Partners in Need Brenda Shaffer, 2001 Between Russia and Iran: Room to Pursue American Interests in Syria John W. Parker, *Strategic Asia 2008-09: Challenges and Choices* National Bureau of Asian Research (U.S.), 2008 The eighth volume in NBR's Strategic Asia series assesses the major strategic choices on Asia facing the new U.S. president and administration as well as the broader policy community Through a combination of country regional and topical studies the book analyzes the impact of U.S. policy and geopolitical developments on Asia's transformation over the past eight years

India and Russia, Towards Strategic Partnership Shams-ud-din, 2001 Contributed articles presented at the International Seminar on Indo Russian Relations on 23-25 Nov 2000 at New Delhi The Rise of China and the China-Russia Strategic Partnership Lei Yu, 2025-02-08 This book argues that China's quest for a strategic partnership with Russia reveals the country's desire to create a geopolitical environment in favour of their country's re-emergence as a great power at the systemic global level The partnership with its no limit is expected to help China counterbalance its perceived US containment and reshape the US dominated world order By intensifying Sino Russian economic and energy cooperation and trade in the framework of the partnership China attempts to gain entry to Russia's markets and particularly its energy resources to sustain its economic growth that is viewed by Deng Xiaoping as the basis underlying China's hard power and particularly its military capabilities By intensifying their military collaboration China seeks to gain entry to Russia's military weaponry and technology for the modernization of the People's Liberation Army PLA and work together with Russia to contain their perceived US unilateralism hegemonism and interventionism The Chinese foreign policy elites increasingly view US unilateralism and hegemonism as detrimental to China's core interests e.g. its territorial integrity and national rejuvenation This sheds light on why the Chinese foreign policy elites conceive the China Russia partnership as vital for China's peaceful development commonly known as peaceful rise overseas and the ballast stone for global peace and strategic stability This book will be of interest to sinologists and scholars of China's foreign policy

Russia's Policies Toward the Axis of Evil United States. Congress. House. Committee on International Relations,2003

Russia in the Middle East and North Africa Chiara Lovotti, Eleonora Ambrosetti, Christopher Hartwell, Aleksandra Chmielewska, 2020-04-14 After decades of intense interest and rivalry with the USA the end of the Cold War and the dismantling of the USSR officially marked a period of significant retreat of Russia from the Middle East and North Africa MENA However with Russia's economic recovery and the entrenchment of President Vladimir Putin Russia's interest in the region has risen anew Once again seen as a battleground to contest US hegemony Russia has expanded its political military and to a lesser extent economic relationships across the region Most apparent in the military intervention in Syria Russia has also been engaged with traditional rivals Iran Saudi Arabia and Turkey stepping into the vacuum left by the US Obama Administration Is Russia's reengagement part of a strategy or is it mere opportunism Authors with different backgrounds experiences and origins examine this question via an analysis of the historical drivers of Russian interest in the MENA region and the factors underlying current Russian policies

Iran's Deadly Ambition Ilan Berman, 2016-12-06 Are we on the cusp of détente with Iran Conventional wisdom certainly seems to believe so Since the start of diplomacy between the Islamic Republic and the P5+1 powers the United States France England Russia China Germany in November 2013 hopes have been running high for a historic reconciliation of Iran's clerical regime with the West Yet there is ample reason for skepticism that the United States and its allies can truly curb Iran's nuclear ambitions by diplomatic means Moreover the West's current focus on Iran's nuclear program is deeply dangerous insofar as it fails to recognize let alone address Iran's other international activities or its foreign policy aims Those objectives are global and they continue to grow in scope and menace In this sobering book Ilan Berman illuminates the multiple dimensions of the Iranian threat and exposes the perils of lodging confidence in diplomacy with the Islamic Republic

Russian Foreign Policy Towards the Middle East Nikolay

Kozhanov, 2022-07-01 This book sheds light on Russia's motives in the Middle East examining its growing role in the region and its efforts to defend its national interests As one of the first volumes to address both domestic and external drivers it provides a valuable multi-dimensional account of Moscow's foreign policy Russian Foreign Policy Towards the Middle East also traces the historical evolution of Russia's presence in the region comparing Moscow's current vision of its diplomatic priorities with the strategic goals of the Soviet Union Diverse case studies reveal areas of both divergence and convergence between Russia and various Middle Eastern players on a range of issues including the Syrian Civil War Iran's regional activities and the Yemeni conflict In an era of renewed global tensions this volume provides an important corrective to the

notion that Russia's Cold War era confrontation with the West determines its contemporary approach to the Middle East. No less important are economic interests and domestic security considerations which push Moscow towards greater interaction with the region. Only by examining both new trends and old traditions can we understand Russia's significance as a global player today.

Iran and China Shirzad Azad, 2017-02-09. Because of their historical roles and politico-economic significance in contemporary international politics, Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world. Crucial interactions touching upon any aspect of Tehran-Beijing ties, from diplomatic and military links to economic and cultural connections, have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments, sensational claims and impetuous conclusions. But a detached probe into critical developments involving Iran and China, however, elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear-cut commitments, nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well-conceived objectives in long run. In the same way, the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally, rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership.
