Sunderland,2024-07-17 SOS is the culmination of my work since 1966 when my wife Noel and I moved from Melbourne Australia to Houston Texas My initial goal was to begin a four year clinical pastoral education program CPE at the Institute of Religion in the Texas Medical Center The long term dream was to develop a parish based lay pastoral education program to equip laypeople to serve with their ordained pastors in the pastoral ministry of the parish Until the midnineteenth century pastoral care was the province of parish clergy for which few were adequately equipped I aimed to change that model by demonstrating that laypeople with the necessary training were integral to the church s ministry That would entail providing clergy with supervisory skills The founder organizations of the newly constituted Association for Clinical Pastoral Education ACPE had pioneered clergy pastoral care education in the 1920s The Equipping Laypeople for Ministry ELM program which I founded in 1979 proved effective in the dual tasks of lay pastoral care training and the preparation of clergy for their necessary function of oversight of lay pastors *Saying Our Stories* is the account of the pioneering effort to undertake those tasks and demonstrate the effectiveness of the new model of parish pastoral ministry It is a book of stories The text suggests that pastoral care at heart is knowing that when a troubled person casts round for someone to listen to her or his story they need a caring story listener Such listening is hard work but story listeners know that to listen is to care If they finish up thinking All I did was listen they know it is such a big all The Shared Ministry Sourcebook Barbara Child,1996 *A Pastor's Guide to Interpersonal*

*Communication* Blake J. Neff, 2014-01-14 Improving your powers of communication can encourage powerful communication with your parishioners *A Pastor's Guide to Interpersonal Communication The Other Six Days* provides students preparing for the pastoral ministry with specialized training in communications that focuses on the kind of one on one conversations they can expect to have with their parishioners This comprehensive book examines a variety of essential topics including perception self disclosure verbal and nonverbal messages listening stages of relational development power assertiveness and dominance conflict management forgiveness persuasion dual relationships pastoral family communication and how to develop a communications model Each chapter includes Pastoral Conversations real life dialogues presented for analysis Key Concepts for quick student review Meanings Mania self tests on vocabulary and Unleashing the Power of Interpersonal Communication student exercises that reinforce the practical aspects of key principles While many pastors have a great love for the people they minister to they have difficulty demonstrating that love because they lack the skills to develop and maintain relationships This book explores how communication works and how to make it work for you applying the best available interpersonal communications techniques to your relationships with the real people of the church your parishioners *A Pastor's Guide to Interpersonal Communication The Other Six Days* examines how self disclosure works and when it's appropriate for a pastor stumbling blocks and building blocks for effective listening the differences between power assertiveness and dominance and when to use each conflict management styles and negotiation strategies several myths about forgiveness dual relationships and how to avoid them pitfalls to avoid in pastoral family communication and much more *A Pastor's Guide to Interpersonal Communication The Other Six Days* is an essential resource for Bible college students and for students at the pre ministerial and seminary levels It's also a valuable professional tool for clergy practitioners who need help with their communication skills
