Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael

I. Hunter, David Saunders

Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael:

Natural Rights on the Threshold of the Scottish Enlightenment Gershom Carmichael, 2002 Annotation An important figure in the natural law tradition and in the Scottish Enlightenment Gershom Carmichael defended a strong theory of rights and drew attention to Grotius Pufendorf and Locke Gershom Carmichael was a teacher and writer who played an important role in the Scottish Enlightenment of the eighteenth century His philosophy focused on the natural rights of individuals the natural right to defend oneself to own the property on which one has labored and to services contracted for with others Carmichael argued that slavery is incompatible with the rights of men and citizens and he believed that subjects have the right to resist rulers who exceed the limits of their powers Although he appealed to the authority of Grotius and Locke the grounds on which he defended natural rights were distinctively his own He drew upon the Reformed or Presbyterian theology to propose that in respecting the natural rights of individuals one shows one's reverence for God's creation Inasmuch as all of mankind longs for lasting happiness which can be found only in worship of or reverence for God such reverence is the natural law which obliges all to respect the rights of all Natural Rights includes Supplements and Observations on Pufendorf 1724 Natural Theology 1729 Logic 1722 two theses and a manuscript on teaching all in English for the first time Gershom Carmichael 1672-1729 was the first professor of moral philosophy at the University of Glasgow preceding Hutcheson Smith and Reid James Moore is Professor of Political Science at Concordia University in Montreal Michael Silverthorne is Honorary University Fellow in the School of Classics at the University of Exeter Knud Haakonssen is Professor of Intellectual History and Director of the Centre for Intellectual History at the University of Sussex England

The Cambridge Handbook of Natural Law and Human Rights Tom Angier, Iain T. Benson, Mark D. Retter, 2022-11-17 This Handbook provides an intellectually rigorous and accessible overview of the relationship between natural law and human rights It fills a crucial gap in the literature with leading scholarship on the importance of natural law as a philosophical foundation for human rights and its significance for contemporary debates The themes covered include the role of natural law thought in the history of human rights human rights scepticism the different notions of subjective right the various foundations for human rights within natural law ethics the relationship between natural law and human rights in religious traditions the idea of human dignity the relation between human rights political community and law human rights interpretation and tensions between human rights law and natural law ethics This Handbook is an ideal introduction to natural law perspectives on human rights while also offering a concise summary of scholarly developments in the field

The Case for The Enlightenment John Robertson, 2005-10-27 The Case for the Enlightenment is a comparative study of the emergence of Enlightenment in Scotland and in Naples Challenging the tendency to fragment the Enlightenment in eighteenth century Europe into multiple Enlightenments the distinguished intellectual historian John Robertson demonstrates the extent to which thinkers in two societies at the opposite ends of Europe shared common intellectual preoccupations Before 1700 Scotland and Naples faced

a bleak future as backward provincial kingdoms in a Europe of aggressive commercial states Yet by 1760 Scottish and Neapolitan thinkers were in the van of those advocating the cause of Enlightenment by means of political economy By studying the social and institutional contexts of intellectual life in the two countries and the currents of thought promoted within them The Case for the Enlightenment explains this transformation John Robertson pays particular attention to the greatest thinkers in each country David Hume and Giambattista Vico

Natural Law and the Origin of Political Economy Arild Saether, 2017-06-26 Samuel Pufendorf's work on natural law and political economy was extensive and has been cited by several important figures in the history of economic thought Yet his name is rarely mentioned in textbooks on the history of economic thought the history of political science or the history of philosophy In this unprecedented study Arild Saether sheds new light both on Pufendorf's own life and work as well as his influence on his contemporaries and on later scholars This book explores Pufendorf's doctrines of political economy and his work on natural law which was translated into several major European languages Natural Law and the Origin of Political Economy considers the influence he had on the writings on political economy of John Locke Charles Montesquieu Jean Jacques Rousseau Francis Hutcheson and Adam Smith amongst others If Smith can be called the father of modern economics this book claims that Pufendorf can be called the grandfather This volume is of great importance to those who study Pufendorf's extensive works as well as those interested in history of economic thought political economy and political philosophy

Natural Law and Civil Sovereignty I. Hunter, David Saunders, 2002-06-19 In Natural Law and Civil Sovereignty new research by leading international scholars is brought to bear on a single crucial issue the role of early modern natural law doctrines in reconstructing the relations between moral right and civil authority in the face of profound religious and political conflict In addition to providing fresh insights into the hard fought struggle to legitimate a desacralised civil order the book also shows the degree to which the legitimacy of the modern secular state remains dependent on this decisive set of developments

Enlightenment in Scotland and France Mark L. Hulliung, 2018-07-20 Enlightenment in Scotland and France Studies in Political Thought provides comparative analysis of the Scottish and French Enlightenments Studies of the two Enlightenments have previously focused on the transnational their story one of continuity between Scottish intellectuals and French philosophes and of a mutual commitment to combat fanaticism in all its forms This book contends that what has been missing by and large from the scholarly literature is the comparative analysis that underscores the contrasts as well as the similarities of the Enlightenments in Scotland and France This book shows that although the similarities of enlightened political thought in the two countries are substantial the differences are also remarkable and stand out in culminating relief in the Scottish and French reactions to the American Revolution Mark Hulliung argues that it was 1776 not 1789 that was the moment when the spokespersons for Enlightenment in Scotland and France parted company

New Essays on the History of Autonomy Natalie Brender, Larry Krasnoff, Jerome B. Schneewind, 2004-06-07 Kantian autonomy is often thought to be independent of time and place but J B

Schneewind in his landmark study *The Invention of Autonomy* has shown that there is much to be learned by setting Kant's moral philosophy in the context of the history of modern moral philosophy. The distinguished authors in the collection continue Schneewind's project by relating Kant's work to the historical context of his predecessors and to the empirical context of human agency. This will be a valuable resource for professionals and advanced students. *Essays on David Hume, Medical Men and the Scottish Enlightenment* Roger L. Emerson, 2016-05-13 The Scottish Enlightenment was a period of intellectual and scientific progress in a country previously considered to be marginal to the European intellectual scene. Yet the enlightenment was not about politeness or civic humanism but something more basic: the making of an improved society which could compete in every way in a rapidly changing world. David Hume writing in 1752 commented that industry, knowledge and humanity are linked together by an indissoluble chain. Collectively this volume of essays embraces many of the topics which Hume included under industry, knowledge and humanity from the European Enlightenment and the Scots' relation to it, to Scottish social history and its relation to religion, science and medicine. Overarching themes of what it meant to be enlightened in the eighteenth century are considered alongside more specific studies of notable figures of the period such as Archibald Campbell 3rd Duke of Argyll and David Hume and the training and number of Scottish medical students. Together the volume provides an opportunity to step back and reconsider the Scottish Enlightenment in its broader context and to consider what new directions this field of study might take.

Contemporary Perspectives on Natural Law Ana Marta González, 2016-05-13 Resorting to natural law is one way of conveying the philosophical conviction that moral norms are not merely conventional rules. Accordingly the notion of natural law has a clear metaphysical dimension since it involves the recognition that human beings do not conceive themselves as sheer products of society and history. And yet if natural law is to be considered the fundamental law of practical reason it must show also some intrinsic relationship to history and positive law. The essays in this book examine this tension between the metaphysical and the practical and how the philosophical elaboration of natural law presents this notion as a limiting concept between metaphysics and ethics, between the mutable and the immutable, between is and ought and in connection with the latter even the tension between politics and eschatology as a double horizon of ethics. This book, contributed to by scholars from Europe and America, is a major contribution to the renewed interest in natural law. It provides the reader with a comprehensive overview of natural law both from a historical and a systematic point of view. It ranges from the mediaeval synthesis of Aquinas through the early modern elaborations of natural law up to current discussions on the very possibility and practical relevance of natural law theory for the contemporary mind.

[The Life of Adam Smith](#) Ian Simpson Ross, 2010-09-23 In this the first full scale biography of Adam Smith for a hundred years Ian Simpson Ross brings his subject into historical light as a thinker and author by examining his family, circumstance, education, career and social and intellectual circle including David Hume and Francois Quesnay. Smith's life is revealed through his correspondence, archival documents, the reports of contemporaries and the

record of his publications This is the life of a Scottish moral philosopher whose legacy of thought concerns and affects us all
Its lively and informed account will appeal to those interested in the social and intellectual milieu of the eighteenth century
and in Scottish history Economists and philosophers will find much to read about the history of their disciplines supported by

Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael

Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF,"

users can find websites that offer free PDF downloads on a specific topic. While downloading Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Natural Rights On The Threshold Of The Scottish Enlightenment The Writings Of Gershom Carmichael any PDF files. With these platforms, the world of PDF downloads is just a click away.
