Natural Readers And Writers:

The Whole Language Kindergarten Shirley C. Raines, Robert J. Canady, 1990 Teachers interested in transforming their traditional kindergartens into child centred Whole Language classrooms now have a model for change

The Secret of Natural Readers Ada Anbar, 2004-10-30 It has been recognized since the 1980s that literacy begins to develop a long time before formal schooling begins In today s literate environment children start learning to read much as they learn to speak through playful print interactions with their parents older siblings or other adults beginning in year one A sharp debate about the best approach to developing early childhood literacy is now brewing between reading instruction experts who tend to advocate direct instruction of skills and preschool educators who know that preschoolers learn best through play This book provides a model for action that may help to settle the debate Interactions that involve the printed word occur spontaneously between young children and adults in the context of daily life activities This is true to a greater or lesser degree in essentially all socioeconomic and cultural environments Recognizing the critical importance of the early years for the development of literacy the National Association for the Education of Young Children NAEYC and the International Reading Association IRA formulated in 1998 a joint position statement regarding early literacy That statement included a set of general recommendations for teaching practice But following the Bush administration s No Child Left Behind legislation of January 2002 and the establishment of the Reading First and Early Reading First programs early childhood educators are now under heavy pressure to be more specific and to issue standards or shared expectations for the literacy development of all children below kindergarten age Utilizing the actual experiences of six preschool children The Secret of Natural Readers documents the process of reading development through stories of their early years The author discusses the implications of natural reading development and its feasibility among preschoolers from different segments of the population She also spells out for parents and early childhood teachers critical information on how preschool children should learn to read

Reading-Writing Connections Mary F. Heller, 1999-04 Reprint of 2 e originally published by Addison Wesley Longman This language arts textbook focuses on appropriate methods materials enabling elementary middle school teachers to integrate reading writing listening speaking in K 8 classrooms
