Cory Silverberg, Miriam Kaufman

Past Due A Story Of Disability Pregnancy And Birth:

Past Due Anne Finger, 1990 The author handicapped by childhood polio describes the birth of her first child and current issues for feminists and the disabled **Polio and Its Aftermath** Marc Shell, 2009-06-30 It was not long ago that scientists proclaimed victory over polio the dread disease of the 1950s More recently polio resurfaced not conquered at all spreading across the countries of Africa As we once again face the specter of this disease along with other killers like AIDS and SARS this powerful book reminds us of the personal cost the cultural implications and the historical significance of one of modern humanity's deadliest biological enemies In *Polio and Its Aftermath* Marc Shell himself a victim of polio offers an inspired analysis of the disease Part memoir part cultural criticism and history part meditation on the meaning of disease Shell's work combines the understanding of a medical researcher with the sensitivity of a literary critic He deftly draws a detailed yet broad picture of the lived experience of a crippling disease as it makes its way into every facet of human existence *Polio and Its Aftermath* conveys the widespread panic that struck as the disease swept the world in the mid fifties It captures an atmosphere in which polio vied with the Cold War as the greatest cause of unrest in North America and in which a strange and often debilitating uncertainty was one of the disease's salient but least treatable symptoms Polio particularly afflicted the young and Shell explores what this meant to families and communities And he reveals why in spite of the worldwide relief that greeted Jonas Salk's vaccine as a miracle of modern science we have much more to fear from polio now than we know

The Disability Studies Reader Lennard J. Davis, 2006 The second edition of *The Disability Studies Reader* builds and improves upon the classic first edition which has sold well over 6000 copies since 1999 As a field disability studies burst onto the scene across the social sciences and humanities in the 1990s and the first edition of the reader gathered the best work that had been written on the subject including essays by famous authors such as Susan Sontag and Erving Goffman The new edition is more global in its coverage and adds material on genetic testing the human genome queer studies and issues in developing countries The size of the audience has grown since the first edition's publication and the second edition's new material will make it even more useful for courses on the subject Courses on the subject have mushroomed in the past ten years and can now be found across the social sciences humanities and behavioral sciences *Disability and Mothering* Cynthia Lewiecki-Wilson, Jen Cellio-Miller, 2011-09-14 Editors Lewiecki-Wilson and Cellio have put together the first book to focus on the intersecting spaces both cultural and personal of disability and mothering Derived from the Latin for threshold the word liminal calls attention to the book's focus on the transitional moments and spaces where the personal and social inside and outside self and other converge The volume features twenty one previously unpublished essays by new as well as established scholars and community activists Contributors some of whom are themselves disabled or mothers of children with disabilities present moving personal accounts and accessible scholarship grounded in historical study experiential and retrospective analysis interviews social research and feminist and disability studies theories In their introduction the editors
