Passage Through Trinidad Journal Of A Surgical Sex Change:

Journal of a Sex Change Claudine Griggs, 2004-10 First published in 1996 as *Passage through Trinidad* journal of a surgical sex change by McFarland Company Inc T p verso *Reclaiming Genders* Stephen Whittle, 2016-10-06 This collection of essays is an interdisciplinary work bringing together an internationally acclaimed group of transgender writers Informed by both academic and street experiences it considers the practical issues faced in changing the world view of gender as well as the limitations of queer feminism and post modernism In a wide ranging set of contributions it addresses our engendered places now and what we can aim for in the future It evaluates the mechanisms we can use to galvanize both the micro theories of gender as a personal experience of oppression and the macro theories of gender as a site of social regulation The collection aims to take identity politics and reclaim identity for the self *Transgender Migrations* Trystan T. Cotten, 2012 *Transgender Migrations* brings together a top notch collection of emerging and established scholars to examine the way that the term migration can be used not only to look at the way trans bodies migrate from one gender to the another but the way that trans people migrate in the larger geopolitical contexts of immigration reform the war on terror the war on drugs and the increased policing of national borders The book centers trans ing experiences identities and politics and treats these identities as inextricably intertwined with other social identities institutions and discourses of sexuality nationality race and ethnicity globalization colonialism and terrorism The chapter authors explore not only the movement of bodies in through and across spaces and borders but also chart the metamorphoses of these bodies in relation to migration and mobility *Transgender Migrations* takes the theory documented in *The Transgender Studies Reader* and blows it up to a global scale It is the logical next step for scholarship in this dynamic emerging field **Modernist Sexualities** Hugh Stevens, Caroline Howlett, 2000 Leading critics from Britain Canada and the US examine modernism s imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays *Gender and Women's Studies, Second Edition* Margaret Hobbs, Carla Rice, 2018-05-03 Now in its second edition *Gender and Women's Studies Critical Terrain* provides students with an essential introduction to key issues approaches and concerns of the field This comprehensive anthology celebrates a diversity of influential feminist thought on a broad range of topics using analyses sensitive to the intersections of gender race class ability age and sexuality Featuring both contemporary and classic pieces the carefully selected and edited readings centre Indigenous racialized disabled and queer voices With over sixty percent

new content this thoroughly updated second edition contains infographics original activist artwork and a new section on gender migration and citizenship The editors have also added chapters on issues surrounding sex work as labour the politics of veiling trans and queer identities Indigenous sovereignty decolonization masculinity online activism and contemporary social justice movements including Black Lives Matter and Idle No More The multidisciplinary focus and the unique combination of scholarly articles interviews fact sheets reports blog posts poetry artwork and personal narratives reflect the vitality of the field and keep the collection engaging and varied Concerned with the past present and future of gender identity gendered representation feminism and activism this anthology is an indispensable resource for students in gender and women's studies classrooms across Canada and the United States

Debates in Transgender, Queer, and Feminist Theory Patricia Elliot, 2016-05-13 Transgender studies is a heterogeneous site of debate that is marked by tensions border wars and rifts both within the field and among feminist and queer theorists Intersecting the domains of women's studies sexuality gender and transgender studies *Debates in Transgender Queer and Feminist Theory* provides a critical analysis of key texts and theories engaging in a dialogue with prominent theorists of transgendered identity embodiment and sexual politics and intervening in various aspects of a conceptually and politically difficult terrain A central concern is the question of whether the theories and practices needed to foster and secure the lives of transsexuals and transgendered persons will be promoted or undermined a concern that raises broader social political and ethical questions surrounding assumptions about gender sexuality and sexual difference perceptions of transgendered embodiments and identities and conceptions of divergent desires goals and visions

Trans America Barry Reay, 2020-05-07 Trans seems to be everywhere in American culture Yet there is little understanding of how this came about Are people aware that there were earlier periods of gender flexibility and contestability in American history How well known is it that a previous period of trans visibility in the 1960s and early 1970s faced a vehement backlash right at the time that trans in the form of what was then termed transvestism and transsexuality seemed to be so ascendant Was there transness before transsexuality was named in the 1950s and transgender emerged in the 1990s Barry Reay explores this history from a time before trans in the nineteenth century to the transsexual moment of the 1960s and 1970s the transgender turn of the 1990s and the so called tipping point of current culture It is a rich and varied history where same sex desires and identities cross dressing and transsexual and transgender identities jostled for recognition It is a history that is not at all flattering to US psychiatric and surgical practices Arguing for the complexity of a trans past and present *Trans America* will be a groundbreaking work for the trans community as well as anyone interested in the history of medicine sexuality psychology and psychiatry

Gender Raewyn Connell, Rebecca Pearse, 2014-12-10 How can we understand gender in the contemporary world What psychological differences now exist between women and men How are masculinities and femininities made And what is the relationship between gender issues and globalizing concerns such as environmental change and economic restructuring Raewyn Connell one of the world's

leading scholars in the field is here joined by Rebecca Pearse as they answer these questions and more Their book provides a readable introduction to modern gender studies covering empirical research from all parts of the world in addition to theory and politics As well as introducing the field Gender provides a powerful contemporary framework for gender analysis with a strong and distinctive global awareness Highlighting the multi dimensional character of gender relations the authors show how to link personal life with large scale organizational structures and how gender politics changes its form in changing situations The third edition of this influential and accessible book includes a whole new chapter on ecofeminism environmental justice and sustainability It also brings the review of research up to date throughout and explains new debates and emerging gender theories Gender is engaged scholarship that moves from personal experience to global problems and offers a unique perspective on gender issues today

Men Trapped in Men's Bodies Anne A. Lawrence, 2012-12-09 There are few topics in sex research as compelling and confounding to researchers clinicians and the general public as that of transsexualism Upending normative notions of gender eroticism and identity it poses significant scientific and clinical challenges The book addresses a fascinating and largely unexplored topic within the study of transsexualism The feelings and desires of conventionally masculine men who are attracted to women yet want to become women themselves Through a collection and discussion of vivid first person narratives the book provides an in depth examination of these men s unusual propensity to be sexually aroused by the thought of themselves as women and how these men s sexual feelings influence their decisions to seek or undergo sex reassignment These narratives about autogynephilia by autogynephilic male to female MtF transsexuals provide the first comprehensive documentation of the erotic ideation that underlies the most common form of MtF transsexualism The narratives provide empirical evidence for Blanchard s theory of MtF transsexual motivation and thus are of interest to researchers and theorists studying the phenomenology of MtF transsexualism The narratives are likely to be eye opening to psychologists psychiatrists physicians and other professionals who work with MtF transsexuals Most clinicians probably do not fully appreciate the erotic underpinnings of their clients condition A better understanding of their clients autogynephilic feelings and motivations would enable these professionals to provide more empathetic and effective clinical care

Second Skins Jay Prosser, 1998-04-07 Do we need bodies for sex Is gender in the head or in the body In *Second Skins* Jay Prosser reveals the powerful drive that leads men and women literally to shed their skins and in flesh and head to cross the boundary of sex Telling their story is not merely an act that comes after the fact it s a force of its own that makes it impossible to forget that stories of identity inhabit autobiographical bodies In this stunning first extensive study of transsexual autobiography Jay Prosser examines the exchanges between body and narrative that constitute the phenomenon of transsexuality Showing how transsexuality s somatic transitions are spurred and enabled by the formal transitions of narrative Prosser uncovers a narrative tradition for transsexual bodies Sex change is a plot and thus appropriately transsexuals make for adept and absorbing authors In reading

the transsexual plot through transsexuals own recounting Prosser not only gives us a new and more accurate rendition of transsexuality His book suggests transsexuality with its extraordinary conjunctions of body and narrative as an identity story that transitions across the body language divide that currently stalls poststructuralist thought The form and approach of *Second Skins* works to cross other important and parallel divides In addition to analyzing transsexual textual accounts the book includes some 30 photographic portraits of transsexuals poignant attempts by transsexuals to present themselves unmediated to the world except by the camera And the author does not shy from exposure himself Interjecting the personal into his theoretical discussion and close textual work throughout the book Prosser reads and writes his own body his purpose in that stylistic crossing to stake out transsexuality and hence this very book as his own body's narrative

Assessing Race, Ethnicity and Gender in Health Sana Loue, 2006-12-22 This book deals specifically with the historical basis for use of terms in race gender ethnicity sex and sexual orientation It brings much needed clarity to the debate by identifying the ethical issues as well as the technical challenges inherent in measuring these elusive concepts The author expands on her work begun in *Gender Ethnicity and Health Research* by paralleling the evolution of racial and sexual categories with the development of health research In addition the book provides a salient guide to assessment tools currently used in measuring racial and sexual constructs identity and experience
