## See Through Submarines And Ships:

**The New York Times Current History** ,1917      **Submarine Commander** Paul R. Schratz,1988-01-01 The author shares his war experiences his role in the Japanese surrender and his participation in the setting of a world s record for longest submerged voyage      **Current History** ,1917      **All Hands** ,1959      **Soviet Military Review** ,1977      *The British Navy in War* Leonard George Carr Laughton,1915      Scattered Far and Wide Justin Laborde,2025-09-02 Scattered Far and Wide follows the U S Naval Academy Class of 1938 as they rise from junior officers to combat leaders in World War II s most pivotal battles Through firsthand accounts and deep research Justin Laborde brings their stories of courage sacrifice and survival vividly to life Scattered Far and Wide tells the war stories of U S Naval Academy midshipmen from the Class of 1938 Commissioned on the eve of World War II they faced the trials of combat as new officers from the early days of American involvement and as ships captains pilots in leadership positions and submariners in charge by VJ Day Tested as young leaders they bore the new burden of command while at the fore of the Pacific War s largest and most pivotal campaigns They felt the wind and spray in their faces and the percussion of ships guns and depth charges at the pivotal moment in their lives and careers making their experiences unusually compelling heartbreaking and most assuredly instructive From Pearl Harbor through the end of the war these men fought and struggled for survival as part of the U S Navy s Asiatic Fleet In the early months of the conflict they tried to stem the onslaught of the Imperial Japanese Navy Some were captured and sent to brutal prisoner of war camps Others took to the air from aircraft carriers as members of torpedo bomber and fighter squadrons during the Battles of the Coral Sea and Midway Later in the war a number served aboard submarines experiencing some of the most legendary patrols in the history of the Silent Service Author Justin Laborde s grandfather Alden Laborde was a member of the Class of 1938 Upon his death Justin obtained a 1938 edition of The Lucky Bag the Naval Academy s yearbook Reading the memoirs of Alden s classmates Justin realized he was well placed to tell the fascinating and unreported story of this class s experiences in World War II He spent five years gathering primary materials and researching the histories and wartime tales The young men who graduated from the Naval Academy in 1938 left Annapolis on the eve of war and faced its perils around the world In the process these junior officers earned medals and fame left legacies of heroism and loss and sparked tales of renown and bravery that reverberate today      **Flying** ,1921      **Japanese Submarines in World War Two** Terry C Treadwell,2022-06-30 The Imperial Japanese Navy developed the submarine faster than any other country in the world But as a result of rivalries between the two military hierarchies the Army and the Navy they never utilized the submarine to its full extent Nevertheless during the Second World War Japan deployed a number of unique submarines These included the Type B1 which carried a Yokosuka E14Y1 reconnaissance seaplane in a watertight capsule attached to the deck of the submarine One of these aircraft carried out two bomb attacks on a forest in Oregon by dropping six incendiary bombs taking the war to the American mainland The use of aircraft from submarines as scout planes proved not to be as successful

as hoped mainly because of the difficulty after launching the aircraft of it finding the submarine again in the vast Pacific and Indian Oceans The Japanese also developed the giant I 400 class submarines that carried three Sieran bombers There were other notable actions involving IJN submarines This included I 17 that attempted to shell unsuccessfully an oil refinery off the coast of Santa Barbara causing a major panic along the West Coast of America Also memorable are the midget submarines that attempted to attack Pearl Harbor and the submarines that carried the one man submarines Kaitens and the human torpedoes The submarine losses suffered by the Japanese Navy as the war progressed when Allied and in particular US destroyers and aircraft hunted them down are all recorded in this comprehensive account of a fascinating element of the war at sea Two Thousand Questions and Answers about the War Julius Washington Muller,1918 *Pacific Motor Boat and Motor Ship* ,1916 *Passing Ships* Gordon Gray,2012-03-15 A fascinating and poignant account of one man s life on the sea and the love it continues to inspire in him International Negotiation Viktor Aleksandrovich Kremeniuk,1991 The first edition of International Negotiation became a best selling classic in the field of global conflict resolution This second edition has been substantially revised and updated to meet the challenges of today s complex international community Developed under the direction of the International Institute for Applied Systems Analysis this important resource contains contributions from some of the world s leading experts in international negotiation representing a wide range of nations and disciplines They offer a synthesis of contemporary negotiation theory perspectives for understanding negotiation dynamics and strategies for producing mutually satisfactory and enduring agreements that is particularly relevant in these times **U.S. Air Services** ,1925 **Proceedings of the United States Naval Institute** United States Naval Institute,1923 **Sea Devils** John Swinfield,2014-02-03 Sea Devils is a compelling account of pioneer submariners and their astonishing underwater contraptions Some made perilous voyages Others sank like stones Craft were propelled by muscle power or had steam engines with chimneys Some had wheels to trundle along the seabed Others were used as underwater aircraft carriers Here John Swinfield traces the history of early submarines and the personalities who built and sailed them From a plethora of madcap inventors emerged a bizarre machine that navies of the world reluctantly acquired but viewed with distaste It matured into a weapon that would usurp the mighty battleship which had for centuries enjoyed an unchallenged command of the oceans In its long and perilous history the submarine became subject to fierce business military and political shenanigans It won eventual acceptance amidst the chaos and carnage of the First World War in which pathfinder submariners achieved an extraordinarily high tally of five Victoria Crosses Britain s highest military decoration Sea Devils brims with daring characters and their unflinching determination to make hazardous underwater voyages an immensely readable entertaining and authoritative chronicle of low cunning high politics wondrous heroism and appalling tragedy *Silent Service* Philip Kaplan,2015-11-17 See the secret and dangerous world of submarine life and warfare like never before From the ingenious but impractical designs of seventeenth century inventors through the nuclear powered submarines of today this heavily

illustrated volume traces the history of the silent force and the elite corps of men who fought and often died beneath the waves Though fully describing the development of the submarine this book s main focus is on the men who served from World War I through the Cold War Drawing upon journals memoirs and interviews with submariners of the past and present Philip Kaplan paints a vivid portrait of their lives and experiences He describes the terrors of waiting for depth charges to explode and the triumph of a torpedo striking its target as well as the fascinating world of day to day life on the sleek modern boats With nearly 250 photographs and dozens of interviews and comprising part of an eight book series exploring the history of tanks bombers and fighter planes this oversized keepsake volume will appeal to anyone who has served in submarines or been fascinated by this unique service within a service Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
