Path Of Brotherhood:

The Path of Brotherhood Mark L. Prophet, Elizabeth Clare Prophet, 2020-01-07 Prior to the Fall men and women lived blissfully in a golden age paradise Their souls evolved in love peace and harmony Everyone embodied the principle of being their brother's keeper In the dark ages that occurred after the Fall souls lost their moorings their sense of unity and oneness with God and became increasingly aware of their sense of separation and outer differences The Path of Brotherhood demonstrates how brotherhood is possible and crucial today It explores a range of topics including spiritual keys to racial unity personal relationships as the means to develop divine love a mystical look at the Twelve Tribes and the Twelve Apostles and much more *The Theosophical Path* Katherine Augusta Westcott Tingley, 1922 *The Path of Christ or Antichrist*

Mark L. Prophet, Elizabeth Clare Prophet, 2020-08-20 Who is Christ Who is Antichrist Both are present in the world as well as within ourselves How do we tell them apart especially when the strategies of Antichrist are subtle and calculated to deceive The Path of Christ or Antichrist provides clarity and insight into the most important choice that we make in life to be or not to be who we really are This is a choice we affirm with each decision large or small that we make in life The authors outline the difference between Christ and Antichrist and hence the choices that we all face on the path to spiritual enlightenment and self mastery They offer new interpretations of the age old battle between light and darkness and how it affects our daily lives along with spiritual techniques to guard our consciousness and direct spiritual light and energy for the blessing and healing of all life

Breaking Intersubjectivity Vivienne Matthies-Boon,2023-02-13 Trauma is commonly understood as Post Traumatic Stress Disorder PTSD Yet as this book explains the concept of PTSD is problematic because it is rooted in a solipsist Philosophy of the Subject Within such a philosophical perspective it is not only impossible to account for trauma s causality but the traumatic event is also prioritised over traumatic social and political structures as trauma is depoliticised as an individual internal cognitive object Rooted in Frankfurt School critical theory this book thus urges us to rethink the concept of trauma trauma should not be understood as impaired subjectivity but rather as broken intersubjectivity Hence it not only presents a critique of the notion PTSD but drawing on the philosophies of Jurgen Habermas Nancy Fraser Rahel Jaeggi and Heideggerian trauma theory in particular it argues that trauma entails the violent imposition of traumatic status

subordination In traumatic status subordination intersubjective parity the counterfactual presupposition of being treated as an equal human being is so violently betrayed that the symbolic realm of the lifeworld collapses As the lifeworld collapses one suffers an atomized state of speechless disorientation wherein the potential of creative collective becoming is destroyed In this sense human induced trauma should thus be understood as a political tool par excellence As this monograph indicates traumatic status subordination was a tool which the Egyptian counter revolutionary actors consisting of the Egyptian military and its temporary subsidiary the Muslim Brotherhood used unsparingly as they attempted to put the revolutionary genie back into the bottle Importantly the Egyptian military not only sought to destroy the object of revolutionary politics but rather the underlying existential structures of the possibility of its very existence as such And thus in the violent instrumental pursuit of economic and political power the counter revolution inflicted multileveled status subordination It did so through a consistent tripartite structural mechanism the infliction of grave deadly violence the procedural colonisation and repressive juridification of the public sphere and the acceleration of neoliberal economic rationalism This not only accumulated in Sisi s prisonification of society and his politics of death but rather also threw activists ever deeper into an atomized state of demoralized silence as it destroyed the very potential of revolutionary and transformative becoming

The Dawn of the New Cycle W. Michael Ashcraft, 2002 In considering a group that identified with Victorian American culture and its anxieties while adhering to an occult worldview that most of their contemporaries found strange if not dangerous the book explains why these middle class Americans found Theosophy so persuasive and why they left family and friends behind to take up residence at this California settlement
