Selected Essays Of Lenin

**Beverley Skeggs, Sara R. Farris, Alberto
Toscano, Svenja Bromberg**

Selected Essays Of Lenin:

Selected Essays of Lenin Vladimir Il'ich Lenin, 1970-01-01 Alasdair MacIntyre's Engagement with Marxism Paul Blackledge, Neil Davidson, 2008 This selection of Alasdair MacIntyre's early writings on Marxism and ethics aims both to fill a gap in the academic literature on MacIntyre's ethical theory and to offer a contribution to more recent debates on the ethics of revolution **Russia in World History** Mikhail Nikolaevich Pokrovskii, 1970 *Unfinished Leninism* Paul Le Blanc, 2014-06-15 Praise for Paul Le Blanc's *Lenin and the Revolutionary Party* A work of unusual strength and coherence inspired not by academic neutrality but by the deep conviction that there is much to learn from the actual ideas and experiences of Lenin Michael L. Wy As a leader of the Russian Revolution Vladimir Lenin was perhaps the greatest revolutionary of the twentieth century These clearly written essays offer an account of his life and times a lively view of his personality and a stimulating engagement with his ideas Paul Le Blanc is a professor of history at La Roche College and has written widely on radical movements **How Haig Saved Lenin** B. Pearce, 1987-11-12 *The Palgrave Handbook of Leninist Political Philosophy* Tom Rockmore, Norman Levine, 2018-12-19 This intellectually discomfiting disturbingly provocative yet still thoroughly scholarly Handbook reproduces the intellectual ferment that accompanied the Russian Revolution including the wholly polarising effect at that time of Vladimir Ilyich Lenin The Palgrave Handbook of Leninist Political Philosophy does not settle for one safe interpretation of the thought of this world historic figure but rather revels in a clash of viewpoints Most interestingly it presents a contrast between the Western editors who emphasise pure democracy and Marxian humanism with many of the contributing scholars who take a more sanguine view of the Leninist political project Perhaps reflecting the current Western political crisis some of the volume's other European and North American scholars more closely align with their colleagues from the Global South Key Features Places particular emphasis on the key elements of Lenin's thought the dictatorship of the proletariat which is trenchantly defended the nature of the dialectic and the New Economic Policy Additional comprehensive coverage includes the theory of the party Bolshevism imperialism and the class struggle in the countryside Examines the relation of Lenin's thought to the ideas of his most influential contemporaries including Luxemburg Stalin and Trotsky as well as the most eminent thinker to interpret Lenin since his death Gyrgy Lukcs This Handbook is essential reading for scholars researchers and advanced students in political philosophy political theory the history of political ideas economics international relations and world history It is also ideal for the general reader who wishes to understand some of the most powerful ideas that have shaped the modern world and that may yet shake the world again Hundred Years of the Russian Revolution Anuradha M. Chenoy, Archana Upadhyay, 2021-04-07 The book reflects upon the Russian Revolution of 1917 and the ensuing developments in Russia the rest of the former Soviet Union Central and Eastern Europe and elsewhere in the world It discusses the impact of the legacies of the Russian Revolution on political systems ideologies economic and social structures and culture The book

answers some pertinent questions To what extent are these legacies relevant today for the contextualisation of memory politics social institutions and international relations How does an analysis of 1917 and its legacies contribute to the comparative study of revolutions and social change

The National Union Catalogs, 1963- ,1964 **Anti-Bolshevik Communism** Paul Mattick, Jr.,2017-09-29 This title was first published in 1978 Communism aims at putting working people in charge of their lives A multiplicity of Councils rather than a big state bureaucracy is needed to empower working people and to focus control over society Mattick develops a theory of a council communism through his survey of the history of the left in Germany and Russia He challenges Bolshevik politics especially their perspectives on questions of Party and Class and the role of Trade Unions Mattick argues that a The revolutions which succeeded first of all in Russia and China were not proletarian revolutions in the Marxist sense leading to the a association of free and equal producersa but state capitalist revolutions which were objectively unable to issue into socialism Marxism served here as a mere ideology to justify the rise of modified capitalist systems which were no longer determined by market competition but controlled by way of the authoritarian state Based on the peasantry but designed with accelerated industrialisation to create an industrial proletariat they were ready to abolish the traditional bourgeoisie but not capital as a social relationship This type of capitalism had not been foreseen by Marx and the early Marxists even though they advocated the capture of state power to overthrow the bourgeoisie a but only in order to abolish the state itself a

Selected Writings on Soviet Law and Marxism P. Stučka,1988 The Latvian born legal theorist P I Stuchka 1865 1932 generally recognized as one of the principal architects of modern Soviet legal theory and the Soviet legal system itself was a prodigious author and editor Twenty essays by Stuchka written between 1917 and 1931 were selected for translation in this volume Annotation copyrighted by Book News Inc Portland OR

The Arts, Society, Literature James M. Heath,1984 Roland and Romanesque Biblical iconography in The song of Roland by William R Cook Ronald B Herzman Wordworth Coleridge and Turner by James A W Heffe rnan Alexander Pope and picturesque landscape by James R Aubrey The metamorp hosis of the centaur in fifth century Greek arts and society by Krin Gabbard F orm and protest in atonal music a meditation on Adorno by Lucian Krukowski That hive of sublety Benito Cereno as critique of ideology by James H Kavanagh Poetry and kingship Shakespeare s A midsummer night s dream by Leo Pau l S de Alvarez Hugh MacDiarmid and the Lenin Douglas line by Stephen P Smith

Nations of Nothing But Poetry Matthew Hart,2010-04-22 Modernism is typically associated with novelty and urbanity So what happens when poets identify small communities and local languages with the spirit of transnational modernity Are vernacular poetries inherently provincial or implicitly xenophobic How did modernist poets use vernacular language to re imagine the relations between people their languages and the communities in which they live Nations of Nothing But Poetry answers these questions through case studies of British Caribbean and American poetries from the 1920s through the 1990s With a combination of fresh insights and attentive close readings Matthew Hart presents a new theory of a synthetic vernacular writing that

explores the aesthetic and ideological tensions within modernism's dual commitments to the local and the global. The result is an invigorating contribution to the field of transnational modernist studies. Chapters focus on a mixture of canonical and non-canonical writers combining new literary histories such as the story of how Melvin B. Tolson, while a resident of Oklahoma, was appointed Poet Laureate of Liberia with analyses of poems by Gertrude Stein, W. H. Auden, Ezra Pound, and T. S. Eliot. More broadly, the book reveals how the language of modernist poetry was shaped by the incompletely globalized nature of a world in which the nation-state continued to be a primary mediator of cultural and political identity even as its authority was challenged as never before. Through deft juxtaposition, Hart develops a new interpretation of modernist poetry in English, one that disrupts the critical opposition between nationalism and the transnational, paving the way for a political history of modernist cosmopolitanism.

RetroSpace: Collected Essays on Chicano Literature Juan Bruce-Novoa, 1990-01-01
RetroSpace is a collection of the seminal articles of the noted critic Bruce Novoa on the history and theory of Chicano literature.

Marx Against Marxism Julius Lowenstein, 2014-02-04 This volume traces the origins, contradictions, and consequences of Marx's teaching on his followers. He uses Marx to speak against the rigid dogmatism inherent in much of Marxism and concentrates on the interpretations of Marx's work by Max Weber.

The SAGE Handbook of Marxism Beverley Skeggs, Sara R. Farris, Alberto Toscano, Svenja Bromberg, 2021-11-17 The past decade has witnessed a resurgence of interest in Marxism both within and without the academy. Marxian frameworks, concepts, and categories continue to be narratively relevant to the features and events of contemporary capitalism. Most crucially, an attention to shifting cultural conditions has led contemporary researchers to re-confront some classical and essential Marxist concepts as well as elaborating new critical frameworks for the analysis of capitalism today. The SAGE Handbook of Marxism showcases this cutting edge of today's Marxism. It advances the debate with essays that rigorously map and renew the concepts that have provided the groundwork and main currents for Marxist theory and showcases interventions that set the agenda for Marxist research in the 21st century. A rigorous and challenging collection of scholarship, this book contains a stunning range of contributions from contemporary academics, writers, and theorists from around the world and across disciplines, invaluable to scholars and graduate students alike.

Part 1 Reworking the critique of political economy
Part 2 Forms of domination, subjects of struggle
Part 3 Political perspectives
Part 4 Philosophical dimensions
Part 5 Land and existence

Part 7 Inquiries and debates

The Christian Century, 1924
Revolution and State in Modern Mexico Adam David Morton, 2011-09-16 This groundbreaking study develops a new approach to understanding the formation of the postrevolutionary state in Mexico. Adam David Morton links the rise and demise of the modern Mexican state to ongoing forms of class struggle that have shaped and restructured state and civil society. He thus sheds valuable interdisciplinary light on debates on state formation by recovering radical tools of analysis.

such as uneven development and class struggle for the wider study of past and present politics in Mexico and more broadly Latin America

New Definitions of Lyric Mark Jeffreys, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory
