"The best account we have of the Far Right in
American history." —*The Journal of Southern History*

Party Of Fear From Nativist Movements To The New Right In American History

Cas Mudde

Party Of Fear From Nativist Movements To The New Right In American History:

The Party of Fear David H. Bennett, 1995-11-14 Why for two hundred years have some American citizens seen this country as an endangered Eden to be purged of corrupting peoples or ideas by any means necessary To the Know Nothings of the 1850s the enemy was Irish immigrants To the Ku Klux Klan it was Jews blacks and socialists To groups like the Michigan Militia the enemy is the government itself and some of them are willing to take arms against it The Party of Fear which has now been updated to examine the right wing resurgence of the 1990s is the first book to reveal the common values and anxieties that lie beneath the seeming diversity of the far right From the anti Catholic riots that convulsed Philadelphia in 1845 to the 1995 bombing in Oklahoma City it casts a brilliant cautionary light not only on our political fringes but on the ways in which ordinary Americans define themselves and demonize outsiders

The Party of Fear David Harry Bennett, 1988 David Bennett presents a ground breaking historical analysis of the forces shaping nativist and counter subversive activity in America from colonial times to the present He demonstrates that in this nation of immigrants the American Right did not emerge from postfeudal parties of privilege or from the social chaos that bred a Hitler or Mussolini in Europe It arose instead in antialien movements repeatedly fueled by the burning desire to answer the question Who are the real Americans Beginning with the Know Nothings and the American Protective Association of the nineteenth century through the Red Scare of 1919 and the Ku Klux Klan of the twenties to the Coughlin movement of the thirties McCarthyism and the Birch Society in postwar America and finally the neofascists and New Right of the eighties Bennett impartially views the concerns of right wing movements from the perspective of their own fears and anxieties He shows in a panoramic way how right wing movements in this country evolved from movements against un American peoples to movements against ideas that are considered by some to be alien and un American Bennett examines today s religious Right and political hard right the worlds of Jerry Falwell Pat Robertson Richard Viguerie Paul Weyrich and their colleagues This new political force which arose out of the upheavals of the sixties and the disappointments of the seventies differs from earlier ones in that the target is no longer foreign influences but perceived evils within our own society Bennett concludes this important book by suggesting that the political extremism of the Right will remain a powerful force in American life

The Nativist Movement in America Katie Oxx, 2013-07-15 By the mid nineteenth century anti Catholicism had become a central conflict in America Fueling the dissent were Protestant groups dedicated to maintaining what they understood to be the Christian vision and spirit of the founding fathers Afraid of the religious and moral impact of Catholics they advocated for stricter laws in order to maintain the Protestant predominance of America Of particular concern to some of these native born citizens or nativists were Roman Catholic immigrants whose increasing presence and perceived allegiance to the pope alarmed them The Nativist Movement in American History draws attention to the religious dimensions of nativism Concentrating on the mid nineteenth century and examining the anti Catholic violence that erupted along the East Coast Katie Oxx historicizes the burning of an

Ursuline convent in Charlestown Massachusetts the Bible Riots in Philadelphia and the theft and destruction of the Pope's Stone in Washington D C In a concise narrative together with trial transcripts and newspaper articles poems and personal narratives the author introduces the nativist movement to students illuminating the history of exclusion and these formative clashes between religious groups

Confronting Right Wing Extremism and Terrorism in the USA George Michael, 2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American politics Jacket

Fascism in America Gavriel D. Rosenfeld, Janet Ward, 2023-09-14 Has fascism arrived in America In this pioneering book Gavriel D Rosenfeld and Janet Ward have gathered experts to survey the history of fascism in the United States Although the US established a staunch anti fascist reputation by defeating the Axis powers in World War II the unsettling truth is that fascist ideas have long been present within American society Since the election of Donald Trump as President in 2016 scholars have debated whether Trumpism should be seen as an outgrowth of American conservatism or of a darker and potentially fascist tradition Fascism in America contributes to this debate by examining the activities of interwar right wing groups like the Silver Shirts the KKK and the America First movement as well as the post war rise of Black antifascism and white vigilantism the representation of American Nazis in popular culture and policy options for combating right wing extremism

Spider Web Nick Fischer, 2016-05-15 The McCarthy era witch hunts marked the culmination of an anticommunist crusade launched after the First World War With Bolshevism triumphant in Russia and public discontent shaking the United States conservatives at every level of government and business created a network dedicated to sweeping away the spider web of radicalism they saw threatening the nation In this groundbreaking study Nick Fischer shines a light on right wing activities during the interwar period Conservatives eager to dispel communism's appeal to the working class railed against a supposed Soviet directed conspiracy composed of socialists trade unions peace and civil liberties groups feminists liberals aliens and Jews Their rhetoric and power made for devastating weapons in their systematic war for control of the country against progressive causes But as Fischer shows the term spider web far more accurately described the anticommunist movement than it did the makeup and operations of international communism Fischer details how anticommunist myths and propaganda influenced mainstream politics in America and how its ongoing efforts paved the way for the McCarthyite Fifties and augured the conservative backlash that would one day transform American politics

Antisemitism Before and Since the Holocaust Anthony McElligott, Jeffrey Herf, 2017-04-03 Divided into five discrete sections this book examines the issue of Holocaust denial and in some cases Holocaust inversion in North America Europe and the Middle East and its relationship to the history of antisemitism before and since the Holocaust It thus offers both a historical and contemporary perspective This volume includes observations by leading scholars delivering powerful even

controversial essays by scholars who are reporting from the frontline It offers a discussion on the relationship between Christianity and Islam as well as the historical and contemporary issues of antisemitism in the USA Europe and the Middle East This book explores how all of these issues contribute consciously or otherwise to contemporary antisemitism The chapters of this volume do not necessarily provide a unity of argument nor should they Instead they expose the plurality of positions within the academy and reflect the robust discussions that occur on the subject **Intended Consequences** Donald T. Critchlow,2001-05-10 After World War II U S policy experts convinced that unchecked population growth threatened global disaster successfully lobbied bipartisan policy makers in Washington to initiate federally funded family planning In **Intended Consequences** Donald T Critchlow deftly chronicles how the government s involvement in contraception and abortion evolved into one of the most bitter partisan controversies in American political history The growth of the feminist movement in the late 1960s fundamentally altered the debate over the federal family planning movement shifting its focus from population control directed by established interests in the philanthropic community to highly polarized pro abortion and anti abortion groups mobilized at the grass roots level And when the Supreme Court granted women the Constitutional right to legal abortion in 1973 what began as a bi partisan quiet revolution during the administrations of Kennedy and Johnson exploded into a contentious argument over sexuality welfare the role of women and the breakdown of traditional family values **Intended Consequences** encompasses over four decades of political history examining everything from the aftermath of the Republican moral revolution during the Reagan and Bush years to the current culture wars concerning unwed motherhood homosexuality and the further protection of women s abortion rights Critchlow s carefully balanced appraisal of federal birth control and abortion policy reveals that despite the controversy the family planning movement has indeed accomplished much in the way of its intended goal the reduction of population growth in many parts of the world Written with authority fresh insight and impeccable research **Intended Consequences** skillfully unfolds the history of how the federal government found its way into the private bedrooms of the American family **The Ku Klux Klan** Michael Newton,2024-12-19 This monumental reference work is a comprehensive guide to the Ku Klux Klan It begins with a brief history of the KKK from antebellum predecessors to the present day Subsequent chapters cover beliefs including white supremacy nativism religion moralism and education terms and abbreviations with a definitive glossary biographies of prominent historical Klansmen and profiles of KKK groups and front groups profiles of individuals and groups linked or friendly to the Klan an historical overview of the Klan in politics including friendly and adversarial politicians a discussion of activities in the United States and abroad the use of violence with a roster of murder victims a compilation of arson and bombing incidents and sketches of riots and lynchings state and federal efforts to police or infiltrate the Klan watchdog groups and current and historic journalists who covered Klan activities Appendices provide a KKK timeline and reproductions of several key Klan documents **American Immigration** James Ciment,John Radzilowski,2015-03-17 Thoroughly revised

and expanded this is the definitive reference on American immigration from both historic and contemporary perspectives It traces the scope and sweep of U S immigration from the earliest settlements to the present providing a comprehensive multidisciplinary approach to all aspects of this critically important subject Every major immigrant group and every era in U S history are fully documented and examined through detailed analysis of social legal political economic and demographic factors Hot topic issues and controversies from Amnesty to the U S Mexican Border are covered in depth Archival and contemporary photographs and illustrations further illuminate the information provided And dozens of charts and tables provide valuable statistics and comparative data both historic and current A special feature of this edition is the inclusion of more than 80 full text primary documents from 1787 to 2013 laws and treaties referenda Supreme Court cases historical articles and letters

The Populist Radical Right Cas Mudde,2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research

Roman Catholicism in the United States Margaret M. McGuinness,James T. Fisher,2019-02-05 A collection of essays providing an extensive history of Catholicism in America from numerous perspectives Roman Catholicism in the United States A Thematic History takes the reader beyond the traditional ways scholars have viewed and recounted the story of the Catholic Church in America The collection covers unfamiliar topics such as anti Catholicism rural Catholicism Latino Catholics and issues related to the establishment of diplomatic relations between the Vatican and the US government The book continues with fascinating discussions on popular culture film and literature women religious and the work of US missionaries in other countries The final section of the books is devoted to Catholic social teaching tackling challenging and sometimes controversial subjects such as the relationship between African American Catholics and the Communist Party Catholics in the civil rights movement the abortion debate issues of war and peace and Vatican II and the American Catholic Church Roman Catholicism in the United States examines the history of US Catholicism from a variety of perspectives that transcend the familiar account of the immigrant urban parish which served as the focus for so many American Catholics during the nineteenth and first half of the twentieth centuries Praise for Roman Catholicism in the United States All of the essays are informative and written in a style suitable to both novices and scholars of American

Catholic history Choice Any scholar currently writing books or articles on American Catholic history would do well to pick up this volume American Catholic Studies I've seen the future of American Catholic studies and it is in this superb collection of consistently engaging provocative and well written essays This is now required reading for scholars and students of the Catholic experience in the United States Mark Massa S J Director The Boisi Center for Religion and American Public Life Boston College

William Dudley Pelley Scott Beekman, 2005-10-17 William Dudley Pelley was one of the most important figures of the anti Semitic radical right in the twentieth century Best remembered as the leader of the paramilitary Silver Shirts Pelley was also an award winning short story writer Hollywood screenwriter and religious leader During the Depression Pelley was a notorious presence in American politics he ran for president on a platform calling for the ghettoization of American Jews and was a defendant in a headlinegrabbing sedition trial thanks to his unwavering support for Nazi Germany Scott Beekman offers not only a political but also an intellectual and literary biography of Pelley greatly advancing our understanding of a figure often dismissed as a madman or charlatan His belief system composed of anti Semitism economic nostrums racialism neo Theosophical channeling and millenarian Christianity anticipates the eclecticism of later cult personalities such as Shoko Asahara leader of Aum Shinrikyo and the British conspiracy theorist David Icke By charting the course of Pelley's career Beekman does an admirable job of placing Pelley within the history of both the anti Semitic right and American occult movements This exhaustively researched book is a welcome addition to the growing body of scholarship on American extremism and esoteric religions

Contemporary Far-Right Thinkers and the Future of Liberal Democracy A. James McAdams, Alejandro Castrillon, 2021-09-27 This book is the first systematic analysis of the efforts of a broad range of contemporary far right thinkers to popularize their critiques of liberal democratic norms and institutions and make their ideas the subjects of sustained political and academic debate The book focuses on outspoken thinkers in western and eastern Europe Russia the United States Canada and Australia They include Alain de Benoist Guillaume Faye G tz Kubitschek Pat Buchanan Fr i Midjord Jason Jorjani contributors to the online magazine Quillette and the elusive personality known as the Bronze Age Pervert The book explores the diverse intellectual foundations of these thinkers positions the similarities and differences in their ideas and their prospects for influencing attitudes about democratic politics within their respective countries It examines diverse movements and schools of thought including the European New Right Paleoconservatism the Alt right Identitarianism White nationalism and antifeminism Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism right wing extremism identity politics fascism racism and conservatism

The Oxford Encyclopedia of American Cultural and Intellectual History Joan Shelley Rubin, Scott E. Casper, 2013-03-14 The Oxford Encyclopedia of American Cultural and Intellectual History brings together in one two volume set the record of the nation's values aspirations anxieties and beliefs as expressed in both everyday life and formal bodies of thought Over the past twenty years the field of cultural history has

moved to the center of American historical studies and has come to encompass the experiences of ordinary citizens in such arenas as reading and religious practice as well as the accomplishments of prominent artists and writers. Some of the most imaginative scholarship in recent years has emerged from this burgeoning field. The scope of the volume reflects that development: the encyclopedia incorporates popular entertainment ranging from minstrel shows to video games, middlebrow ventures like Chautauqua lectures and book clubs, and preoccupations such as Perfectionism and Wellness that have shaped Americans' behavior at various points in their past and that continue to influence attitudes in the present. The volumes also make available recent scholarly insights into the writings of political scientists, philosophers, feminist theorists, social reformers, and other thinkers whose works have furnished the underpinnings of Americans' civic activities and personal concerns. Anyone wishing to understand the hearts and minds of the inhabitants of the United States from the early days of settlement to the twenty-first century will find the encyclopedia invaluable. *Rural Democracy* Marilyn P.

Watkins, 2019-05-15 What happens to social movements in rural settings when they do not face the divisive issues of race and class? Marilyn Watkins examines the stable political climate built by successive waves of Populism, socialism, the farmer labor movement, and the Grange in turn-of-the-century western Washington. She shows how all of these movements drew upon the same community base, empowered farmers, and encouraged them in the belief that democracy, independence, and prosperity were realizable goals. Indeed, they were in a setting where agriculture was diversified, farmers were debt-free, and critically, women enjoyed equal status as activists in social movements. *Rural Democracy* illuminates the problems that undermined Populism and other forms of rural radicalism in the South and the Midwest by demonstrating the political success of those movements where such problems were notably absent in Lewis County, Washington. By so doing, Watkins convincingly demonstrates the continuing value of local community studies in understanding the large-scale transformations that continue to sweep over rural America. **DOMESTIC TERRORISM AND INCIDENT MANAGEMENT** Miki Vohryzek, Gayle

Olson-Raymer, Jeffery O. Whamond, 2001-01-01 After reading this text, the reader will have a fuller understanding of the nature of domestic terrorism and a clearer understanding of the basics. These basics include a review of the complex history that spans thousands of years, an explanation of definitions, a review of contemporary domestic terrorism, and the examination of intelligence gathering, threat analysis, and emergency responses to terrorism incident management. It is hoped that such knowledge as presented here will enhance the public's understanding of domestic terrorism and law enforcement's ability to prevent and respond to its acts. It focuses almost exclusively on right-wing domestic terrorism because of its strong presence in the last twenty years and the projection of experts that right-wing terrorism will prevail well into the twenty-first century. The book is divided into three parts. The first part deals with definitional problems associated with policymakers and law enforcement's handling of terrorism, an historical overview of terrorism and terrorist incidents in the global community, and an historical examination of terrorism from below in the United States. Part Two addresses the American Hate Movement and

patriot militia activities It also discusses the emergence of special interest extremist and terrorism groups that advocate violence based on an ideology or belief which may include the desire for political and social change They include ecological resistance groups antienvironmental movements animal rights and antiabortion activists Part Three focuses on effective criminal intelligence gathering techniques and the implementation of terrorism incident management strategies Waves of Rancor Robert L. Hilliard, Michael C. Keith, 2016-07-01 The airwaves in America are being used by armed militias conspiracy theorists survivalists the religious right white supremacists neo Nazis and other radical groups to reach millions with their messages of hate and fear Waves of Rancor examines the origin nature and impact of right wing electronic media including radio television cable the internet and even music CDs **American Swastika** Pete Simi, Robert Futrell, 2015-07-09 This second edition of American Swastika provides an up to date perspective on the white power movement in America Featuring powerful case studies interviews and first person accounts the book takes readers through hidden enclaves of hate exploring how white supremacy movements thrive nationwide and how we can work to prevent future violence **A Companion to Lyndon B. Johnson** Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson's life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President

Thank you entirely much for downloading **Party Of Fear From Nativist Movements To The New Right In American History**.
