Pastoral Novel:

What Is Pastoral? Paul Alpers, 2011-03-15 One of the enduring traditions of Western literary history pastoral is often mischaracterized as a catchall for literature about rural themes and nature in general In What Is Pastoral distinguished literary historian Paul Alpers argues that pastoral is based upon a fundamental fiction that the lives of shepherds or other socially humble figures represent the lives of human beings in general Ranging from Virgil's *Eclogues* to Sarah Orne Jewett's *The Country of the Pointed Firs* from Shakespeare and Cervantes to Hardy and Frost this work brings the story of the pastoral tradition previously limited to classical and Renaissance literature into the twentieth century Pastoral reemerges in this account not as a vehicle of nostalgia for some Golden Age nor of escape to idyllic landscapes but as a mode bearing witness to the possibilities and problems of human community and shared experience in the real world A rich and engrossing book What Is Pastoral will soon take its place as the definitive study of pastoral literature Alpers succeeds brilliantly He offers a wealth of new insight into the origins development and flowering of the pastoral Ann Maria Contarino *Renaissance Quarterly*

The Cambridge Introduction to Modern British Fiction, 1950-2000 Dominic Head, 2002-03-07 In this introduction to post war fiction in Britain Dominic Head shows how the novel yields a special insight into the important areas of social and cultural history in the second half of the twentieth century Head's study is the most exhaustive survey of post war British fiction available It includes chapters on the state and the novel class and social change gender and sexual identity national identity and multiculturalism Throughout Head places novels in their social and historical context He highlights the emergence and prominence of particular genres and links these developments to the wider cultural context He also provides provocative readings of important individual novelists particularly those who remain staple reference points in the study of the subject Accessible wide ranging and designed specifically for use on courses this is the most current introduction to the subject available An invaluable resource for students and teachers alike

Pastoral Themes and Forms in Cervantes's Fiction Dominick L. Finello, 1994 *Pastoral Themes and Forms in Cervantes's Fiction* explores the various pastoral dimensions of Cervantes's art from his early *Galatea* which is a pastoral novel to his masterful *Don Quijote de la Mancha* Dominick Finello here focuses on the pastoral's impact on the composition of *Don Quijote* its rural backdrop of a rustic Spain the literary inheritance of its characters and style its dialogic structure which reflects that of the pastoral novel and the vital stimulus produced by Cervantes's direct observation of the effects of imaginative pastoral disguises and mimetic play on its characters including bucolic games the representation of eclogues and masques and other such diversions The blending of pastoral themes and forms into his fiction has led Cervantes to ring major changes on conventional patterns of the pastoral The pastoral's congenial interaction with the creativity of *Don Quijote* is apparent in the novel's settings and character conception With regard to the settings pastoral style in the *Quijote* focuses specifically on the geographical configuration and rural backdrop of *Don Quijote*'s adventures and eventually places them in the context of the history of pastoral nomadism on

the Iberian peninsula With regard to characters shepherds goatherds farmers and other rural people appear everywhere in the Quijote and Sancho Panza is the leading rustic personage from this group Sancho s felicitous projection of pastoral life reflects his fundamental optimism Don Quijote is linked to the literary shepherd through his discourse on the golden age his imitation of the lovelord shepherd in the Sierra Morena episode of part 1 and the Pastor Quijotiz scheme which signals his demise late in part 2 Dulcinea Don Quijote s beloved is conceived with both the rustic and literary dimensions of the pastoral heroine One of the essential features of the Quijote is its dialogic structure which reflects that of the Renaissance academic colloquium and that of the pastoral novel Another vital pastoral stimulus of Cervantes s art is his direct observation of the effects of imaginative pastoral disguises and mimetic play on his characters The documented social customs involving pastoral mimesis such as eclogues masques and games indicate that pastoral expression and values have been integrated to a significant degree into the fabric of the lives of Cervantes s characters Cervantes s attitude toward the pastoral may be established through direct statements he made about pastoral authors poems and books It may also be constituted through less direct means such as the abrupt conclusion and subsequent disappearance of pastoral stories from the main narrative of the Quijote
