## Passionate Commitment:

**A Passionate Commitment** Crawford W. Loritts, 1996 We go to church Sing the hymns Read our Bibles So why do we feel so empty The problem according to Crawford Loritts is that we've lost our passion and sense of purpose This is a book to rekindle our spiritual spark and begin to live a life of inner joy enthusiasm and deep spiritual passion Passionate  
Principalship Ciaran Sugrue, 2005 This is a no holds barred account of school leaders lives and work as they juggle with competing and often conflicting policy initiatives Blaise Pascal on Duplicity, Sin, and the Fall William Wood, 2013-07-04 Blaise Pascal's account of the cognitive consequences of the Fall is clearly set out by William Wood in the first book on Pascal's theology to appear in English in more than forty years Wood's central claim is that for Pascal the Fall is a fall into duplicity Pascal holds that as fallen selves in a fallen world human beings have an innate aversion to the truth that is also at the same time an aversion to God According to Pascal we are born into a duplicitous world that shapes us into duplicitous subjects and so we find it easy to reject God continually and deceive ourselves about our own sinfulness Pascal's account of the noetic effects of sin has long been overlooked by theologians but it is both traditional and innovative It is robustly Augustinian with a strong emphasis on the fallen will the darkened intellect and the fundamental sin of pride Yet it also embraces a view of subjectivity that seems strikingly contemporary For Pascal the self is a fiction constructed from without by an already duplicitous world The human subject is habituated to deception because it is the essential glue that holds his world together This book offers more than just a novel interpretation of Pascal's Pensées Wood demonstrates by exegetical argument and constructive example that Pascalian theology is both possible and fruitful *Søren Kierkegaard* Daniel W.
