Ying Liu

Public Opinion In America And Japan How We See Each Other And Ourselves:

Rethinking Japanese Public Opinion and Security Paul Midford, 2011-01-24 Rethinking Japanese Public Opinion and Security argues that Japanese public opinion matters and has acted to prevent overseas military deployments involving combat while increasingly supportive of a more normal military establishment capable of autonomously defending Japanese territory

Japanese Public Opinion and the War on Terrorism R. Eldridge, 2016-03-01 In this volume the contributors argue that the events of 9 11 and the subsequent war on terrorism have had big implications for Japan These events have called into question the assumptions and limits of Japan's war renouncing constitution

The U.S. and the Two Koreas Tong Whan Park, 1998 Presents revised and updated papers from a March 1997 conference held at Northwestern University in Evanston Illinois Papers investigate the new relationships emerging among Washington Seoul and Pyongyang in which political military and economic variables interact in a new way Subjects include South Korea's nuclear option US North Korea economic relations US public opinion of the two Koreas and Japan and China's responses to changing developments in Korea

Between Understanding and Trust Meinolf Dierkes, 2005-06-28 This book identifies and analyses the public understanding of science and technology and makes an important new contribution towards restoring public faith in scientific authority

Public Opinion in America and Japan Everett Carl Ladd, Karlyn H. Bowman, 1996 How do Americans and Japanese see each other This book examines American and Japanese public perceptions of economic and military relationships attitudes towards family work and women's roles and satisfaction with democracy Of special interest to the authors is an idea offered by Alexis de Tocqueville who argued that the whole planet would experience a revolution in which older hierarchical cultures would be replaced by more egalitarian individualist and democratic ones such as that of the United States The authors believe Japan is moving in this direction but they reject the notion that the two societies are becoming the same

On the Record Re Japan, 1994

[Charting a New Diplomatic Course](#) Cecil V. Crabb, Jr., Leila S. Saredine, Glenn J. Antizzo, 2001-08-01 America's victory in the Cold War is a milestone in the nation's diplomatic experience The disintegration of the Soviet Union and the defeat of communism have made containment policy the foundation of U S foreign relations for almost a half century obsolete and policymakers and political scientists alike struggle to decide what new strategy should guide the country's involvement on the international stage In this pathbreaking work Cecil V Crabb Jr Leila E Saredine and Glenn J Antizzo identify and analyze six distinct approaches to America's diplomatic course after the Cold War addressing perhaps the most important question of our time what should U S foreign policy be in the twenty first century First the authors examine the familiar doctrine of American isolationism and consider an alternative approach conservative neo isolationism which encourages policymakers to use careful discrimination but decisive action in assuming commitments abroad Liberal neo isolationism a third possible course resists active interventionist strategies because of the dangers they pose to congressional power and America's democratic system At the

opposite end of the spectrum are conservative interventionism the belief that America must maintain a strong military arsenal and engage in preventative diplomacy liberal interventionism the conviction that America has a responsibility to actively promote the cause of democracy and defend human rights beyond its own borders and pragmatic interventionism an approach taken by the Clinton Administration that relies on a cost benefit analysis of policy as problems arise Elegantly written and authoritatively researched Charting a New Diplomatic Course provides a much needed frame of reference for anyone interested in America s future in international affairs The Unpredictability of the Past Marc Gallicchio,2007-08-21 Collection explores the formation and uses of memory about the Asia Pacific front of World War II considering how it continues to shape political and diplomatic discourse **Public Opinion** ,1863 East Asia And The Pacific Robert G. Sutter,2019-03-04 As the cold war ends the United States is being forced to reassess the dominant role it has played in East and Southeast Asia and the Pacific during the decades that followed World War II Bringing readers up to date on policy trends in the area the author provides a general overview as well as detailed analyses of key issues in individual nations and regions The author concludes by placing these regional developments in the context of the ongoing debate in the United States over an appropriate foreign policy in the post cold war world

Right here, we have countless ebook **Public Opinion In America And Japan How We See Each Other And Ourselves** and collections to check out.
