American parenting a winning mix of witty cross cultural observation hilariously blunt French wisdom and one American mom s journey to create her own hybrid parenting approach If there is no blood don t get up This single nugget of parenting gold offered by a French friend at the end of a long dinner party changed everything for writer Catherine Crawford her husband and especially the couple s two young daughters Crawford immediately began to see that while the United States had become the land of too involved parents forever wanting to talk through their kids feelings about well everything France
