Nature Destiny Of Man 2 In 1vol:

Love Your Enemies Lisa Sowle Cahill,1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized **The Bonds of Freedom** Rebekah L.

Miles,2001-08-23 In this constructive study Miles proposes a new feminist theological ethic drawing together the contributions of Reinhold Niebuhr Sharon Welch and Rosemary Ruether Seeking to critically reappropriate the Christian realism articulated by Niebuhr she reinterprets solutions to problems emergent from his theology Miles presents feminist Christian realism as an alternative that can reclaim a positive interpretation of divine transcendence and human self transcendence while maintaining newer emphases on human boundedness and divine immanence Theologians and ethicists will find her critical reassessment of the three authors distinctive and her challenging proposal for a positive creative transformation a significant contribution to the development of feminist ethics **God's Patience and our Work** Ben

Fulford,2024-02-28 In God's Patience and our Work Ben Fulford argues that Hans Frei's theology and ethics offers unheralded but valuable resources for thinking about the social and political engagement of Christian communities in pluralistic societies in light of hope in Jesus Christ He shows how Frei's project of recovering the conditions for and shape of a generous orthodoxy runs through his work offering broad flexible vision of Christian identity ethical responsibility and humanistic witness focused in the person and presence of Jesus Christ In dialogue with liberation theologies Fulford draws from Frei an account of divine patience and providence to frame hopeful pragmatic Christian participation in work for dignity justice and penultimate reconciliation rooted in new and deeper contextual reading of his work **Reinhold Niebuhr** Robin

W. Lovin,2007 An introduction and significance of one of the twentieth century's most influential theologians Reinhold Niebuhr **The Entangled God** Kirk Wegter-McNelly,2012-03-12 In *The Entangled God* Kirk Wegter McNelly addresses the age old theological question of how God is present to the world by constructing a novel scientifically informed account of the God world relation Drawing on recent scientific and philosophical work in quantum entanglement Wegter McNelly develops the metaphor of divine entanglement to ground the relationality and freedom of physical process in the power of God's relational being *The Entangled God* makes a three fold contribution to contemporary theological and religious discourse First it calls attention to the convergence of recent theology around the idea of relationality Second it introduces theological and religious readers to the fascinating story of quantum entanglement Third it offers a robust plerotic alternative to kenotic accounts of God's suffering presence in the world Above all this book takes us beyond the view of theology and science as adversaries and demonstrates the value of constructively relating these two important areas of intellectual investigation *Confessing Christ* Keith S. Whitfield,Steven A. McKinion,Christine E. Thornton,2024-11-01

Edited by Baptist scholars Steven A McKinion Christine E Thornton and Keith S Whitfield *Confessing Christ An Introduction to Baptist Dogmatics* offers a unique and comprehensive exploration of Baptist theology Grounded in the belief that theology is both exploratory and explanatory the book introduces a historical covenantal ecclesial and confessional approach to Baptist Dogmatics Each essay delves into a specific area of dogmatic theology covering essential topics such as God Scripture anthropology Christology salvation ecclesiology the sacraments the Christian life and eschatology The volume editors emphasize the importance of renewing Baptist life and mission through a rediscovery of the rich theological heritage By understanding and engaging with this tradition Baptist Christians can express their faith more authentically in the contemporary context and future endeavors The book s four key elements historical covenantal ecclesial and confessional provide a structured framework for exploring core Christian doctrines within the context of Baptist dogmatics Each chapter incorporates biblical exegesis and dialogue with at least one historical Baptist theologian *Confessing Christ* stands as a significant contribution to the field of Baptist dogmatics serving as essential reading for Baptist scholars pastors and church leaders seeking a deeper understanding of the Baptist theological tradition and its contemporary relevance

Compromised Goods Ruth Lessl Shively, 1997 Nietzsche or Aristotle Moral subjectivism or moral objectivism Faced with these stark alternatives more and more American political theorists and philosophers find themselves in the middle asserting that moral truth is neither objective fact nor subjective fiction but a social construction However understandable such a compromise is precisely that a compromising position Ruth Lessl Shively contends A powerful critique of this middle position her book makes a compelling argument for moral realism as the only workable answer to the real dilemmas of political theory and moral life

Augustine Our Contemporary Willemien Otten, Susan E. Schreiner, 2018-05-30 In the massive literature on the idea of the self the Augustinian influence has often played a central role The volume *Augustine Our Contemporary* starting from the compelling first essay by David W Tracy addresses this influence from the Middle Ages to modernity and from a rich variety of perspectives including theology philosophy history and literary studies The collected essays in this volume all engage Augustine and the Augustinian legacy on notions of selfhood interiority and personal identity Written by prominent scholars the essays demonstrate a connecting thread Augustine is a thinker who has proven his contemporaneity in Western thought time and time again He has been the contemporary of thinkers ranging from Eriugena to Luther to Walter Benjamin and Jacques Derrida His influence has been dominant in certain eras and in others he has left traces and fragments that when stitched together create a unique impression of the presentness of Christian selfhood As a whole *Augustine Our Contemporary* sheds relevant new light on the continuity of the Western Christian tradition This volume will interest academics and students of philosophy political theory and religion as well as scholars of postmodernism and Augustine Contributors Susan E Schreiner David W Tracy Bernard McGinn Vincent Carraud Willemien Otten Adriaan T Peperzak David C Steinmetz Jean Luc Marion W Clark Gilpin William Schweiker Franklin I Gamwell Jean Bethke Elshtain

Fred Lawrence and Fran oise Meltzer *The Politics of God* Kathryn Tanner, 2022-11-15 Thirty years ago Kathryn Tanner put forward a daring proposal Traditional Christian theologies she insisted can be a source of political transformation rather than a sponsor of the status quo Through a rigorous analysis of Christian beliefs in their historical theological and social diversity Tanner connects belief to attitudes and action and shows how doctrines can relate to each other to social systems and to ethical behavior Drawing on the theologies of divine transcendence and creation that animate and organize so much of her work *The Politics of God* frees traditional theology from its captivity to unjust rulers and systems and unleashes its radical potential for liberation empowerment and the pursuit of a just society This anniversary edition includes a major new preface in which Tanner addresses the changes in the social and political situation that have accumulated in the decades since the book s publication and resituates her argument for a new generation of theologians and activists **Catalogue of the free public library, Sydney, 1876.
