The Partition of Ireland 1911-1925 Michael Laffan, Dublin Historical Association, 1987 Partition of Ireland 1911-1925 Michael Laffan, Historical Association Of Ireland Staff, 1993-08 Dividing Ireland Thomas Hennessey, 1998 This text provides an assessment of the First World War in Ireland and its consequences a way to understanding the complexities of the Irish nation at the end of the 20th century Ireland and the Federal Solution John Kendle, 1989 The Irish question was so central to the discussion of the United Kingdom constitution that many of the federal schemes which were developed from 1870 to 1922 focused on resolving the problem of home rule for Ireland John Kendle examines this key issue in depth and gives full attention to the concerns and ideas of Scottish and Welsh nationalists as well The debate over internal constitutional change took place at a time when many people were concerned about relations between Great Britain and the self governing colonies The issue of Imperial federation was continuously and exhaustively discussed and promoted from the late 1860s through World War I The waters became so muddled that at times it has been difficult to separate arguments for closer imperial union from proposals for internal decentralization Kendle comments extensively on this confusion During the fifty years from the early 1870s to the establishment of the Irish Free State in 1922 politicians and publicists devoted considerable energy and attention to the notions of home rule all round devolution and federalism as possible means of resolving the urgent political administrative and constitutional issues confronting the United Kingdom The increasing complexity of government business the gathering forces of ethnic nationalism in Ireland Scotland and Wales and concern with maintaining and strengthening the role of the parliament at Westminster in imperial affairs combined to keep the possibility of decentralization at the forefront of political and public debate Kendle explores and analyzes the motives and attitudes of participants in this debate and looks at the schemes and proposals that resulted from this power struggle Ireland and the Federal Solution gives a lucid appraisal of what was meant at the time by the terms federalism home rule all round and devolution and evaluates how firmly the participants grasped the constitutional similarities and differences between existing federal systems *Fianna Fail, Partition and Northern Ireland, 1926-1971* Stephen Kelly, 2013-05-06 xx *The Root of All Evil* Cormac Moore, 2025-05-06 In May 1922 James Craig described the Boundary Commission as the root of all evil for Ulster unionists Conversely it ultimately bolstered the unionist cause leaving the border unchanged and abandoning swathes of Northern nationalists who had assumed that large tracts of land would be transferred to the Free State Offered to Sinn F in plenipotentiaries during the 1921 Treaty negotiations the Boundary Commission was viewed as a major concession by David Lloyd George but the vague wording of the clause agreed to by the Irish delegation would prove disastrous Delayed by the civil war and Unionist non cooperation the Boundary Commission finally convened in 1924 hampered from the get go by Sinn F in s naivety the intransigence of Ulster unionists and the duplicity of successive British governments It disbanded less than a year later without an inch gained for the twenty six counties After 1925 the nationalist community in the North had to

accept that whether they liked it or not that they were citizens of Northern Ireland their trust in both British and Free State governments irrevocably damaged One hundred years on Cormac Moore illuminates the fascinating and infuriating story behind the Boundary Commission's momentous failure *A New History of Ireland: Ireland under the Union, II, 1870-1921* Daibhi O. Croinin, William Edward Vaughan, 2005
