines from others threatening to unravel the unity of conceptions of the moral and the beautiful in human existence Bush argues that a dialectical approach to conflicts between

ethics and aesthetics can point to a broader axiological vision informed by a Trinitarian conception of reality in which the whole a coherent theory of value is more than the sum of its parts
