**The World of Shamanism** Roger N. Walsh, 2007 This objective exploration of shamanism and its place in contemporary life leaves no stone unturned as Dr Walsh examines shamanistic traditions throughout history and how they intersect with modern psychology and metaphysical studies

**Angels and Demons** Peter G. Riddell, Beverly Smith Riddell, 2007 Spirit beings are fascinating They can be wicked good of dual nature or non-existent They announce accompany heal injure sway charm fight tempt and judge They can bring us closer to or distract us from God In this volume the particular focus is on how angelic and demonic concepts are overtly expressed or are more obliquely reflected in different religions Specific themes covered include spiritual warfare spirit beings and the origin of evil angelic and demonic roles human suffering and spiritual powers use of talismans sacred texts and the practical outworking of beliefs The contributors all Christian scholars mostly write as detached observers of the religious traditions they are describing Nevertheless they do not shy away from taking a stand on controversial issues Here you will find a great diversity of thought some striking thematic similarities and a fascinating view of worlds far removed

eBook begins with some brief introductory material covering how A Course in Miracles came what it is and a summary with charts It is followed by a collection of 33 articles and diagrams I have written over recent years they explore many of the themes found in the Course including the metaphysical and practical teachings At the end of this book you will find two bonus chapters Healing Ourselves and The Ladder of Forgiveness excerpts from two of my other books Healing the Cause and The Findhorn Book of Forgiveness A Course in Miracles has been the inspiration for this book What I have written is my own interpretation of some of the principles in the Course and as such it cannot match the depth and purity of the original teaching If you find my writings of interest I would encourage you to study the Course s teaching for which there can be no substitute

*Forgiveness* Michael Dawson,2011-06 True forgiveness asks us to stop pointing our finger at the people and events in the world as the cause of our pain and turn instead to the unforgiven thoughts in our own minds Here we can create change which will lead to an ever increasing sense of inner peace The book outlines simple practical steps and techniques we can use to help us in our efforts to learn and practise forgiveness with ourselves and others in our daily lives Illustrative case histories and stories of forgiveness and healing are also included as well as methods and approaches for helping others to forgive This book gives a clear framework for understanding the true nature of forgiveness as well as discussing the implications for us when we do aspire to that path In every situation in which we lose our peace we have found a reflection of what is unhealed within us what we have not forgiven ourselves for Our world is a reflection of our consciousness life constantly reflecting back what is in our minds So rather than getting upset when things aren t going the way we would like we can pause and use the techniques in this book to draw our attention to what is going on inside Though the underlying philosophy is inspired by A Course in Miracles this book is applicable to us all and is readily understandable by those not familiar with the Course
