with passenger loneliness flyover country and the idea of placeness and Descartes in an airplane seat He tells us that the word metaphor means transport in Greek and discusses the gray area between literalness and metaphoricity explains the connection between reading and riding and ponders the difference between destination and destiny Finally a Beckettian disembarking you might not be able to disembark yet you must disembark After the voyage in the world ends the journey of understanding begins *National Railroad Passenger Corporation Authorization Act of 1978* United States.
