Natalie Angier, 1999-04-01 As dramatic as *The Double Hex* and as absorbing as *The Soul of a New Machine* **Natural Obsessions** explores the advanced reaches of molecular biology the nature of the human cell and the genes that control cancer It unforgettably portrays some of the best young scientists in the world the rewards and discouragements of scientific research and the very process of scientific inquiry **One in Three** Adam Wishart, 2008-01-21 How close are we to defeating cancer A calming and illuminating blend of memoir and medical history Janet Maslin *The New York Times* When his father was diagnosed with cancer documentary filmmaker Adam Wishart couldn't find a book that clearly answered his most basic questions What was the disease and how did it take hold What is it about cancer's biology that makes it hard to eradicate And most importantly are we on the way to a cure *One in Three* is both a son's personal story and a journalistic take on cancer's history outlining the encouraging story of science's progress in changing the outlook on cancer from a disease we die from to one we live with Covering the discovery of the disease its treatment and its prevention this is a story of both hardship and hope and a helpful companion for anyone dealing with this all too common illness as a patient a loved one or a caregiver An engaging presentation of facts reported with the cool detachment of a professional journalist interspersed with the raw feelings of a son recording the progress of his father's fatal illness what's right and wrong within the medical community and the emotional toll on everyone involved with the father and son's journey Booklist Fascinating *San Francisco Chronicle* Makes abstract science accessible and dignifies a human story with the insights of medicine Andrew Solomon *New York Times* bestselling and National Book Award winning author of *Far from the Tree* **Cancer-gate** Samuel Epstein, 2019-08-22 Award winning author Samuel S Epstein M D whose 1978 book *The Politics of Cancer* shook the political establishment by showing how the federal government had been corrupted by industrial polluters has written a book that is sure to be of equal consequence *Cancer Gate How to Win the Losing Cancer War* is a groundbreaking new book It warns that contrary to three decades of promises we are losing the winnable war against cancer and that the hand in glove generals of the federal National Cancer Institute NCI and the private nonprofit American Cancer Society ACS have betrayed us These institutions Epstein alleges have spent tens of billions of taxpayer and charity dollars primarily targeting silver bullet cures strategies that have largely failed while virtually ignoring strategies for preventing cancer in the first place As a result cancer rates have escalated to epidemic proportions now striking nearly one in every two men and more than one in every three women This translates into approximately 50 percent more cancer in men and 20 percent more cancer in women over the course of just one generation **Woman** Natalie Angier, 2000 The author explores the essence of what it means to be a woman in body and mind as she shares her thoughts on everything from organs to orgasm and menopause **Radiation Hormesis** T.
