

evidence most of them came from the areas of European settlements and many of the patients, mostly plantation workers, had been immigrants to Usambara. The hospital, which was managed by the Bodelschwingschen Anstalten Bethel, remained relatively autonomous from the colonial government. The hospital had no impact on the debates and discussions among psychiatrists. In contrast to their French counterparts, German psychiatrists were not interested in setting up mental hospitals in the colonies. Diefenbacher thinks that this attitude derives from the opinions of the German psychiatrists that they already had a suitable field of activity in the large German cities and in the multi-ethnic state of Austria/Hungary. Diefenbacher's book is based on a careful and extensive study of primary sources in the archives of the Bodelschwingschen Anstalten in Bethel and in the Tanzanian national archives in Dar es Salaam.

However, the book is weak on theory and interpretation. The first part of the book, which deals with the history of psychiatry in the English and French colonies, is little more than a summary of a few selected publications. Apart from using terms like 'native' or 'tribe' frequently and without regard to their negative historical connotation, the author also betrays a casual attitude towards detail. Kishamba, for example, is not a 'local dialect' (p. 82), but a language. There are more articles on the healing practices of African peoples than those written by physicians. Having read the book, one is no clearer about the attitude of the African population towards European psychiatry. The author recognizes that European psychiatry was culture-bound but this recognition has not influenced the course of his research. Conflict or parallels between psychiatric treatment in Lutindi and traditional healing practices would have added to the book's interest—assuming, of course, that there were fewer mistakes of style, grammar, and spelling.

Francis M. Deng. *Seed of Redemption: A Political Novel*. New York: Lilian Barber Press, 1986. 304 pp. Hardbound. Price \$17.95.

Professor Francis Deng is a seasoned Africanist. Lawyer by training, anthropologist by inclination and diplomat, teacher, and writer by profession, he has ably made his undeniable mark on recent Sudanese scholarship. To his already well-known works on politics, anthropology, law, and the oral tradition of his people, the Dinka, he now adds his first novel, *Seed of Redemption*.

The hero of this intriguing novel is Faris Khalifa, a Sudanese army officer and a great grandson of a southern woman who had been taken slave late in the nineteenth century and spent the rest of her life in the North. His father was from Dar Fur in Western Sudan, while one of his grandfathers was an Egyptian. In Faris's veins, therefore, runs as much African blood as Arab. Culturally he is the personification of the Sudanese society; the natural product of centuries of intermarriage, intermixing, and the cross-cultural interaction between Arabs and Africans that give the Sudanese people those distinctive characteristics of which they are proud. Because of his mixed heritage,

Lobban Jr.,2010-09-02 This book provides an overview of contemporary issues in Sudan Africa s largest nation examining the country s history and current scene to help readers develop a deeper understanding of how much Sudan matters in today s world With deep connections to the Sahel and savanna to the west the African world to the south the Horn of Africa to the east and the Middle East to the north Sudan is important strategically legally geopolitically and militarily but too often overlooked or underestimated Sudan the country of residence of Osama bin Laden for six years has played and will continue to play a significant role in worldwide security matters An analysis of the causes resolutions and implications of the ongoing Sudanese conflicts including the genocide in Darfur this book is essential reading for policymakers researchers and students alike This book considers Sudan s historical foundations examining how the agendas of countries to the south east and north have influenced Sudan s people and government The author also explains the origins and context of the Darfur conflict laying out possible steps toward a resolution Questions concerning Sudanese oil where is it how much is there to whom does it belong help focus any discussion of Sudan s emerging importance in the contemporary world Other issues such as the influence of Islamism or the Sudanese activities of the Arab League China or the African Union underline the uncertainties that confront the people of Sudan today **Islam, Sectarianism, and Politics in Sudan Since the Mahdiyya** Gabriel Warburg,2003 Gabriel Warburg contends that efforts in Sudan to enforce an Islamic state and an Islamic constitution on a multi religious and multi ethnic society have led to prolonged civil war endless military coups and political social and economic bankruptcy He analyzes the history of Sudan s Islamic politics to illuminate current conflicts in the region The revolt in 1881 was led by a Mahdi who came to renew and purify Islam It was in effect an uprising against a corrupt Islamic regime the largely alien Turco Egyptian ruling elite The Mahdiyya was therefore an anti colonial movement seeking to liberate Sudan from alien rule and to unify the Muslim Umma and it later evolved into the first expression of Sudanese nationalism and statehood Post independence Islamic radicalism in turn can be viewed against the background of the Anglo Egyptian Condominium 1899 1956 It also thrived as a result of the resurgence of Islam since the mid 1960s when Nasserism and other popular ideologies were swept aside Finally Sudan has emerged as the center of militancy in Sunni Islam since June 1989 when a group of radical Islamic officers under the guidance of Dr Hassan al Turabi and the NIF assumed power **The African Post** ,1992-06 **Living with Colonialism** Heather J. Between Terror and Tolerance Timothy D. Sisk, 2011-11-21 Civil war and conflict within countries is the most prevalent threat to peace and security in the opening decades of the twenty first century A pivotal factor in the escalation of tensions to open conflict is the role of elites in exacerbating tensions along identity lines by giving the ideological justification moral reasoning and call to violence Between Terror and Tolerance examines the varied roles of religious leaders in societies deeply divided by ethnic racial or religious conflict The chapters in this book explore cases when religious leaders have justified or catalyzed violence along identity lines and other instances when religious elites have played a critical role in easing tensions or even laying the foundation for peace and reconciliation This volume features thematic chapters on the linkages between religion nationalism and intolerance transnational intra faith conflict in the Shi a Sunni divide and country case studies of societal divisions or conflicts in Egypt Israel and Palestine Kashmir Lebanon Nigeria Northern Ireland Sri Lanka Sudan and Tajikistan The concluding chapter explores the findings and their implications for policies and programs of international non governmental organizations that seek to encourage and enhance the capacity of religious leaders to play a constructive role in conflict resolution **Historical Dictionary of the Sudan** Robert S. Kramer, Richard Andrew

Lobban, Carolyn Fluehr-Lobban, 2013 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography *Culture and Customs of Sudan* Kwame Essien, Toyin Falola, 2008-11-30 Amid a Sudan s dark history saturated with conflicts and tragic current events lies a culture
