Kupietzky,2007-10-30 Translating visual works into verbal form is clearly a formidable task While libraries have a century of
cooperative cataloguing behind them museums and other cultural institutions have tended to go their separate ways
believing the objects in their collections are unique Dr Kupietzky has put together a guide for digitizing encyclopedic
multilingual museums that promises to both standardize and streamline the process Part I provides a review of the literature
and of the problems concerning methods used in the computerization of museums Part II offers practical guidelines for mono
or multilingual museums seeking to implement a database to aid in cataloguing their holdings A six step process of
computerizing museum collections the SAGE K method was developed to facilitate the application of these ideas by all
