Nature's Government Richard Drayton, Richard Harry Drayton, 2000-01-01 This daring attempt to juxtapose the histories of Britain western science and imperialism shows how colonial expansion from the age of Alexander the Great to the 20th century led to complex kinds of knowledge *Natural Science and the Origins of the British Empire* Sarah Irving, 2015-09-30 Represents a history of the British Empire that takes account of the sense of empire as intellectual as well as geographic dominion the historiography of the British Empire with its preoccupation of empire as geographically unchallenged sovereignty overlooks the idea of empire as intellectual dominion *Eco-Cultural Networks and the British Empire* James Beattie, Edward Melillo, Emily O'Gorman, 2014-12-18 19th century British imperial expansion dramatically shaped today's globalised world Imperialism encouraged mass migrations of people shifting flora fauna and commodities around the world and led to a series of radical environmental changes never before experienced in history *Eco Cultural Networks and the British Empire* explores how these networks shaped ecosystems cultures and societies throughout the British Empire and how they were themselves transformed by local and regional conditions This multi authored volume begins with a rigorous theoretical analysis of the categories of empire and imperialism Its chapters written by leading scholars in the field draw methodologically from recent studies in environmental history post colonial theory and the history of science Together these perspectives provide a comprehensive historical understanding of how the British Empire reshaped the globe during the 19th and 20th centuries This book will be an important addition to the literature on British imperialism and global ecological change *The Oxford History of the British Empire: The eighteenth century* Peter James Marshall, 1998 Examines the history of British worldwide expansion from the Glorious Revolution of 1689 to the end of the Napoleonic Wars a crucial phase in the creation of the modern British Empire **The East India Company and the Natural World** V.
