Seeing Red Being Green The Life And Times Of A Southern Rebel:

Performing Peace and Friendship Pia Koivunen, 2022-11-07 Performing Peace and Friendship tells the story of how the Soviet Union succeeded in utilizing the World Festival of Youth and Students in its cultural diplomacy from late Stalinism through the early Khrushchev period Pia Koivunen discusses the evolution of the youth gathering into a Soviet cultural product starting from the first festival held in Prague in 1947 and ending with the Moscow 1957 gathering the latter becoming one of the most frequently referred moments of Khrushchev's Thaw By combining both institutional and grass roots perspectives the book widens our understanding of what Soviet cultural diplomacy was in practice re evaluates the agency of young people and provides new insights into the Soviet role in the cultural Cold War Koivunen argues that rather than simply being orchestrated rallies by the Kremlin bureaucrats the World Youth Festivals also became significant spaces of transnational encounters for young people who found ways to employ the event for overcoming the various restrictions and boundaries of the Cold War world

From Coldwar Communism to the Global Emancipatory Movement Peter Waterman, 2014-12-12 Boaventura de Sousa Santos says This is an admirable memoir of an intellectual activist who has lived most intensely the progressive struggles of the last sixty years of world history because despite being born in Europe Peter in the best tradition of communist internationalism participated in struggles and movements not only in Central and Eastern Europe but also in Africa and most recently in Latin America But this is much more than a memoir It is so well documented that in this personal experience there are reflected some of the most decisive events of contemporary history It is a living history book But even more than this this book is so clearly and vividly written that at times it reads like the script for an imaginary documentary of our times This book should be read by all concerned with our recent history in order to get a much more complex inside view of what happened while it was happening In particular it should be read by the youth in order to get a close up of the difficulties and possibilities in building another possible world at a time where there existed a vibrant international communist movement It is up to such youth to evaluate whether difficulties are now or more daunting the possibilities less or more luminous
