particular in the well known state of Negeri Sembilan famous for its unusual mixture of Islam and matrilineal descent Peletz analyzes the diverse ways in which the evocative heavily gendered symbols of reason and passion are deployed by Malay Muslims Unlike many studies of gender this book elucidates the cultural and political processes implicated in the constitution of both feminine and masculine identity It also scrutinizes the relationship between gender and kinship and weighs the role of ideology in everyday life Peletz insists on the importance of examining gender systems not as social isolates but in relation to other patterns of hierarchy and social difference His study is historical and comparative it also explores the political economy of contested symbols and meanings More than a treatise on gender and social change in a Malay society this book presents a valuable and deeply interesting model for the analysis of gender and culture by addressing issues of hegemony and cultural domination at the heart of contemporary cultural studies This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996

Status, Power, and Identity in Early Modern France Jonathan Dewald, 2015-06-15 In Status Power and Identity in Early Modern France Jonathan Dewald explores European aristocratic society by looking closely at one of its most prominent families The Rohan were rich powerful and respected but Dewald shows that there were also weaknesses in their apparently secure position near the top of French society Family finances were unstable and competing interests among family members generated conflicts and scandals political ambitions led to other troubles partly because aristocrats like the Rohan intensely valued individual achievement even if it came at the

expense of the family's needs Dewald argues that aristocratic power in the Old Regime reflected ongoing processes of negotiation and refashioning in which both men and women played important roles So did figures from outside the family government officials middle class intellectuals and businesspeople and many others Dewald describes how the Old Regime's ruling class maintained its power and the obstacles it encountered in doing so The Resurrection of Passion Michelle D. Rhett, 2017-02-15 YOU ARE NOT HAPPY AND YOU KNOW IT Has the everyday hustle and bustle of life caused you ponder whether there is something more out there waiting for you to explore in life Why do we stay on jobs that have no fulfillment continue in abusive and toxic relationships and waste money and time trying to impress other people Why have so many wonderfully intelligent and creative beings chosen to live life according to what is seen by the natural eye settling instead for a meager replica of true life fulfillment Its time to activate your internal barometer of Everlasting joy Its buried deep down inside of you It has the power to transform your life as never before It will not stop calling your name until you respond My friends you do not have a human problem you have a GOD PROBLEM **Americans** John Curtis Underwood, 1912
