Davis Dean, Jr.,2014-10-15 Tithes and Offerings Perspectives on Christian Giving is the result of a suggestion made to the author by a close Christian friend and consultant His reasoning was that although there are many books on the Christian tithes and offerings they are overwhelmingly legalistic or moralistic Such appeals have often been based upon the popular though false health and wealth gospel This suggestion led the author to consider and examine not only points of conservative church doctrine as they may be applied to the subject but to incidents in Scripture that involved the act of giving This in turn led the author into a research and analysis of the historical and cultural context of the exchange and the profile and life situation of the personages involved in it The final matter to come out of all this reconstruction was to put a flesh and bone humanity upon personages most people only know from Scripture by their names and the deeds associated with them But more in regard to the act of giving there is the considering of what the act meant to them personally and to translate this very human meaning to Christian giving among believers even today *America's Best Recipes* Leisure Arts,Oxmoor House,1995-06 America s Best Recipes showcases over 400 of the highest rated recipes from over 200 current community cookbooks representing every state across America The recipes take you on a cook s tour of regional cuisine family traditions and community concerns of the people who compiled the cookbooks Only the very best recipes were chosen for inclusion in our book The State ,1981-06 **The North Carolina Historical Review** ,1983 The Living Church ,1997 *This United Church of Ours Fourth Edition* Ralph Milton,2016-12-21 The Congregationalist and Christian World ,1905 **North-western Christian Advocate** ,1920 *The Christian Century* ,1925 *And You Call Yourself a Christian* E.N.
