Moral Education for Women in the Pastoral and Pythagorean Letters Annette Huizenga,2013-03-27 In Moral Education for Women in the Pastoral and Pythagorean Letters Philosophers of the Household Annette Bourland Huizenga examines the Greco Roman moral philosophical curriculum for women by comparing these two pseudepigraphic epistolary collections The analysis is organized around four elements textual resources teachers and learners instructional strategies and subject matter Huizenga shows that the author of the Pastorals has adopted nearly all of the pagan aspects of this curriculum but has supplemented these with theological justifications drawn from Pauline literature and traditions The letters attributed to female Pythagoreans have long been suggested as comparanda for the Pastorals but are not well known as sources This volume provides a Greek edition a new English translation and a text history of these letters **The Pastoral Letters as Composite Documents** James D. Miller,1997-08-14 The authorship of the Pastoral letters has been a matter of intense scholarly debate for almost two hundred years The letters clearly purport to be written by Paul but

perceived differences in the literary style vocabulary and theology of the Pastorals when compared with that of the genuine Pauline letters suggests that this was not so. The arguments have centred primarily on the question of whether Paul or a disciple of Paul a gifted pseudonymist composed these letters. It is the either/or nature of the debate that is brought into serious question in this book. Dr Miller argues that the Pastorals reflect a compositional history that was commonplace throughout the ancient Near East. He takes the reader on a wide ranging tour of biblical and extra biblical sources examining their literary histories and arguing that the Pastorals are composite documents not unlike many Jewish and early Christian works.

The Pastoral Letters Revisited: Behavior and Belief Carl Shank, 2018-08-28 This book takes a close look at some of the major themes of the Pastoral Epistles or Letters of the New Testament. Understanding for instance the five faithful sayings recorded in these letters helps us understand godly leadership and life. Knowing how to deal with false and disruptive teachers and leaders helps us order our priorities. God's way. Learning the qualities of Christian leadership protects the Church and world from those who would blindly lead us astray. Finally, learning how to finish well sets our life on a course pleasing to God and helpful to others who follow.

Pauline Language and the Pastoral Epistles Jermo van Nes, 2017-12-11 In *Pauline Language and the Pastoral Epistles* Jermo van Nes questions the common assumption in New Testament scholarship that language variation is necessarily due to author variation. By using the so-called Pastoral Epistles (PE) as a test case, Van Nes demonstrates by means of statistical linguistics that only one out of five of their major lexical and syntactic peculiarities differs significantly from other Pauline writings. Most of the PE's linguistic peculiarities are shown to differ considerably in the *Corpus Paulinum*, but modern studies in classics and linguistics suggest that factors other than author variation account equally if not better for this variation. Since all of these explanatory factors are compatible with current authorship hypotheses of the PE, Van Nes suggests to no longer

use language as a criterion in debates about their authenticity **The Letters to the Thessalonians** Gene L.
