Chun associate dean Graduate School of Public Administration Seoul National University **Policing China** Suzanne E. Scoggins, 2021-06-15 In *Policing China* Suzanne E Scoggins delves into the paradox of China's self projection of a strong security state while having a weak police bureaucracy Assessing the problems of resources enforcement and oversight that beset the police outside of cracking down on political protests Scoggins finds that the central government and the Ministry of Public Security have prioritized stability maintenance *weiwen* to the detriment of nearly every aspect of policing The result she argues is a hollowed out and ineffective police force that struggles to deal with everyday crime Using interviews with police officers up and down the hierarchy as well as station data news reports and social media postings Scoggins probes the challenges faced by ground level officers and their superiors at the Ministry of Public Security as they attempt to do their jobs in the face of funding limitations reform challenges and structural issues *Policing China* concludes that despite the social control exerted by China's powerful bureaucracies security failures at the street level have undermined Chinese citizens trust in the legitimacy of the police and the capabilities of the state ECEG2007-Proceedings of the 7th European Conference on e-Government Dan Remenyi, **Knowledge and Entrepreneurship in Public Policy** Christopher J. Coyne, Abigail R. Hall, Eileen Norcross, 2023-11-17 Understanding entrepreneurship as alertness to potential profit opportunities and the activities involved with bringing those opportunities to life and public policy as laws regulations and activities of government this volume analyzes the intersection of the two to show how public policy influences entrepreneurship Using a mix of theoretical and applied research the contributors argue that policies which incentivize productive entrepreneurship will advance economic well being but that the passage of such policies depends in large part on the availability and usage of economic knowledge by policymakers If policymakers lack the relevant economic knowledge to achieve their desired outcomes policies will be ineffective in incentivizing productive entrepreneurship The Public Administration Theory Primer H. George Frederickson, Kevin B. Smith, Christopher Larimer, Michael J. Licari, 2018-04-17 *The Public Administration Theory Primer* explores how the science and art of public administration is definable describable replicable and cumulative The authors survey a broad range of theories and analytical approaches from public institutional theory to theories of governance and consider which are the most promising influential and important for the field This book paints a full picture of how these theories contribute to and explain what we know about public administration today The third edition is fully revised and updated to reflect the latest developments and research in the field including more coverage of governments and governance feminist theory emotional labor theory and grounded research methodology Expanded chapter conclusions and a brand new online supplement with sample comprehensive exam questions and summary tables make this an even more valuable resource for all public administration students
