Pastoral Care in the Modern Hospital. (Translated by Hugo de Waal.). Heije FABER, 1971 **Pastoral care in the modern hospital (De pastor in het moderne Ziekenhuis, engl.)**

**Forew.by Seward Hiltner** Heije Faber, Hugo de Waal, 1971 Introduction to Pastoral Care William V. Arnold, 1982-01-01 Valuable for both seminarians and practicing clergy this basic work integrates theology and pastoral care in a practical and useful way Citing actual experiences with questions for personal reflection this much needed study brings about a new awareness of the ministry of pastoral care **Life Cycle Theory and Pastoral Care** Donald Capps, 2002-11-08 This unique book uses life cycle theory to focus on the person who ministers providing a pastoral model consisting of three important dimensions Instead of concentrating solely on the role of the pastor as personal comforter Donald Capps also emphasizes the dimensions of the pastor's role as moral counselor and ritual coordinator In addition to summarizing Erik Erikson's life cycle theory Capps addresses topics rarely discussed in pastoral care literature His discussion of the Book of Proverbs provides a biblical foundation for the model of pastoral care developed throughout the book *Hospital Chaplaincy in the Twenty-first Century* Christopher Swift, 2016-07-22 Issues of faith and spirituality have been resurgent in the UK since the opening of the twenty first century This book charts the impact of shifting attitudes towards spirituality through the experiences of health care chaplains Rooted in a new and challenging interpretation of the chaplain's work in the past the book moves on to describe a current crisis in the nature of spiritual care Using the tools of practical theology to analyze these experiences fundamental problems are identified for chaplains as they work within the culture of evidence based practice As the National Health Service struggles to balance its books in the face of national economic uncertainty chaplains will continue to come

under increasing levels of scrutiny Some chaplains have faced the prospect of redundancy or cuts to their budgets while a growing number of NHS Trusts no longer offer chaplaincy to patients out of hours In this context the nature of chaplaincy itself has come into question and rival models of the profession have emerged Is chaplaincy a new and distinct profession within health care based on evidence and available to all Or is it State funded religious activity theoretically open to all but in practice utilized chiefly by the faithful few In responding to these questions the book concludes with a vision of how chaplaincy can both maintain its integrity and be a valued part of twenty first century health care

**Hospital Chaplaincy in the Twenty-first Century** Revd Dr Chris Swift, 2014-02-07 This book charts the changing role of hospital chaplains and examines through detailed case studies the realities of practice and the political debates which either threaten or sustain the service This second edition includes a new introduction and updated material throughout to present fresh insights and research about chaplaincy including in relation to New Atheism and the developing debate about secularism and religion in public life

**Images of Pastoral Care** Robert C Dykstra, 2005-01-01 This book is an edited volume of works that have predominated over the past several decades in contemporary pastoral theology Through the writings of nineteen leading voices in the history of pastoral care Dykstra shows how each contributor developed a metaphor for understanding pastoral care Such metaphors include the solicitous shepherd the wounded healer the intimate stranger the midwife and other tangible images Through these works the reader gains a sense of the varied identities of pastoral care professionals their struggles for recognition in this often controversial field and insight into the history of the discipline Includes readings by Anton T Boisen Alastair V Campbell Donald Capps James E Dittes Robert C Dykstra Heije Faber Charles V Gerkin Brita L Gill Austern Karen R Hanson Seward Hiltner Margaret Zipse Kornfeld Bonnie J Miller McLemore Jeanne Stevenson Moessner Henri J M Nouwen Gaylord Noyce Paul W Pruyser Edward P Wimberly

*Pastoral Aesthetics* Nathan Carlin, 2019-03-06 It is often said that bioethics emerged from theology in the 1960s and that since then it has grown into a secular enterprise yielding to other disciplines and professions such as philosophy and law During the 1970s and 1980s a kind of secularism in biomedicine and related areas was encouraged by the need for a neutral language that could provide common ground for guiding clinical practice and research protocols Tom Beauchamp and James Childress in their pivotal *The Principles of Biomedical Ethics* achieved this neutrality through an approach that

came to be known as principlist bioethics In *Pastoral Aesthetics* Nathan Carlin critically engages Beauchamp and Childress by revisiting the role of religion in bioethics and argues that pastoral theologians can enrich moral imagination in bioethics by cultivating an aesthetic sensibility that is theologically informed psychologically sophisticated therapeutically oriented and experientially grounded To achieve these ends Carlin employs Paul Tillich's method of correlation by positioning four principles of bioethics with four images of pastoral care drawing on a range of sources including painting fiction memoir poetry journalism cultural studies clinical journals classic cases in bioethics and original pastoral care conversations What emerges is a form of interdisciplinary inquiry that will be of special interest to bioethicists theologians and chaplains
