**Moments of Truth** J. Donald Walters, 1995-09-01      Steps Along the Way Diogenes Allen, 2002 In his latest book Diogenes Allen recounts his search for the Providence of God His journey includes reflections on the evolving role of faith in the world an exploration of the anguished and eloquent poetry of George Herbert a reading of the messages of love duty and forgiveness in the stories of Joseph and his brothers and the Prodigal Son and finally a single but moving tracing of his own regrets and joys as a person of faith Whether recounting a simple excursion or unraveling a complex poem Diogenes Allen shows us the pain of loss the wellsprings of joy and the power of a deep and lovingly cultivated faith      **A Mystic Way** Nicholas Hagger, 1994-01-01      **The Path Between the Thorns** Jōshō Adrian Cîrlea, 2021-05-03 I called this book The Path Between the Thorns because for me the 18 years since I became a priest where a constant fighting and struggle against inner and outer obstacles placed in my way by my own delusions as well as proponents of wrong views I am happy to say that despite all these I have never lost my Path and although the thorns sometimes hurt my feet I always knew the right direction to take as Amida Buddha and the true teaching of Shakyamuni and the lineage Masters were always my guiding light      Arc of the Arrow Carolly Erickson, 1998-04 This workbook is designed to help readers uncover and chart the story of their spiritual life The book suggests methods to begin and continue the sometimes arduous work of unearthing the course of one's own spiritual path      **Handbook of Autobiography / Autofiction** Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers      Rudolf Steiner, Fragment of a Spiritual Biography Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff's life's work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the

intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner s incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner s evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner s connection with the being of Jesus of Nazareth and an exploration of Steiner s relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner s most faithful and insightful disciples **Journey in Search of the Way**

J. Neumann,2019-02-07 Paramahansa Yogananda 1893 1952 a Hindu missionary to the United States wrote one of the world s most highly acclaimed spiritual classics Autobiography of a Yogi which was first published in 1946 and continues to be one of the best selling spiritual philosophy titles of all time In this critical biography David Neumann tells the story of Yogananda s fascinating life while interpreting his position in religious history transnational modernity and American culture Beginning with Yogananda s spiritual investigations in his native India Neumann tells how this early global guru emigrated to the United States in 1920 and established his headquarters the Self Realization Fellowship in Los Angeles where it continues today Preaching his message of Hindu yogic philosophy in a land that routinely sent its own evangelists to India Yogananda was fueled by a religious nationalism that led him to conclude that Hinduism could uniquely fill a spiritual void in America and Europe At the same time he embraced a growing belief that Hinduism s success outside South Asia hinged on a sincere understanding of Christian belief and practice By universalizing Hinduism Neumann argues Yogananda helped create the novel vocation of Hindu yogi evangelist generating fresh connections between religion and commercial culture in a deepening American religious pluralism
