

Reading

Goal: To practice the use of Simple Future and develop reading skill.

I. Read the story. Put the paragraph in order and underline ALL the Simple Future tense.

How will my great great granddaughter be like?

I think that I will write a letter to tell her what I'm living right now, and then she will notice the big change in her life and mine. She will have more possibilities in medicine, technology and whatever... Of course, if we take care of our world right now. She will be excited at the moment of finding my letter.

When my mother asked me that, I started to think how my great great granddaughter will be. I think that she will be cute. She will be tall because I'm tall and my parents too. She will have green eyes and black hair.

My name is Missy, and I'm 14. Everyday I talk with my mother about different things. We were watching tv when we saw a robot and she told that she thinks that in the future there will be robots. Maybe, my mom is right. There will be robots in the future. Then, she asked me if I want to have any children in the future and I told her that I want but when I have a job and a husband and a secure family for the baby.

Maybe, she will be a little thin because my father is thin. She won't have to go to school to study, because in 50 years or more, I think that there will not be school. Everything will be online. So, my great great granddaughter will study in her home. She will eat pills or maybe tiny little food, because there are many changes that people do on food nowadays. However, I think that she will have an extravagant car, because cars will be cheaper than now. There will be cars that can fly, and she could have one of those. It will be cool for her.

II. Comprehension Questions. Circle the correct alternative

1. What is the name of the girl?
Minnie / Pauly / Missy
2. How old is Missy?

3. Her mom said that in the future....

4. How many children does Missy want to have?
