Past In The Present A Personal Perspective On Newfoundlands Future:

Newfoundland in the North Atlantic World, 1929-1949 Peter Neary, 1988 A collection of three dozen interviews conducted with gay men ranging in age from 24 to 84 who grew up in the rural Midwest uncovering a much neglected aspect of the gay experience The stories are at times touching and also deeply disturbing as they reminisce about the rigid gender roles common to farming communities social isolation racism religious conservatism and little information to help them make sense of their identities The other side of the coin is the deep and loving feelings these men have for the land their families communities and churches Told sometimes from urban exile and sometimes from the middle of the field all the interviews have a brave openness in common Lacks an index Annotation copyrighted by Book News Inc Portland OR **Newfoundland and Labrador** Sean Cadigan, 2017-06-22 Published to coincide with the sixtieth anniversary of Newfoundland and Labrador joining Canada Sean T Cadigan has written the book that will surely become the definitive history of one of North America's most distinct and beautiful regions The site of the first European settlement by Vikings one thousand years ago a former colony of England and known at various times as Terra Nova and Newfoundland until its official name change to Newfoundland and Labrador in 2001 this easternmost point of the continent has had a fascinating history in part because of its long held position as the gateway between North America and Europe Examining the region from prehistoric times to the present Newfoundland and Labrador is not only a comprehensive history of the province but an illuminating portrait of the Atlantic world and European colonisation of the Americas Cadigan comprehensively details everything from the first European settlements the displacement and extinction of the indigenous Beothuk by European settlers the conflicts between settlers and imperial governance to the Royal Newfoundland Regiment's near annihilation at the Battle of the Somme the rise of Newfoundland nationalism Joey Smallwood's case for confederation and the modernization and economic disappointments instigated by joining Canada Paying particular attention to the ways in which Newfoundland and Labrador's history has been shaped by its environment this study considers how natural resources such as the Grand Banks the disappearance of cod and off shore oil have affected the region and its inhabitants Richly detailed compelling and written in an engaging and accessible style Newfoundland and Labrador brings the rich and vibrant history of this remarkably interesting region to life

Observing the Outports Jeff A. Webb, 2016-01-01 In *Observing the Outports* Jeff A Webb illustrates how interdisciplinary collaborations created the field of Newfoundland studies *Remembering the Early Modern Voyage* M. Fuller, 2008-05-12 This book investigates the operations of memory over time through three case studies the famous anthology by Richard Hakluyt memorializing the feats of Elizabethan voyagers the eccentric autobiography of Captain John Smith and the little known history of early modern Newfoundland **Lions or Jellyfish** Raymond B. Blake, 2015-07-27 Asked in 2010 about his pugnacious approach to federal provincial relations Newfoundland premier Danny Williams declared I would rather live one more day as a lion than ten years a jellyfish He was only the latest in a long line of Newfoundland premiers who have fought

for that province's interests on the national stage. From Joey Smallwood and the conflict over Term 29 of the Act of Union to Williams and his much publicized clashes with Paul Martin and Stephen Harper, Newfoundland and Labrador's politicians have often expressed a determination to move beyond a legacy of colonialism and assert greater control over the province's own affairs. *Lions or Jellyfish* examines the history of these federal provincial clashes with both clarity and wit. Written by a noted expert on Newfoundland politics and intergovernmental affairs in Canada, this book studies a vital but frequently overlooked aspect of modern Canadian federalism.

A Place to Belong Gerald L. Pocius, 2000. *A Place to Belong* is a profusely illustrated intimate contemporary portrait of Calvert, a three hundred year old fishing village on Newfoundland's southern shore. Often using its residents' own words, Gerald Pocius describes in detail the continual creative encounters between past and present, between individual and community that make up daily life in Calvert. By accepted standards of tradition, Calvert's culture is declining. Old structures are regularly torn down or renovated; antique household items are replaced with modern conveniences. Pocius argues, however, that the tangible expressions of a culture can be misleading. Calvert's essence is not in the things owned and used by its residents but in the spaces in which those things abide and in the attitudes, values, and obligations that delineate the order of those spaces. From woodlands, water, and fields to yards, gardens, and homes, Calvert's physical and social structure is governed by shared concerns about the community's livelihood and welfare. As a resident of Calvert puts it: "Where you're working in the same space with people you know, it's just not practical to be falling out with everyone." The sense of community that pervades Calvert is best exemplified by its annual draw for fishing berths. Because productivity varies among offshore fishing grounds, there is no private ownership of fishing rights. Rather, a lottery instituted in 1919 ensures each family the same chances for periodic access to the best fishing berths. The draw continues until all the fishing berths are awarded, but it is common for a family to opt out once they have drawn enough good berths. There are also instances of the most successful fishing operations sharing their catches. From his observations of Calvert's people at work and leisure, Pocius provides evidence to confirm the viability and durability of their culture. He reveals that standard assumptions about culture are inadequate, particularly those based on the primacy of artefacts and on sharp dichotomies between tradition and modernity. Calvert, he shows, belies our notion that declining cultural values and social segmentation are unavoidable side effects of modernisation and a rise in material well-being. *A Place to Belong* will promote a constructive scepticism about the ways we perceive and interpret cultures and, most important, will remind us of what it really means to belong to a place.

The History of Canada Series - The Last Act: Pierre Trudeau Ron Graham, 2011-04-05. Between the morning of Wednesday November 4 and the morning of Thursday November 5, 1981, a fateful drama unfolded that changed Canada forever. In one last attempt to renew the constitution with the consent of the provinces, Prime Minister Pierre Elliott Trudeau met behind closed doors in Ottawa with the ten premiers. It was the culmination of more than five decades of constitutional wrangling and has been called the most important conference since

the Fathers of Confederation got together in Quebec City in 1864 Faced with the threat of Quebec independence the ambitions of Western Canada and the provinces demands for more power Trudeau was embattled But he was fiercely determined to make Canadians fully independent and to entrench a Charter of Rights and Freedoms What happened that day still reverberates It severed the last important link to Canada s colonial past It guaranteed individual liberty and minority rights in the future It weakened the grip of the elites and gave ownership of the constitution to Canadians But it came at a price Quebec alone refused to sign the final deal Ren L vesque its separatist premier claimed he had been betrayed by his allies in the Gang of Eight The legend of the Night of the Long Knives took hold precipitating a series of events that came close to destroying the country Thirty years later author Ron Graham delivers a gripping account of the fractious debates and secret negotiations He uses newly uncovered documents and the candid recollections of many of the key participants to create a vivid record of that momentous twenty four hours Authoritative and engaging The Last Act is a remarkable combination of scholarly research and historical narrative **Acadiensis** ,2002 Canada, the State of the Federation, 1985 Peter M. Leslie,1985 **Nationalism in Stateless Nations** Robert C. Thomsen,2010 Nationalism in Stateless Nations explores national identities and nationalist movements since 1967 using the examples of Scotland and Newfoundland Adding to the debate about globalisation and the future of the nation state the book argues that ethnically rooted nationalism in modern liberal democracies need not as argued by theories of classic nationalist movements strive for full independence In fact nationalist movements are adapting to circumstances by becoming autonomist rather than separatist pragmatic rather than dogmatic and the book illustrates how Scotland and Newfoundland both previously independent countries are excellent examples of this Building on theories of national identity formation and nationalism it traces the development of cultural and political nationalism and changing images of the national self With a focus on important fomenting factors and actors intellectuals political parties and the media the book combines historical sociological political and media studies analyses in an interdisciplinary investigation providing a comprehensive account of the waxing and waning of nationalism **The Past in the Present** A. Brian Peckford,1983-01-01 Regime Change in a Resource Economy Valerie A. Summers,1994 This political survey of Newfoundland economy explores the connections between a resource economy and transformations in political regime from the nineteenth century to the present Among the themes examined are the gradual economic and eventual political elites in Newfoundland prior to the federation of the two countries the exploitation of staples particularly codfish and the emergence of new staples in the early twentieth century and the association of a staple economy with fundamental changes in state structures The contemporary disaster of depleted resource economy and its portents for regime change in the context of fragile Canadian federalism are considered Ghost Stories of Newfoundland and Labrador Edward Butts,2010-09-27 Newfoundland and Labrador have tales of the supernatural that date back centuries and Edward Butts has collected some of their spookiest tales Here the ghosts lurk in old houses and forlorn cemeteries but they also come

International Books in Print ,1991 **Rural Transformation and Newfoundland and Labrador Diaspora** Amarjit Singh, Mike Devine, 2013-11-08 This book is endorsed by Dr Clar Doyle in his preface to this book Dr Doyle is very well known locally This book is about the contemporary life of grandparents in Newfoundland and Labrador a geographically isolated and culturally unique rural region of Canada The book can be used for courses in the areas of critical social work family studies gerontology nursing rural development critical pedagogy and diaspora studies Clar Doyle Professor of Education Memorial University of Newfoundland and member of the Founding Scholars Advisory Board The Paulo and Nita Freire International Project for Critical Pedagogy This book offers a platform not only to look in on the lives of vital grandparents but paints in broad strokes a mural of coming changing as well as challenging cultural and social settings In what the astute editors call small nuanced studies we find telling narratives of generational connections in the face of changing and challenging odds This book does a great service to the concept of diaspora as well as to the changing nature of that concept This book elevates the status of grandparents by positioning them as vital members of a complex and challenging society where their skills gifts and sheer presence are most formative As is strongly advocated in this book it is essential that educators curriculum developers and teachers appreciate the place of grandparents in their students lives **Anthropological Perspectives on Global Challenges** Emma Gilberthorpe, 2024-03-28 This volume offers a snapshot of anthropological perspectives on global challenges Whilst it could not hope to represent the full scope of anthropological perspectives those that are presented highlight some of the critical flaws embedded in such an all encompassing notion The contributors reveal the possibilities of reimagining the ways in which challenges are understood and addressed and demonstrate how a combination of deep understanding of the past and collaboration cooperation and inclusive dialogue about the future can improve the chances of positive action The collection thus not only shows us that perspectives must change but also how that change might be realised Whilst the chapters are authored solely by anthropologists this book is not solely for anthropologists The book is illustrative of the practical and theoretical insights that anthropology can offer those individuals teams and policy and decision makers engaged in research mitigation and or intervention practices in relation to the global challenges Beyond academia it contributes to broader understandings of the challenges we collectively face at this point in time and how we might collectively and effectively address them
