

Une nuit, un inconnu gravement blessé se réfugie chez Anita Boucher et tombe raide mort sur son lit. Paroquet, Anita s'efforce d'identifier le faîte et trouve Jean-Pierre Michoulet, étudiant en médecine, qui accepte de placer le cadavre dans le coffre de la voiture de son père, en déplacement à l'étranger. Mais leur plan est contrarié par le retour inopiné de papa Michoulet qui reprend sa voiture pour rejoindre sa femme en Suisse. Succès de stupre sur coffre. Jean-Pierre et Anita se lancent à sa poursuite.

Further, a number of studies have shown that the frequency of use of the Internet is positively related to the use of other information technologies (e.g., word processing, spreadsheets, etc.). For example, a study by the Pew Research Center (2001) found that the more frequently people use the Internet, the more likely they are to use other information technologies. This suggests that the Internet may be a key technology for the development of other information technologies.

Les conduites addictives sont devenues un enjeu de santé majeur en termes de prévention et de soins. Les addictions concernent des substances légales, des produits illicites et des comportements. Ainsi, l'addictologie s'est constituée en discipline nouvelle synthétisant l'ensemble des aspects cliniques, biologiques, socioculturels et thérapeutiques des conduites addictives. Cette troisième édition enrichie qui réunit les plus grands spécialistes de l'addictologie illustre ces avancées par son approche globale. Les données épidémiologiques sont mises à jour, de nouveaux modes de traitements sont exposés, notamment dans les deux chapitres consacrés à la pharmacologie des troubles de l'usage d'alcool et à l'évolution des classifications diagnostiques en addictologie.
