associated with Stalinism are remarkably sympathetic and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language **The**

Passionate Mind of Maxine Greene William F. Pinar, 2005-08-08 This collection of work is an analysis and investigation into Maxine Greene the most important philosopher of education in the United States today The book opens and concludes with Greene s own autobiographical statements *Passionate Spirituality* Elizabeth Dreyer, 2005 *Passionate Spirituality* explores the roots and meanings of passion in Western culture and then examines how passion is expressed in the works of two medieval women mystics Hildegard of Bingen and Hadewijch of Brabant and in the lives of contemporary Christians seeking to deepen their own spiritual journeys Too often the term passion is associated only with steamy films sexual sin and emotional excess cutting off the breadth of its meaning and expression for positive good But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally and for what it means to be passionately in love with God and the world **BOOK**

JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Exile's Papers: The dirt's passion is flesh sorrow* Wayne Clifford, 2014-05-14 Wayne Clifford s *The Exile s Papers* first appeared in 2007 with the publication of *The Duplicity of Autobiography* but this creative project a four part series of hundreds of surreal straightforward narrative or mythic and endlessly varying sonnets is the culmination of decades of effort In 2009 the series continued with *The Face As Its Thousand Ships* and now emerges the third installment *The Dirt s Passion Is Flesh Sorrow* Described by critics as resonant striking quixotic elegant ribald and jazzy Clifford s sonnets defy categories or boundaries He is a master of the form and every page is an example of how a great poet can use a complicated structure to achieve depth of thought beauty and explosive resolutions or in many cases questions In fact every poem reinvents the sonnet itself and despite all poems sharing the same form each one is sharply conclusively differentiated from the others These are sonnets like you ve never read before Clifford often draws on his own life experiences fatherhood love death and uncertainty but he also has plenty to say about God pop culture and the foolhardiness of certain current political figures In the end though the collection remains a remarkably cohesive intelligent and death defying foray into an ancient form that never knew what hit it

Popular Iranian Cinema before the Revolution Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow

derivative entertainment. Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them. Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker *filmfarsi* ironically asserting that such popular favorites were culturally inauthentic. This book challenges the idea that *filmfarsi* is detached from the past and present of Iranians. Far from being escapist Hollywood fare merely translated into Persian, it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history. It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda that secular nationalist elites wished to impose on their viewers. Taken seriously, these films raise questions about standard treatments of Iran's modern history. By writing popular films into Iranian history, this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity/tradition binary that has organized the historiography of the recent past. It will appeal to those interested in Iranian cinema, Iranian history and culture, and more broadly, readers dissatisfied with a dichotomous approach to modernity.

Exiled Activism David McKeever, 2020-10-29. This book examines the relationship between exile and activism. Drawing on interviews with activists exiled to England following the military coup d'état in Egypt as an illustrative case, it considers whether exile presents any barrier to meaningful political participation. Through a comparison of activism in Egypt with exiled activism in England, the author explores the mechanisms mediating the changes in the activists' activities, tracing the conditions for exile in institutions of dictatorship and shedding light on the process by which activism is decertified and fear of repression becomes internalised within a movement, a process that is counteracted in the sanctuary and stability of a host country in which activist networks are founded and the exile repertoire is expanded. A significant contribution to social movement theory, this book will appeal to sociologists and political scientists with interests in political mobilisation and contentious politics.

Passion and Paradox Joan Cocks, 2009-01-10. From Kosovo to Quebec, Ireland to East Timor, nationalism has been a recurrent topic of intense debate. It has been condemned as a source of hatred and war, yet embraced for stimulating community feeling and collective freedom. Joan Cocks explores the power, danger and allure of nationalism by examining its place in the thought of eight politically engaged intellectuals of the nineteenth and twentieth centuries: the antagonist of capital, Karl Marx; the critics of imperialism, Rosa Luxemburg, Hannah Arendt, and Frantz Fanon; the liberal pluralist, Isaiah Berlin; the neonationalist, Tom Nairn; and the post-colonial writers, V. S. Naipaul and Edward Said. Cocks not only sheds new light on the complexities of nationalism but also reveals the tensions that have inspired and troubled intellectuals who have sought to lead lives between detached criticism

and political passion In lively conversational prose Cocks assesses their treatment of questions such as the mythology of national identity the right to national self determination and the morality of nationalist violence While ultimately critical of nationalism she engages sympathetically even with its defenders By illuminating the links that distinguished minds have drawn between thought and action on nationalism in politics this stimulating work provides a rich foundation from which we ourselves might think or act more wisely when confronting a phenomenon that in fundamental and perplexing ways has shaped our world

Love, Friendship, and Expediency in Cicero's Letters Gabriel Evangelou,2022-03-18 By attacking Epicurean philosophy repeatedly in his public writings Cicero established himself as one of Epicurus most fervent critics The remarks that he makes about Epicureanism in his letters further suggest a genuine conviction that such a philosophy had no place in Roman society This consistency in Cicero s statements has led most scholars to assume that Cicero could not have embraced any of the principles of the Epicurean school This book challenges the conventional view of Cicero as someone who completely rejected Epicurean philosophy even in his private life because of its utilitarian character It argues that his relationship with Pompey Caesar Atticus Quintus Terentia and Tullia encompassed several aspects of Aristotle s account of love and friendship but was nonetheless ultimately based on expediency in accord with Epicurus conception of While Cicero s statements in his public speeches and his letters to men with an active public life have been scrutinised for his lack of candour or for his tendency to exaggerate his achievements the claims found in his letters to Atticus and to his family have not been treated with equal caution as they tend be taken at face value The book highlights the large number of discrepancies in his remarks and argues that despite his anti Epicurean statements personal benefit played a vital role in all of his relationships

Revolution Plus Love Liu Jianmei, 2003-09-30 In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women's bodies reveal the complex interactions

between political representation and gender roles *Revolution Plus Love* is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women s studies cultural studies and comparative literature Cuba and the Politics of Passion Damián J. Fernández, 2000-12-15 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not
