

Portals Choices

Ethical
Dilemmas
in Modern
Medicine

Ruth Macklin

"An excellent discussion of the many ethical dilemmas that a civilized society now faces. . . . Excerpts from historical illustrations of each ethical problem and are followed by a separate, learned discussion of each."
—Richard Peltzer, author of *Facing the World as for Physicians*

Mortal Choices Ethical Dilemmas In Modern Medicine

Alexander I. Tröster

Mortal Choices Ethical Dilemmas In Modern Medicine:

Mortal Choices Ruth MacKlin, Professor of Bioethics Ruth Macklin, 1987-06-01 **Mortal Choices** Ruth Macklin, 1987 A compelling case filled deeply thoughtful exploration of the many critical medical decisions everyone will at some time have to make for themselves or for relatives

Mortal Choices Ruth Macklin, 1988 **Ethical Challenges in Multi-Cultural Patient Care** H. Russell Searight, 2019-08-13 This book provides an up to date description of cross cultural aspects of end of life decision making The work places this discussion in the context of developments in the United States such as the emphasis on patient informed consent right to die legal cases and the federal Patient Self Determination Act With the globalization of health care and increased immigration from developing to developed countries health care professionals are experiencing unique challenges in communicating with seriously ill patients and their families about treatment options as well as counselling all patients about advance medical care planning While many Western countries emphasize individual autonomy and patient centered decision making cultures with a greater collectivist orientation have historically often protected patients from negative health information and emphasized family centered decision making In order to place these issues in context the history of informed consent in medicine is reviewed Additionally cross cultural issues in health care decision making are analysed from the perspective of multiple philosophical theories including deontology utilitarianism virtues principlism and communitarian ethics This book is a valuable addition to courses on end of life care death and dying cross cultural health medical anthropology and medical ethics and an indispensable guide for healthcare workers dealing with patients coming from various cultural backgrounds

[National Library of Medicine Current Catalog](#) National Library of Medicine (U.S.), 1988 *New England Law Review: Volume 48, Number 2 - Winter 2014* New England Law Review, 2014-05-18 The New England Law Review now offers its issues in convenient and modern ebook formats for e reader devices apps pads smartphones and computers This second issue of Volume 48 Winter 2014 contains articles from leading figures of the academy and the legal community Contents of this issue include Articles Military Justice as Justice Fitting Confrontation Clause Jurisprudence into Military Commissions by Christina M Frohock Physician Speech and State Control Furthering Partisan Interests at the Expense of Good Health by Janet L Dolgin Notes Losing the Quality of Life The Move Toward Society s Understanding and Acceptance of Physician Aid in Dying and the Death with Dignity Act by Lindsay Reynolds Public Performance Royalty Rate Disparity Should Congress Pamper Pandora s Pandering by Robert J Williams Jr Comments Diagnosis Guilty Commonwealth v McLaughlin and the Conversion of Hospital Records into Criminal Convictions by William Brekka United States v Nosal and the CFAA What Does DailySudoku.com Have to Do with Computer Fraud by Keith Richard

Memory in Neurodegenerative Disease Alexander I. Tröster, 1998-10-29 Presents current information about memory disorders in Alzheimer s Huntington s and Parkinson s diseases and in other neurodegenerative conditions

Practical Ethics in Occupational Health Peter Westerholm, Tore Nilstun, John Øvretveit, 2020-02-07 Explains the NHS

as a political environment and concentrates on understanding the relationships of power rather than on the role of apparent authority The book presents a range of management frameworks and personal examples to illustrate what a primary care led NHS means [Nursing Ethics, 1880s to the Present](#) Marsha Fowler, 2024-04-15 Awarded first place in the 2024 AJN Book of the Year Award in History and Public Policy This important text draws on decades of research arguing that modern nursing germinated and grew an ethics from its own native soil which is rich fulsome and philosophically informed grounded in the tradition and practice of nursing It is an ethics with a positive agenda for the good nurse a good society a healthy people and human flourishing This native nursing ethics was forgotten creating space for a foreign bioethics colonization of nursing in the second half of the twentieth century Drawing from a wide range of sources from the USA the UK Canada and Ireland the book addresses the early and enduring ethical concerns values and ideals of nursing as a profession that engages in direct clinical practice and in developing policy Fowler calls for reclaiming and renewing nursing's ethical tradition This systematic and comprehensive book is an essential contribution for students and scholars of nursing ethics **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Ethical Issues in Modern Medicine** John D. Arras, 1989 A textbook for undergraduates Some 70 selections more than half are new to this edition follow an introductory essay Current controversies surrogacy genetic engineering proxy consent are thoroughly covered Annotation copyright Book News Inc Portland Or **What's the Right Thing to Do?** Selma Wassermann, 2019-05-24 Making choices is one of the more pervasive acts of life Almost every action we take demands that choices be made Knowing how to choose wisely to choose after reflection to be aware of what motivates that choice to see the consequences of that choice on others enables us to live healthier more productive and more responsible lives We now live in a world in which our traditional moral exemplars have been less than honorable in their public behavior With fewer heroes and flawed role models how are children to come to an understanding of what's right what's good decent and socially responsible Do as I say not as I do is hardly a viable tenet to guide children's choices This book offers important tools for carrying out effective strategies that build caring environments in the classroom and home for teaching children to weigh decisions in the face of potential consequences examine rationales for their choices and study the effects of their choices on others i.e. to think more carefully about ethical problems in the presence of the moral freedom to determine for themselves what it means to lead a good and virtuous life **"Real World" Ethics** Robert J. Nash, 2002-01-01 Now more than ever with the explosion of new technologies and human service delivery systems innovative teaching methodologies and assessment instruments classic ethical questions and problems still remain The Second Edition of Robert Nash's bestseller expands on his earlier work with the addition of an extensive question and answer epilogue where Nash responds to questions about the first edition This new chapter incorporates the latest research in applied ethics teaching and in resolving ethical dilemmas in the professions The only applied ethics book written for both educators and human service professionals Real World Ethics is essential reading

for everyone who find themselves faced with making critical ethical decisions in their work *Informed Consent* Bruce V. Corsino, 1996 **Ethical Issues in Modern Medicine** Bonnie Steinbock, John D. Arras, Alex John London, 2003 This comprehensive anthology represents the key issues and problems in the field of medical ethics through the most up to date readings and case studies available Each of the book's six parts is prefaced with helpful introductions that raise important questions and skillfully contextualize the positions and main points of the articles that follow *Quagmires and Quandaries* Ian Richards, 2005 Despite best intentions various codes of ethics and extensive public attention journalists are repeatedly seen to behave in ways that are less than edifying With refreshing candor and scholarly rigor Ian Richards journalist and academic examines the reasons why this particular profession is apparently so ethically challenged **A Time to Be Born and a Time to Die** Barry S. Kogan, This volume brings together original essays by many of the best and most prominent figures in the emerging field of biomedical ethics and presents them in a dialogue that significantly updates their earlier work Focusing on the moral dilemmas that recent medical advances have created at both ends of the life course the contributors discuss such issues as patient autonomy hospital policies of risk management new developments in the abortion debate genetic counseling and perinatal care euthanasia and physician assisted suicide testing and treatment policies for HIV infection and fairness in allocating health care and donated organs **Thick (Concepts of) Autonomy** James F. Childress, Michael Quante, 2021-11-25 This book explores in rich and rigorous ways the possibilities and limitations of thick concepts of autonomy in light of contemporary debates in philosophy ethics and bioethics Many standard ethical theories and practices particularly in domains such as biomedical ethics incorporate minimal formal procedural concepts of personal autonomy and autonomous decisions and actions Over the last three decades concerns about the problems and limitations of these thin concepts have led to the formulation of thick concepts that highlight the mental corporeal biographical and social conditions of what it means to be a human person and that enrich concepts of autonomy with direct implications for the ethical requirement to respect autonomy The chapters in this book offer a wide range of perspectives on both the elements of and the relations both positive and negative between thin and thick concepts of autonomy as well as their relative roles and importance in ethics and bioethics This book offers valuable and illuminating examinations of autonomy and respect for autonomy relevant for audiences in philosophy ethics and bioethics **The Birth of Bioethics** Albert R. Jonsen, 2003-08-28 Bioethics represents a dramatic revision of the centuries old professional ethics that governed the behavior of physicians and their relationships with patients This venerable ethics code was challenged in the years after World War II by the remarkable advances in the biomedical sciences and medicine that raised questions about the definition of death the use of life support systems organ transplantation and reproductive interventions In response philosophers and theologians lawyers and social scientists joined together with physicians and scientists to rethink and revise the old standards Governments established commissions to recommend policies Courts heard arguments and legislatures passed laws This book is the first broad history

of the growing field of bioethics Covering the period 1947-1987 it examines the origin and evolution of the debates over human experimentation genetic engineering organ transplantation termination of life sustaining treatment and new reproductive technologies It assesses the contributions of philosophy theology law and the social sciences to the expanding discourse of bioethics Written by one of the field's founders The Birth of Bioethics is based on extensive archival research into sources that are difficult to obtain and on interviews with many of the leading figures in the moral debates in medicine A very readable and comprehensive account of the evolution of bioethics this book stresses the history of ideas but does not neglect the social and cultural context and the people involved It will serve the information needs of philosophers ethicists social historians and everyone interested in the origins of some of today's most hotly debated issues

No Longer Patient
Susan Sherwin, 1992 This book attempts to deepen common understandings of what considerations are relevant in discussions of bioethics It is meant to offer a clearer picture of what morally acceptable health care might look like I argue that a feminist understanding of the social realities of our world is necessary if we are to recognize and develop an adequate analysis of the ethical issues that arise in the context of health care from Introduction

While this might not be the Mortal Choices Ethical Dilemmas In Modern Medicine full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Mortal Choices Ethical Dilemmas In Modern Medicine eBooks, including some

popular titles.

FAQs About Mortal Choices Ethical Dilemmas In Modern Medicine Books

What is a Mortal Choices Ethical Dilemmas In Modern Medicine PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Mortal Choices Ethical Dilemmas In Modern Medicine PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Mortal Choices Ethical Dilemmas In Modern Medicine PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Mortal Choices Ethical Dilemmas In Modern Medicine PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Mortal Choices Ethical Dilemmas In Modern Medicine PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
