Sex And Sensibility Ideal And Erotic Love From Milton To Mozart:

Sex and Sensibility Jean H. Hagstrum, 1980-01-01 This book focuses on the idea of love in all its aspects from the Restoration to Romanticism **Sexuality in Eighteenth-century Britain** Paul-Gabriel Boucé, 1982 *The Gendering of Men, 1600-1750* Thomas Alan King, 2004 Taking on nothing less than the formation of modern sexual and gender identities King examines the way masculinity in the 17th and 18th centuries was reconfigured and how heterosexuality in turn became naturalized This is a crucial work by one of the field's leading scholars *The Gendering of Men 1600 1750* traces the transition from a society based on alliance which had subordinated all men women and boys to higher ranked males to one founded in sexuality through which men have embodied their claims to personal and political privacy King proposes that the male body is a performative production marking men's resistance to their subjection within patriarchy and sovereignty Emphasizing that categories of gender must come under historical analysis *The Gendering of Men* explores men's participation in an ongoing struggle for access to a universal manliness transcending other biological and social differentials On Pornography David Saunders, Dugald Williamson, 2016-07-27 The policing of pornography remains a subject of widespread controversy *On Pornography* provides a history of this policing and an understanding of the current debate The authors show that obscenity law should not be understood negatively as censorship but as part of the positive administration of a particular practice of sexuality This book indicates that obscenity law is not as liberals claim a mistaken attempt to police moral ideas but rather forms part of the legitimate governmental regulation of a problematic social conduct *The Language of the Heart, 1600-1750* Robert A. Erickson, 1997-01-29 Erickson English U of California Santa Barbara examines both scientific and romantic portrayals of the human heart in early modern English literature After reviewing the Biblical heart he considers William Harvey's model of a phallic pump in a feminized body Milton's *Paradise Lost* Richardson's *Clarissa* Aphra Behn's *Oroonoko* as a woman's perspective and other works Annotation copyrighted by Book News Inc Portland OR The Ideology of Conduct (Routledge Revivals) Nancy Armstrong, Leonard Tennenhouse, 2014-06-17 In *The Ideology of Conduct* first published in 1987 scholars from various fields from the medieval period to the present day discuss literature in which the sole purpose is to instruct women in how to make themselves desirable This collection investigates how middle class writers who had long emulated the behaviour of the aristocracy began to criticise that behaviour by formulating an alternative object of desire They did so without appearing to breed political controversy because it seemed to concern only the female But writing for and about women in fact became a powerful instrument of hegemony as it introduced a whole new vocabulary for social relations induced certain forms of economic behaviour as desirable in men and women respectively and insured the reproduction of the nuclear family It is argued therefore that the literature of conduct not only recorded but also assisted the production of our contemporary gender based culture **The Cambridge Companion to the Eighteenth-Century Novel** John Richetti, 1996-09-05 In the past twenty years our understanding of the novel's emergence in eighteenth century Britain

has drastically changed Drawing on new research in social and political history the twelve contributors to this Companion challenge and refine the traditional view of the novel's origins and purposes In various ways each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe Swift Richardson Henry Fielding Sterne Smollett and Burney This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth century British novel and its place within the culture of its time

The Plight of Feeling Julia A. Stern, 2008-04-15 American novels written in the wake of the Revolution overflow with self-conscious theatricality and impassioned excess In *The Plight of Feeling* Julia A. Stern shows that these sentimental melodramatic and gothic works can be read as an emotional history of the early republic reflecting the hate anger fear and grief that tormented the Federalist era Stern argues that these novels gave voice to a collective mourning over the violence of the Revolution and the foreclosure of liberty for the nation's noncitizens women the poor Native and African Americans Properly placed in the context of late eighteenth century thought the republican novel emerges as essentially political offering its audience gothic and feminized counternarratives to read against the dominant male authored accounts of national legitimation Drawing upon insights from cultural history and gender studies as well as psychoanalytic narrative and genre theory Stern convincingly exposes the foundation of the republic as an unquiet crypt housing those invisible Americans who contributed to its construction

Hysteria Beyond Freud Sander L. Gilman, Helen King, Roy Porter, G. S. Rousseau, Elaine Showalter, 2024-03-29 She's hysterical For centuries the term hysteria has been used by physicians and laymen to diagnose and dismiss the extreme emotionality and mysterious physical disorders presumed to bedevil others especially women How did this medical concept assume its power What cultural purposes does it serve Why do different centuries and different circumstances produce different kinds of hysteria These are among the questions pursued in this absorbing erudite reevaluation of the history of hysteria The widely respected authors draw upon the insights of social and cultural history rather than Freudian psychoanalysis to examine the ways in which hysteria has been conceived by doctors and patients writers and artists in Europe and North America from antiquity to the early years of the twentieth century In so doing they show that a history of hysteria is a history of how we understand the mind This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer-reviewed scholarship accessible once again using print-on-demand technology This title was originally published in 1993

Revolutionary Love in Eighteenth- and Early Nineteenth-Century France Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as

literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d'Arnaud Pigault Lebrun and Madame de Staël make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature

The Disciplined Heart Caroline J. Simon, 1997-03-25 Often what passes for love is a product of self deception and wishful thinking Genuine love according to philosopher Caroline J Simon must be based on knowledge of reality and Christianity affirms that reality includes not just who people are but the unfolding story of who God intends them to be Taking the use of narrative seriously *The Disciplined Heart* draws on works of literature to display a Christian understanding of love in its various forms love of self love of neighbor friendship romantic love and marital love Using instances of love and its counterfeits in novels and short stories by such authors as Flannery O'Connor Leo Tolstoy George Eliot and F Scott Fitzgerald Simon constructs an account of love's joys and obligations that both charms and instructs Learned astute and elegantly written *The Disciplined Heart* is a groundbreaking work at the intersection of theology philosophy and literary analysis

From Sappho to De Sade (Routledge Revivals) Jan N. Bremmer, 2014-06-27 The history of sexuality has been the subject of increased interest in recent years and more widely acknowledged importance in the interpretation of past mentalities Yet historians have only recently begun to study sexual practices in any depth establishing that sexuality is not a biological constant but an ever changing phenomenon

continuously shaped by people themselves The contributors to this inter disciplinary collection bring their expertise in ancient as well as medieval history anthropology modern history and psychology to bear upon the history of sexuality They explore various aspects of sexuality in successive periods pederasty and lesbian love in antiquity incest in the Middle Ages sexual education during the Dutch Republic voyeurism in the rococo prostitution in Vienna around 1900 and the invention of sexology From Sappho to De Sade first published in 1989 offers an informative and entertaining collection of essays for students of cultural anthropology social history and gender studies **The English Novel, Vol I** Richard W.F.

Kroll,2014-07-21 The English Novel Volume I 1700 to Fielding collects a series of previously published essays on the early eighteenth century novel in a single volume reflecting the proliferation of theoretical approaches since the 1970s The novel has been the object of some of the most exciting and important critical speculations and the eighteenth century novel has been at the centre of new approaches both to the novel and to the period between 1700 and 1750 Richard Kroll s introduction seeks to frame the contributions by reference to the most significant critical discussions These include the question of whether and how we can talk about the rise of the novel the vexed question of what might constitute a novel the relationship between the novel and possibly competing genres such as history or the romance the relationship between early male writers like Defoe and popular novels by women in the early eighteenth century the general ideological role played by novels relative to eighteenth century culture are they means of ideological conscription or liberation poststructuralist analyses of identity and gender and the emergence of sentimental and domestic codes after Richardson Since the modern European novel is often thought to have been formed in this period these debates have clear implications for students of the novel in general as well as for those interested in the early enlightenment Headnotes place each essay within the map of these wider concerns and the volume offers a useful further reading list Taken as a whole this collection encapsulates the state of criticism at the present moment **Warrior Women and Popular Balladry, 1650-1850** Dianne

Dugaw,1996-01-15 Masquerading as a man seeking adventure going to war or to sea for love and glory the transvestite heroine flourished in all kinds of literature especially ballads from the Renaissance to the Victorian age Warrior Women and Popular Balladry 1650 1850 identifies this heroine and her significance as a figure in folklore and as a representative of popular culture prompting important reevaluations of gender and sexuality Dugaw has uncovered a fascination with women cross dressers in the popular literature of early modern Europe and America Surveying a wide range of Anglo American texts from popular ballads and chapbook life histories to the comedies and tragedies of aristocratic literature she demonstrates the extent to which gender and sexuality are enacted as constructs of history Death and the Mother from Dickens to Freud Carolyn Dever,1998-05-14 The cultural ideal of motherhood in Victorian Britain seems to be undermined by Victorian novels which almost always represent mothers as incapacitated abandoning or dead Carolyn Dever argues that the phenomenon of the dead or missing mother in Victorian narrative is central to the construction of the good mother as a cultural ideal

Maternal loss is the prerequisite for Victorian representations of domestic life a fact which has especially complex implications for women When Freud constructs psychoanalytical models of family gender and desire he too assumes that domesticity begins with the death of the mother Analysing texts by Dickens Collins Eliot Darwin and Woolf as well as Freud Klein and Winnicott Dever argues that fictional and theoretical narratives alike use maternal absence to articulate concerns about gender and representation Psychoanalysis has long been used to analyse Victorian fiction Dever contends that Victorian fiction has much to teach us about psychoanalysis *Everyday Revolutions* Diane E. Boyd, Marta Kvan, 2008

Women's everyday choices can engender revolutionary acts This collection gathers essays that build upon this premise and examines the ways in which eighteenth century women defied not only the restrictions their own culture sought to enforce but also the restrictions our historical and literary understandings have created **Sexual Fiction** Maurice

Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies *New Accents* is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study *The Nature of Love, Volume 2* Irving
