Making Pictures of War Laura Battini, 2016-07-10 This book brings together the main discussions that took place at an international conference on the iconology of war in the ancient Near East a subject never addressed at an international meeting before Johannine Sabbath Conflicts as Juridical Controversy Martin Asiedu-Pepurah, 2001 There is unanimity among Johannine scholars that one distinctive characteristic of the Fourth Gospel is the fact that the evangelist presents Jesus as caught in long drawn out juridical confrontations between himself and the Jews Martin Asiedu Pepurah examines the two Sabbath conflict narratives in the Fourth Gospel from a narrative critical perspective and thus takes a fresh look at the Johannine juridical metaphor In doing so he attempts to pursue a three fold objective First he determines the precise nature of the juridical metaphor used in the two narratives and on the strength of it he undertakes a critical reading of the texts under study with the view to shedding new light on their meaning Then he examines the role of this specific juridical metaphor in the two narratives The question here is for what purpose and how is this specific juridical metaphor used within the narrative framework of the two narratives Finally he explores the historical setting of the two narratives and infers from it the social function the juridical metaphor would have played within the Johannine Sitz im Leben In the light of his results Martin Asiedu Pepurah makes an attempt to examine very briefly the entire section of John 5 1 10 42 to see if the presence of the juridical controversy pattern in this section can throw light on one crucial issue in Johannine research namely the purpose of the Gospel in its present form **Israel's Divine Healer** Michael L. Brown, 1995 Israel s Divine Healer begins with a study of various Hebrew words on healing It then explores within the larger context of the Ancient Near Eastern

religions the roles of medicine magic and the physician priest together with their possible influences upon Israel's beliefs and practices regarding healing
