Pastimes And Politics:

Things That Matter Charles Krauthammer, 2015-05-12 From America's preeminent columnist named by the Financial Times the most influential commentator in the nation a must have collection of Charles Krauthammer's essential timeless writings A brilliant stylist known for an uncompromising honesty that challenged conventional wisdom at every turn Krauthammer dazzled readers for decades with his keen insight into politics and government His weekly column was a must read in Washington and across the country Don't miss the best of Krauthammer's intelligence erudition and wit collected in one volume Readers will find here not only the country's leading conservative thinker offering a passionate defense of limited government but also a highly independent mind whose views on feminism evolution and the death penalty for example defy ideological convention Things That Matter also features several of Krauthammer's major path breaking essays on bioethics on Jewish destiny and on America's role as the world's superpower that have profoundly influenced the nation's thoughts and policies And finally the collection presents a trove of always penetrating often bemused reflections on everything from border collies to Halley's Comet from Woody Allen to Winston Churchill from the punishing pleasures of speed chess to the elegance of the perfectly thrown outfield assist With a special highly autobiographical introduction in which Krauthammer reflects on the events that shaped his career and political philosophy this indispensable chronicle takes the reader on a fascinating journey through the fashions and follies the tragedies and triumphs of the last three decades of American life

Pastimes and Politics Laura Fair, 2001 In post abolition Zanzibar ex slaves re created their individual and collective class gender and ethnic identities as they struggled for social and economic empowerment This study opens up new areas of enquiry regarding the interplay of gender culture and social change in urban Africa

Pastimes and Politics Laura Fair, 2001-10-01 The first decades of the twentieth century were years of dramatic change in Zanzibar a time when the social economic and political lives of island residents were in incredible flux framed by the abolition of slavery the introduction of colonialism and a tide of urban migration Pastimes and Politics explores the era from the perspective of the urban poor highlighting the numerous and varied ways that recently freed slaves and other immigrants to town struggled to improve their individual and collective lives and to create a sense of community within this new environment In this study Laura Fair explores a range of cultural and social practices that gave expression to slaves ideas of emancipation as well as how such ideas and practices were gendered Pastimes and Politics examines the ways in which various cultural practices including taarab music dress football ethnicity and sexuality changed during the early twentieth century in relation to islanders changing social and political identities Professor Fair argues that cultural changes were not merely reflections of social and political transformations Rather leisure and popular culture were critical practices through which the colonized and former slaves transformed themselves and the society in which they lived Methodologically innovative and clearly written Pastimes and Politics is accessible to specialists and general readers alike It is a book that should find wide use in

Africa's Islamic Experiences- History, Culture, and Politics Ali A. Mazrui, Patrick M. Dikirr, Jr. Robert Ostergard, Michael Toler, Paul Macharia, 2012-06 *Africa's Islamic Experiences History Culture and Politics* Edited by Ali A. Mazrui Patrick M. Dikirr Robert Ostergard Jr Michael Toler Paul Macharia This volume is rich in historic surprises about the fortunes of Islam in African

experience Islam first arrived in Africa while the Prophet Muhammad the Founder of the religion was still alive Ethiopia provided asylum to early Arab Muslims on the run from persecution by fellow Arabs in pre Islamic Mecca Today Nigeria has more Muslims than any Arab country including Egypt This volume explores not just Islam's impact upon Africa but also Africa's impact on Muslim history The book explores the geographical expansion of the religion the revival of ancient Muslim rituals and the politicization and radicalization of Islam in both colonial and pre colonial Africa Is Islam compatible with democracy Can African Islam peacefully coexist with Christianity How has Islam in Africa influenced architecture Literature race relations gender relation and cultural interpenetrations between Arabs and Black Africans In this era of globalization is Islam a positive vanguard force or a trigger for parochialism and backward looking nostalgia In this era of terrorism and counter terrorism can Islam be mobilized as a force for stability or has the religion been irretrievably hijacked by its own worst radicals This volume does not try to answer all the questions but it helps to lay the basic groundwork for understanding Islam much better in this new age

Mobilizing Zanzibari Women C. Decker, 2014-11-05 The experiences of African women in the era before independence remain a woefully understudied facet of African history This innovative and carefully argued study thus adds tremendously to our understanding of colonial history by focusing on women's education professionalization and political mobilization in the East African islands of Zanzibar

Fashioning Africa Jean Allman, 2004-09-09 There is a close connection between the clothes we wear and our political expression In *Fashioning Africa* an international group of anthropologists historians and art historians bring rich and diverse perspectives to this fascinating topic

Performance and Politics in Tanzania Laura Edmondson, 2007-07-20 In *Performance and Politics in Tanzania* Laura Edmondson examines how politics social values and gender are expressed on stage Now a disappearing tradition Tanzanian popular theatre integrates comic sketches acrobatics melodrama song and dance to produce lively commentaries on what it means to be Tanzanian These dynamic shows invite improvisation and spontaneous and raucous audience participation as they explore popular sentiments Edmondson asserts that these performances overturn the boundary between official and popular art and offer a new way of thinking about African popular culture She discusses how the blurring of state agendas and local desires presents a charged environment for the exploration of Tanzanian political and social realities What is the meaning of democracy and who gets to define it Who is in power and how is power exposed or concealed What is the role of tradition in a postsocialist state How will the future of the nation be negotiated This engaging book provides important insight into the complexity of popular forms of expression during a time of political and social change in East Africa

The Politics of Problem Definition David A. Rochefort, Roger W. Cobb, 1994 At the nexus of politics and policy development lies persistent conflict over where problems come from what they signify and based on the answers to those questions what kinds of solutions should be sought Policy researchers call this process problem definition Written for both scholars and students this book explains how and why social issues come to be defined in different ways how these definitions are expressed in the

world of politics and what consequences these definitions have for government action and agenda setting dynamics The authors demonstrate in two theoretical chapters and seven provocative case studies how problem definition affects policymaking for high profile social issues like AIDS drugs and sexual harassment as well as for problems like traffic congestion plant closings agricultural tax benefits and air transportation By examining the way social problems are framed for political discussion the authors illuminate the unique impact of beliefs values ideas and language on the public policymaking process and its outcomes In so doing they establish a common vocabulary for the study of problem definition review and critique the insights of existing work on the topic and identify directions for future research **War of Words,**

War of Stones Jonathon Glassman, 2011-02-21 The Swahili coast of Africa is often described as a paragon of transnational culture and racial fluidity Yet during a brief period in the 1960s Zanzibar became deeply divided along racial lines as intellectuals and activists engaged in bitter debates about their nation's future ignited a deadly conflict that spread across the island War of Words War of Stones explores how violently enforced racial boundaries arose from Zanzibar's entangled history Jonathon Glassman challenges explanations that assume racial thinking in the colonial world reflected only Western ideas He shows how Africans crafted competing ways of categorizing race from local tradition and engagement with the Atlantic and Indian Ocean worlds *Sports in African History, Politics, and Identity Formation* Michael J. Gennaro, Saheed Aderinto, 2019-04-01 Sports in African History Politics and Identity Formation explores how sports can render a key to unlocking complex social political economic and gendered relations across Africa and the Diaspora Sports hold significant value and have an intricate relationship with many components of African societies throughout history For many Africans sports are a way of life a site of cultural heroes a way out of poverty and social mobility and a site for leisurely play This book focuses on the many ways in which sports uniquely reflect changing cultural trends at diverse levels of African societies The contributors detail various sports such as football cricket ping pong and rugby across the continent to show how sports lay at the heart of the discourse of nationalism self fashioning gender and masculinity leisure and play challenges of underdevelopment and ideas of progress Bringing together the newest and most innovative scholarship on African sports this book will be of interest to students and scholars of contemporary Africa African history culture and society and sports history and politics Baily's Magazine of Sports & Pastimes, 1915 Sport, Politics, and Literature in the English Renaissance Gregory M. Colón Semenza, 2003 This is the first book length study of the crucial relationship between sport and the political and imaginative literature of Renaissance England In the sixteenth and seventeenth centuries educators medical practitioners and military scientists were among the many contemporaries who praised sport as necessary and functional physiologically beneficial to the individual practitioner vital to the preparedness of the military and necessary to the maintenance of traditional class hierarchy Sport's significance in the period is perhaps best registered by its literal and metaphorical centrality in such popular works of literature as Shakespeare's histories Walton's Compleat Angler and Milton's

Samson Agonistes as well as its prominence in ecclesiastical and secular legislation and polemics By reconstructing a cultural history of sport and investigating representations of it in contemporary prose poetry and drama the book demonstrates sport's pivotal position in the interlocking spheres of Renaissance science politics and art Gregory M Colon Semenza is Assistant Professor of English at the University of Connecticut

Culture and Politics in Early Stuart England Kevin Sharpe, 1993 In recent years new schools of historiography and criticism have recast the political and cultural histories of Elizabethan and early Stuart England However for all the benefits of their insights most revisionist historians have too narrowly focussed on high politics to the neglect of values and ideology and New Historicist literary scholars have displayed an insufficient grasp of chronology and historical context The contributors to this pioneering volume richly fusing these approaches apply a revisionist close attention to moments to the wide range of texts verbal and visual that critics have begun to read as representations of power and politics Excitingly broadening the range of areas and evidence for the study of politics these outstanding essays demonstrate how the study of high culture classical translations court portraits royal palaces the conduct of chivalric ceremony and low culture cheap pamphlets and scurrilous verses enable us to reconstruct the languages through which contemporaries interpreted their political environment The volume posits a reconsideration of the traditional antithetical concepts court and country verbal and visual critical and complimentary elite and popular examines the constructions of a moral and social order enacted in a wide variety of cultural practices and demonstrates how common vocabularies could in changed circumstances be combined and deployed to sustain quite different ideological positions This book opens a new agenda for the study of the politics of culture and the culture of politics in early modern England Publisher's website

African Soccerscapes Peter Alegi, 2010-02-14 From Accra and Algiers to Zanzibar and Zululand Africans have wrested control of soccer from the hands of Europeans and through the rise of different playing styles the rituals of spectatorship and the presence of magicians and healers have turned soccer into a distinctively African activity African Soccerscapes explores how Africans adopted soccer for their own reasons and on their own terms Soccer was a rare form of national culture in postcolonial Africa where stadiums and clubhouses became arenas in which Africans challenged colonial power and expressed a commitment to racial equality and self determination New nations staged matches as part of their independence celebrations and joined the world body FIFA The Confédération africaine de football democratized the global game through anti-apartheid sanctions and increased the number of African teams in the World Cup finals In this compact highly readable book Alegi shows that the result of this success has been the departure of huge numbers of players to overseas clubs and the growing influence of private commercial interests on the African game But the growth of women's soccer and South Africa's hosting of the 2010 World Cup also challenge the one dimensional notion of Africa as a backward tribal continent populated by victims of war corruption famine and disease

The Politics of Mirth Leah S. Marcus, 1989-03-23 Leah Marcus's *The Politics of Mirth* Jonson Herrick Milton Marvell and the Defense of Old Holiday

Pastimes is a fascinating study of why James and Charles promoted some types of rural sport and festival and of how certain literary texts participated in promoting or critiquing royal policy Marcus provocatively links texts not often studied in conjunction with one another and she provides strong and detailed readings of those texts Jean E Howard Politics and Leisure John Wilson, 2019-04-25 First published in 1988 This book provides a lucid and exceptionally well informed account at the controversial relationship between politics and leisure The author combines historical and sociological material to show the ways in which leisure has often been a fiercely disputed battleground Free time and free space have always posed a threat to political authorities while providing room for experimentation and expression for the citizenry This has led to extensive attempts at leisure regulation John Wilson examines the purposes and effectiveness of such regulation in the fields of games sexuality the mass media and gambling He is able to draw on evidence of leisure planning and policy from a wide variety of political regimes from communist and socialist through social democrat to liberal conservative and fascist The importance of the relationship between political forces and leisure in subjects as disparate as the future of the Olympic games and the future of full employment has rarely been so evident John Wilson has provided an excellent guide to its intricacies **The Poetics and Politics of Youth in Milton's England** Blaine Greteman, 2013-08-19 This book argues that concepts of youth and childhood were central to seventeenth century debates about political and poetic voice
