

Pastoral Care in Context

An Introduction to Pastoral Care

John Patton

An expert in the field of pastoral care, John Patton demonstrates that pastoral care is a ministry of the church. He focuses on the community of faith as an authorizer and source of care and upon the relationship between the pastor and a caring community.

Patton identifies and compares three paradigms of pastoral care: the classical, which conveys the message of God who caringly creates human beings for relationship and continues to care by hearing and remembering them; the clinical pastoral, which emphasizes experiential and reflective participation in caring relationships as an ideal way to learn about caregiving for self and others; and the communal contextual, which emphasizes the caring community and the various contexts for care rather than focusing upon pastoral care as the work of the ordained pastor.

In the central section of the book, Patton deals with four major problem areas to which pastoral care is addressed. His treatment of these concerns shows how pastoral care not only addresses a particular situation but also is attuned to that situation as an expression of the human condition.

"John Patton has set . . . a cornucopia of . . . core issues upon a theological foundation enriched with a bounty of pastoral illustrations. . . . One of the most searching theological investigations of pastoral ministry. . . . A must for lay and ordained pastors alike."—*Ronald H. Sunderland, Executive Director, Equipping Laypeople for Ministry, Houston, Texas*

JOHN PATTON is Professor of Pastoral Theology, Columbia Theological Seminary, Decatur, Georgia, and Adjunct Professor of Pastoral Care, Candler School of Theology, Emory University, Atlanta. He has written many books on pastoral care and counseling and is Associate Editor of *Dictionary of Pastoral Care and Counseling*.

Christian Theology in Practice Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life Christian Theology in Practice shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller
