Passion Gospels:

The Twelve Passion Gospels Holy Trinity Monastery, 1996 During the Orthodox celebration of Holy Week the Church relives the arrest trial sufferings and crucifixion of Jesus Christ On Matins of Holy Friday commonly served on the evening of Holy Thursday there is a special service where the passion of Christ s sufferings in the Garden of Gethsemane His Trial and Crucifixion through all four Gospels is read aloud in church This book provides the English text for those twelve Passion Gospel readings *The Passion of Jesus in the Gospel of John* Donald Senior, 1991 A Michael Glazier book Includes bibliographical references and indexes **Ancient Apocryphal Gospels** Markus Bockmuehl, 2017-01-17 In this reader friendly guide Markus Bockmuehl offers a sympathetic account of the ancient apocryphal Gospel writings showing their place within the reception history and formation of what was to become the canonical fourfold Gospel Bockmuehl begins by helping readers understand the early history behind these noncanonical Gospels before going on to examine dozens of specific apocryphal texts He explores the complex oral and intertextual relationships between the noncanonical and canonical Gospels maintaining that it is legitimate and instructive to read the apocryphal writings as an engagement with the person of Jesus that both presupposes and supplements the canonical narrative outline Appropriate for pastors and nonspecialists this work offers a fuller understanding of these writings and their significance for biblical interpretation in the church **The Passion of Jesus in the Gospel of Matthew** Donald Senior, 1990 The Word of the cross is a living word crying out for reinterpretation as life takes new shape and expression Reinterpreting the Gospel was particularly compelling for Matthew s church because his Christians lived in a time of profound transition The Passion of Jesus then was not simply a story of suffering out of the past but a point of identification for the Christians of Matthew s own time For us twentieth century Christians who also know the peculiar suffering and hope of living in an age that is both dying and being born the Passion of Jesus according to Matthew has special meaning *History of the Passion: the Gospel narrative, with notes* Arthur Devine, 1890 **The Cross that Spoke** John Dominic Crossan, 2008-03-01 In this revolutionary work John Dominic Crossan reveals that the Passion and Resurrection Narratives in the four canonical Gospels are radical revisions of an earlier Gospel account He argues boldly that the apocryphal Gospel of Peter discovered in the grave of a Christian monk in Egypt circa 1886 contains the earliest version of the death burial and resurrection of Jesus He describes how the authors of the four Gospels revised the early account of how their revision predominated as Roman authority grew Lacking in the revision he suggests is the very heart of the earlier Passion its depiction of Jesus death as the consummation of Israel s pain and the resurrection as the vindication of Israel s faith **An Introduction to the New Testament and the Origins of Christianity** Delbert Burkett, 2002-07-10 Publisher Description *Becoming John* Kari Syreeni, 2018-10-18 In this new analysis of the Gospel of John Kari Syreeni argues that the gospel is a heavily reworked edition of an earlier Johannine work and that the original did not include Jesus passion Syreeni theorizes that the original gospel ended at Chapter 12 with the

notion of Jesus disappearance from the world and that the passion narrative was incorporated by a later editor freely using the existing gospels of Mark and Matthew Syreeni suggests that the letters of John written after the predecessor gospels but before the final edition reveal a schism in the Johannine community that was caused by the majority faction's acceptance of Jesus death and resurrection as it was then recorded in the new gospel By exploring the gospel's different means of legitimizing the passion story such as the creation of the Beloved Disciple to witness Jesus passion and the foreshadowing of the resurrection of Jesus in the miracle of Lazarus Syreeni provides a bold and provocative case for a new understanding of John

Passion Narratives and Gospel Theologies Frank Matera, 2001-06-28 Although the passion narratives of the synoptic gospels can be read as free standing narrative each one of them is the goal and climax of the Gospel story that precedes it In *Passion Narratives and Gospel Theologies* Frank Matera describes the intimate relationship between the theology of each of the synoptic gospels and its passion narrative Matera's study of the Markan passion narrative in light of the Gospel's theology shows that no one can confess that Jesus is the Son of God until he or she acknowledges Jesus as the crucified Messiah and no one can be Jesus disciple unless he or she accepts the scandal of the cross While the Gospel of Matthew continues to develop the great themes of Mark's gospel Matera argues that its passion narrative manifests a distinctive ecclesiological and ethical outlook in light of its unique gospel theology Finally Matera demonstrates how the Lukan passion narrative by presenting Jesus as a model of innocent suffering also contains a distinctive outlook in light of its gospel theology God's righteous suffer afflictions by trial and persecution Comprehensive in scope and clearly written *Passion Narratives and Gospel Theologies* provides a much needed introduction to the synoptic passion narratives and the theology of each evangelist It will be welcome by students and pastors

The Passion of the Servant Don N. Howell Jr., 2009-01-26 The New Testament opens with four Gospel accounts that introduce the reader to Jesus Christ From the very beginning the redemptive drama moves toward the cross The final week of Jesus's life Passion Week takes up nearly 40 percent of the entire narrative The canonical Gospels provide four different perspectives on the life of Jesus He is portrayed in this fourfold account as King and covenant keeper Matthew as obedient Son servant Mark as the perfect Man among men Luke and as the eternal Son of God John the only person ever born whose central purpose in living is to die The Gospels are Passion narratives with extended introductions This is the governing principle of the present work as Jesus moves toward the culmination of his saving mission From early adumbrations to deepening shadows to direct predictions and finally to the detailed narratives of Passion Week the Gospels follow the Lord's inexorable journey to the cross This synthetic study which follows the life of Jesus in a chronological sequence while attempting to preserve the unique contribution of each of the four Gospel accounts draws upon the long established tradition of harmonies of the Gospels dating back to Tatian's Diatessaron AD 170 The ordering of the data follows with minor rearrangements The NIV Harmony of the Gospels edited by Robert L Thomas and Stanley N Gundry In *The Passion of the Servant* eighteen chapters with thirteen maps trace the geographical

context of Jesus's ministry Biblical quotations are taken from the English Standard Version ESV except where otherwise noted The chronology adopted in this work one that assumes a spring AD 30 date for the crucifixion is appended along with a brief bibliography of works that have been particularly helpful to the author The front cover is a portrait of the risen Lord instructing the two disciples near Emmaus that the events surrounding his death and resurrection fulfilled the sacred prophecies of the Old Testament Luke 24:25-27

Devotional Commentary on the Gospel Narrative: Our Lord's passion Isaac Williams, 1875 **The Passion of Jesus Christ** Donald Senior, 1997 *The Puzzle of the Gospels* Peter Vardy, Mary E. Mills, 2015-02-24 First Published in 2015 The gospels tell a story There are many types of story ranging from fiction through biographies to attempts at historical accounts Even so called true stories will be affected by the perception of the writer It is impossible to present any book without taking the viewpoint of the author into account which is one reason why this book will be devoting considerable time to understanding the purpose and intention of the individual gospel writers Matthew Mark Luke and John present different accounts of the life and death of Jesus of Nazareth as one might expect from four people who although they use some common material nevertheless present this material in distinctive ways This book will be concerned with helping you the reader to understand the gospel stories and how they came to be written to bring to light the implicit references that were being made of which modern readers may be unaware and also to consider the issue of the truth of the stories

The Passion Narratives of the Synoptic Gospels Herman Hendrickx, 1984 *The Apocryphal Gospels* Bart Ehrman, Zlatko Pleše, 2011-07-21 Compiles more than forty ancient gospel texts and textual fragments not found in the New Testament presented in their original Greek Latin and Coptic languages with English translations and providing historical literary and textual context for each gospel OCLC
